HOME DYEING MADE EASY.

HANDSOME COLORS THAT NEVER FADE.

It's Easy to Dye with Diamond Dies—Black for Cotton, Wool and Silk that Does Not Crock—Makes Old Cloaks, Gowns, and Suits Look Like New.

"It is really marvelous," said a Kansas avenue druggist, "how the hard times have increased the sale of diamond dyes. Ladies buy one package as an experiment, and find the dye so easy to use that they color all their old clothing, and come out with new gowns, cloaks, and suits for the whole family. The diamond black dyes seem especially popular, I often selling half a dozen packages to one customer."

For more than ten years diamond dyes have been the favorite family dyes in Topeka, and although imitation package dyes have been offered for sale, on account of their inferiority to the diamond in strength, fastness, and beauty, they could not get any lasting sale.

Diamond dyes are put up in over fifty different colors for wool and silk, with special dyes for cotton. Their fast black dyes are so simple and easy to use that even a child can dye a perfect color with them, one that will not fade, crock, or wash out. There are three different kinds (for wool, for cotton, and for silk and feathers), and they all make a full, rich black equal to the handsomest shade made by the professional dyer.

THAT MATTOX ESCAPE.

Government Examiner Haskell to Begin His Examination Next Week.

United States Attorney W. C. Perry and J. Monroe Heskell, special examiner of the department of Justice, will go to Wichita next week and take evidence in the investigation of the escape of Cloda Mattox.

Mr. Perry arrived in the city last night and has been in consultation with Mr. Heiskell this morning relative to the investigation, and to a JOURNAL reporter he said: "We shall make a thorough examination of the case and begin the work probably next Tuesday in Wichita.

"There is no doubt that Mattox had some assistance in making his escape and it is this information that we are after. I believe that our efforts will not be fruitless. We shall take the testimony of every one who has any knowledge of the affair and make full reports of such findings to the department of justice."

Marshall's Band Opening.

Marshall's military band's new rooms at 534 Kansas avenue, will be formally opened this evening. Mrs. Geere Parkhurst will sing, Watron's orchestra will play, and several piano solos will be rendered by members of the band. The rooms occupy the entire upper story of the new building at 534 Kansas avenue.

GUS WILLIAMS TONIGHT.

At Leavenworth Sager Midgley Said to be the Funniest Man Ever Seen.

Gus Williams in "April Fool," is the attraction at the Grand opera house this evening. The play was given at Leavenworth Sunday evening. The Leavenworth Standard says of it:

"Gus Williams is always funny and entertaining, but this season he has the most substantial support he has ever had. His "April Fool" was enjoyed at Crawford's last night by an unusually large and enthusiastic Sunday night house. The piece has been greatly improved by putting better people in the cast. Sager Midgley as "Sammy Kriggs," mamma's pride and joy, kept the house convulsed with laughter and was applauded to the echo. He is the best ever seen in a similar role in Leavenworth. Charles Burroughs, besides doing three or four changes, whistled a solo in an accomplished manner and was encored. Miss Lillian Elman did some excellent singing, and had to respond to an encore. Gus Williams, of course, made everybody laugh."

On Saturday evening at the Grand Al G. Field's Columbian minstrels will play a one night's engagement. Included in the cast are the Alvarez family, known as the musical "Barbers of Seville"

The cast is said to include some excellent tenors and the specialty artists are said to do excellent work.

On Monday evening "Side Trackel" will be the attraction at the Grand opera house and the Corse Peyton comedy company opens a week's engagement at the Crawford.

VITAL STATISTICS.

Almost Impossible to Get Figures Says Dr. Dykes.

Secretary Dykes of the state board of health, has submitted to the attorney general the question of the legality of the act compelling physicians to report births and deaths to the local health officers.

The state board of health has decided that if the act is found legal, they will prosecute every case of refusal to report.

Secretary Dykes says the board is almost powerless to enforce the law because they do not want to pay the costs of a case if submitted to the courts and the act found illegal, but if the attorney general says the act is legal then the board will prosecute every case of violation.

The physicians who refuse to report the cases say that the act is illegal, because it compels them to perform work without any pay.

Officer Summers picked him up and carried him into the shop, where he was revived. He said he was subject to these attacks, and that they came three or four times a year. He attributes them to an uncurbed jaw.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
