FOOD-SAVING WEEK APPEAL IS VOICED

Administrator Hoover Cites Necessity for Conservation for World Relief.

America has entered upon seven days of earnest and intense food conservation. This period of food saving, designated officially as "food conservation week for world relief," opened yesterday with an urgent appeal from Food Administrator Hoover, which was read from the pulpits of churches throughout the land.

In Washington this keynote of the administration's food program was sounded in practically every house of worship. Throughout the week there will be numerous meetings and rallies and the inauguration of movements to aid the nation in its gigantic undertaking of feeding more than 300,000,000 people in Europe and the east. The National Capital is anxious to set its usual exemplary example of patriotism.

Administrator Hoover, who now is abroad arranging for food supplies for the populations of Europe, declares that the people of the United States now have opportunity for renewed service to mankind by helping through conservation of food to bring relief to the hundred millions in northern France, Belgium, Russia, southern Europe, Poland and Armenia.

Helpless for Another Season.

These people must be fed, and until another season has passed they can not feed themselves, Administrator Hoover contends.

In the interest of food conservation a large meeting will be held at the Central High School tomorrow afternoon. It will be attended principally by teachers of the public and private schools of Washington. A similar meeting will be held tomorrow afternoon at the Miner Normal School.

Tomorrow night there will be a joint meeting of all the community centers at the high school. At the same time a meeting of the same character will be held at the Dunbar High School.

The Central High School will on Wednesday afternoon be the scene of another food meeting. It is to be known as the "women's rally." Next Friday night a public meeting will be held in the bandroom of the district building. This meeting will be held under the auspices of the Citizens' Food Council.

GERMANS MUST QUIT RHINE IN EIGHT DAYS

500,000 Marching From Russia Through Rain and Snow, Pillaging as They Go.

PARIS, December 2 (Havas).—Eight days remain for the Germans to evacuate the left bank of the Rhine from lower Alsace to Holland. French and allied forces which crossed the German frontier yesterday have received strict instructions as to their attitude toward the German population in the occupied territories. France will be represented by contingents in all enemy territory, according to an announcement.

PARIS, December 1 (Havas).—German troops which have been occupying Russian territory are returning to Germany under great difficulty, according to a dispatch from Copenhagen. One detachment of 1,000 men marching from Lodz, seventy-five miles southwest of Warsaw, was attacked by the Poles, and only succeeded in reaching the German border after undergoing severe hardships.

The German army of 500,000 men is being forced to march homeward through snow and rain. The men cannot use the railroads, because the Russians returning to their own country have taken over all the rolling stock. The Germans are pillaging as they pass through villages, the inhabitants taking flight as the soldiers approach.

Abe Martin Says:

Stayin' fer dinner when you're invited is jest like pickin' money off a rosebush.

After a promoter gits through talkin' t' us we allus wonder why he don't keep all th' stock himself.
