*When You Catch Cold*

YOU will obtain quick relief from the annoying symptoms by using

BAUME ANALGÉSIQUE BENGUÉ

the famous French Baume originated by Dr. Jules Bengué of Paris.

Follow the directions that come with each tube, which tell you how, easily and quickly, to secure the desired results. The soothing, healing and refreshing effect is delightful, and is only obtained through the use of the original French product.

At almost any drug store in the United States, in spite of war conditions.

Cuticura Soap Ideal for the Complexion

Soap 25, Ointment 25 and 50, Talcum 25. Sample each free of "Cuticura, Dept. E, Boston."

The Greatest Medical Authorities in the World have made public statements in which they indorse the value of such ingredients as are contained in Father John's Medicine.

These great physicians say in substance that these ingredients "are beneficial notably in wasting diseases and those maladies which are connected with or have their origin in colds and in debilitating and wasting diseases."

To detail here the statements of these various authorities would require too much space, but if you desire to see these statements in more complete form, write to Father John's Medicine, Lowell, Mass., and we will be glad to give the names of the authorities quoted, with brief excerpts from their public statements.

Father John's Medicine is a pure and wholesome body builder, contains no alcohol or dangerous drugs. Best for throat and lungs.—Advertisement.

**Children's Coughs**

may be checked and more serious conditions of the throat will be often avoided by promptly giving the child a dose of safe

**PISO'S**

# COMMITTEE READY WITH REVENUE BILL

## Revision Completed and to Be Reported in Senate Next Week.

Report of the war revenue bill to the Senate next week was practically assured when the Senate finance committee last evening completed revision of the measure. In its final form the committee bill is designed to raise about $6,000,000,000 in 1919 and $4,000,000,000 in 1920. As the bill passed the House it was designed to raise $8,000,000,000 in 1919 and there was no time limit upon the taxes. The approach of peace has brought about the change.

Chairman Simmons said today he believed debate on the bill in the Senate would begin next Saturday or the following Monday. The opposition of the republicans to fixing taxes for 1920 will lead to a prolonged debate, it is expected, and no one today was willing to predict the date when the bill would pass.

### Next Year's Collection Concerns.

In view of the expected delay, Senate leaders and Treasury Department officials alike are concerned over the question of collecting taxes next year, as it is now admitted that unless the new law is enacted before January 1 collections must be made under the present revenue bill, the yield from which is only about four billions of dollars. Several expedients, including adoption of emergency legislation, incorporating some of the features of the pending bill, are under consideration.

Senator Simmons said that he doubted whether the republicans would file a minority report attacking the 1920 tax program, and added that they might content themselves with making vigorous opposition to that proposal on the floor of the Senate.

Some senators believe the second-class postal rate amendment adopted yesterday will be vigorously opposed by publishers, who have disapproved any zone system of postal rates as unjust and discriminatory. Long debate on the subject in the Senate now is anticipated.

### Tax on Child Labor Products.

Another amendment adopted and expected to cause much debate imposes a tax of 10 per cent on products of child labor which are trasported in interstate commerce. The amendment is designed to accomplish the purposes of the law, recently declared unconstitutional by the Supreme Court, under which products of child labor were barred from interstate commerce.

Amendments rejected yesterday by the committee included one by Senator Thomas of Colorado levying a tax of 100 per cent on campaign contributions in excess of $500, and another by Senator Smoot of Utah imposing a tax of $2.50 and $5, respectively, on each male and female dog.

The committee yesterday also decided to make no increase in the present tax of 10 cents on the dollar of admissions to theaters.

# FOUR PORTS SELECTED FOR DEBARKING TROOPS

## Returning of American Armies From Abroad to Consume Best Part of a Year.

Boston, New York, Newport News, Va., and Charleston, S. C., are the ports the War Department plans to use for the return of the Army from overseas. Even with this wide distribution of the strain on port facilities and transportation, however, and with German ships now idle in German harbors employed on the task, careful estimates show that the last of the Army could not possibly reach the United States in less than eight months.

These estimates have been made wholly on the basis of the physical difficulties to be overcome and do not take into consideration the question of the retention in Europe for some time of an American force which may be agreed upon at the peace conference. If the return movement, already in progress, is continued at full speed, the last division in all probability could not reach the United States before October, 1919.

### Hun Ships May Return U. S. Men.

PARIS, November 29.—Plans by which American troops can be returned home with reasonable promptness are being worked out in connection with the visit of Edward N. Hurley, chairman of the American Shipping Board. It is believed here that the most feasible plan for accomplishing this is for the allies to agree to the use of part of the large amount of German tonnage now lying idle in German ports.

# LIBERTY CABBAGE EATEN BY YANKS IN BELGIUM

## Sauerkraut Left by Retreating Germans Served at Many American Army Messes.

By the Associated Press.

WITH THE AMERICAN ARMY OF OCCUPATION, November 29 (by courier to Nancy).—"Liberty cabbage," made in Germany and there still known as sauerkraut, has been served at many American Army messes during the week, five carloads of the tasty edible having been left behind by the withdrawing German army. The Americans, on entering Arlon, Belgium, last week, found a well stocked supply depot which the Germans had left intact owing to the confusion of the retirement and lack of transportation. The five freight cars were loaded with barrels of the pickled cabbage, each barrel weighing 300 pounds. It is now being distributed among the messes of the various divisions.

In addition to the "liberty cabbage" the Americans also took possession of several carloads of potatoes, many tons of turnips and other perishables. These also were distributed, and aided many mess sergeants in serving Thanksgiving dinners to the American troops.

A distinctive wartime development in English industry has been the establishment of woman police forces in factories where women are employed.

### Honest Advertising.

For the protection of its readers, The Star carefully censors all advertising submitted for publication, and, so far as is possible, bars all false and fraudulent statements.

Readers are requested to assist The Star in protecting the public and all legitimate advertisers by bringing to the attention of the paper any statement that they might find to be fraudulent.
