COURT OF COMMON PLEAS—Before Judge Daly.—*Alex. M. Bruen* vs. *Wm. W. Chester*—To recover $500 on a draft drawn by John S. Taylor and accepted by Mr. C. The defence is that it was discounted in this City by the Commercial Bank of New-Jersey, which being an out-of-the-State Corporation, had no right to do business here; also, that usury was exercised in taking 7 per ct. interest, giving the said out-of-the-State money at par, when it was not so. To meet this it was contended that the draft was cashed individually by Mr. Bruen. To be continued this forenoon.

KIDNAPPERS ARRESTED.—The Mayor of this city had before him on Thursday evening last, Eben Preble, Captain; George H. Green, mate; and Seawell Gove, cook—all belonging to schooner Atlantic, from Richmond, bound to Bath, (Me.) and put into this port to finish loading.

The facts disclosed in the investigation were, we learn, that the Atlantic was towed down to City Point by the steamer Ben. Shepherd, Capt. Skinner. That on her arrival at the Point, the Captain having occasion to go into the forecastle, greatly to his surprise discovered two negro men stowed away therein—this fact he at once communicated to Capt. Skinner, who promised him that if he would confine them until the morning he would carry them back in the steamer, which he accordingly did.

That Capt. Skinner having returned to Richmond, and the schooner having proceeded on to and arrived at Norfolk, Mr. Charles Hill, the agent of the owners of the slaves, came on to Norfolk and lodged a complaint with the Mayor against the parties, who, being arrested as before stated, the above facts were disclosed, together with the important one that Gove, the cook, who is a white youth of 18 or 19 years of age, was privy to and connived with the negroes to make their escape. The Mayor, very properly, on the complaint of Mr. Hill, ordered the parties to Richmond, and they will accordingly leave this morning in charge of the Sheriff.

The negroes were the property of Mr. Wm. L. Garry and W. W. Harris. [Norfolk Beacon, 19th.

A DISCARDED CARD-PLAYER.—M. Gudin, an officer in the royal household of Louis Philippe, has been banished to this country for cheating in cards. So our republican imitators of royalty must look out. His tricks had been a good while suspected, and it is said that the Duchesse d'Aumale, one of the Princesses, remarked to him one day, "You are very lucky, sir; but take care, you are watched."

He was watched. On the Saturday of Chantilly, he was invited to a grand party at *lansquenet*, a game in which there is a particular temptation to cheat by adding cards. He won three hundred *louis* and retired, alleging that his duty called him to the prince, but he would return as soon as he should be disengaged. As soon as he was gone, the cards were counted which he had been dealing and it was found he had added several. To trap him, another pack was counted and the number set down and certified. On his return they were delivered to him and he played with his usual success. When he had exhausted the cards, the spokesman of the party said to him, "Sir, these cards were counted in advance. We suspect you of having added to them." On recounting it appeared he had added twenty-six! The next morning he had the hardihood to present himself on duty at the chateau, when the prince ordered him to send in his resignation in a quarter of an hour and leave immediately for America. Such an immigrant as this, we think a fair subject for Native American indignation. Let him be sent back to the Christian Princes who educated him.

The *Siècle* says the "culprit was pushed into the fatal road to satisfy the prodigality of a lioness—who belongs neither to the Opera, nor to the parish of Notre-Dame-de-Lorette, as some vulgar souls might suppose, but who herself, also occupies a brilliant position in the most aristocratic society." [Boston Chronotype.

THE BRIG CARMELITA.—The American Consul at Barcelona, in a letter to the Department of State, says that Capt. Littlefield and the crew were returned to their own vessel on the 8th of May, and since then remain at perfect liberty.

The Spanish Government having ordered a regular investigation to be made regarding the alleged nationality of the flag, crew and owners of the privateer, the inquiry was going on. In consequence of it, the Mexican flag was hauled down from the privateer's mast, the Captain and men placed in prison and the vessel handed over to the care of the Spanish Royal Navy until the result be made known.

DESTRUCTIVE FIRE.—Last evening a fire broke out in the coach making establishment of Messrs. Fallon & Wright, No. 133 North Second st. We regret to learn that Mr. Fallon was badly burned in attempting to save his property. The loss of himself and partner is heavy, amounting probably to $15,000 or $20,000. A number of very fine carriages were burned, beside an immense amount of stock. [St. Louis Reveille.

☞ The extraordinary fact of a black woman turning white has recently occurred at Cairo. The woman is married to a black soldier belonging to Ibraham Pasha's guard, and, according to the evidence brought forward, it is during the last two years that her black skin peeled off by degrees and without any inconvenience to herself, and has been replaced by a white skin. Her features distinctly belong to the Ethiopian race, and her flat nose, thick projecting lips, woolly hair, peculiar cheek bone, accent, and the shape of her feet, all denote her origin. Five European medical men at Cairo have certified to the above facts.

☞ The Connecticut House of Representatives have passed a bill granting a charter for the establishment of a Railroad from New London to Norwich, on the West bank of the Thames, thence to Willimantic, and from that point to the Massachusetts line, in the direction of Springfield.

The rates of premiums conform with the usage of other similar Institutions—for the convenience of parties insuring who would prefer to pay the premiums by installments, it is left to their option when the premium exceeds $25, to pay one-half in cash, and secure payment of the residue in 12 months, by an approved note bearing interest at 6 per cent.

The lives of married men may be insured for the benefit of their wives and children, so that upon the decease of the insured the wife if living, or if not, then his children will receive the amount payable by the policy, free and clear of any claim by the creditors of the deceased.

THE KNICKERBOCKER Fire Insurance Company of New-York—Capital $250,000. Office 64 Wall-st.—The Legislature of this State at its late session passed an act changing the corporate name of the old "Mutual Insurance Company of the City of New-York," to Knickerbocker Fire Insurance Company of New-York. All future business of that Corporation will therefore be transacted under its new name.

It may be well to add, by way of explanation, that the old "Mutual," notwithstanding its title, was in fact a Stock Company, having capital all paid in and securely invested, and that the change of name was obtained to prevent misapprehension on that point.

This Company continues to insure against risks or damage by fire on as favorable terms as similar institutions in this city.

DROWNED—LOST—SHIPWRECKED.—These expressions daily occur, in calling attention and sympathy for human beings lost—and by their own culpable negligence in many cases, in omitting to provide themselves with Life Preservers. Boys are going to be drowned this Summer—their parents do not buy them life preservers—the little fellows "will go into the water," and many may be saved by a life preserver. A VERY IMPORTANT COMMUNICATION

TO ALL PERSONS IN ALL PLACES,

At all times,

AND

UNDER ALL CIRCUMSTANCES!

IF YOU ARE SICK, get cured; if well, employ measures to continue so. Every individual indulges in habits, which must, to a greater or lesser extent, disarrange the admirable and intricate combinations which form the system, and consequently

EVERY INDIVIDUAL

should possess some mild, yet efficacious, simple and accredited agent for preserving all the functions of the body in good order.

DR. WOOD'S

SARSAPARILLA AND WILD CHERRY BITTERS

will achieve this result, and should be in every family, and in the hands of every person, who, by business, profession or general course of life, is predisposed to the very many little ailments that render life a curse, instead of a blessing, and finally result, in their aggregated condition, in the cause

OF DEATH.

The Bitters here mentioned are compounded by a man of great skill and knowledge, from the simples Nature presents to those who care to find them, and which are the only reliable antidotes to the poison of disease. The chief ingredients are the universally-beloved *Sarsaparilla* and the *Bark of the Wild Cherry Tree*, with which the red man of the forest cures nearly every disease of the internal system. These materials, though powerful in their action, are as common as water.

ENTIRELY HARMLESS;

and prepared as they are here, one of the *greatest medical specimens in the inhabitable globe*. By taking these Bitters, the *sere leaf* may be restored to beauty, and avoid the sharp knife of the surgeon; for they not only eradicate pimples and tumors, but consequently

CANCER AND KING'S EVILS!

Whoever has experienced the horrors of Constipation, should at once purchase this *sure remedy*. In the train of Costiveness follow dreadful local congestions, oftentimes insanity, very frequently mania or hypochondria, violent headaches, palpitations, and other affections of the heart, and rheumatic swellings. Dr. Wood's Compound is one of the most efficient medicines in routing these complaints, and their fountain head, that can possibly be procured.

From being used in close rooms, and from taking a small modicum of exercise, numerous persons daily are made to deplore a *loss of appetite*, painful headaches, weakness of the muscles, *languor*, want of energy sufficient to permit them to seek recreation, &c. &c. These persons say for years, that they "don't feel very well." If they do not employ a medicine which they can feel cures WELL, they eventually sink under a severe fit of illness, and are

only by a miracle, and even then the *taint, lurch, blister
