Proposals for the Construction of a System of Sewerage in Sewer District No. 16, City of Topeka.

CITY CLERK'S OFFICE,
CITY OF TOPEKA,
March 29, 1894.

Sealed proposals will be received at this office until April 2, 1894, at 9 o'clock p. m., for the construction of a pipe sewer with all the necessary appendages, complete along certain streets, avenues and alleys contained in and constituting sewer district No. 16, in the city of Topeka, and fully described in ordinance No. 4646, approved the 16th day of August, 1893, and as provided in ordinance No. 4707, approved March 17, 1894.

All work necessary to complete said system of sewerage in said sewer district No. 16 as aforesaid to be done in strict accordance with the several plans and the specifications duly approved by the mayor and council of said city, and now on file in the city engineer's office of the city of Topeka, and all of said work to be done under the supervision and directions of the city engineer or other authorized person designated by him.

Payments for all or any said work to be made on proper estimates of the city engineer, and subjected to the mayor and council of said city for further action, either in special improvement bonds issued by the city of Topeka, according to law governing the issuance of the same, or in cash, as the mayor and council may elect.

All proposals must be strictly observed and conform to the following instructions to bidders, to-wit:

INSTRUCTIONS TO BIDDERS.

1.—Proposals under different names will not be received from one firm or association.

2.—The city reserves to itself the right to reject any or all bids or parts of bids which may not be advantageous to the city.

3.—Each bidder will be required to deposit with the city clerk to the credit of the city of Topeka a certified check of deposit for two hundred dollars, that he will enter into contract, if awarded to him, according to the terms of his bid, within five days after the certification of the award.

4.—In all bids made by a firm, the individual names of the members must be written out and must be signed in full, giving the christian names, but the signers may, if they choose, describe themselves in addition as doing a business under a given name and style as a firm.

5.—The place of residence of every bidder, with country and state, must be given, after his signature, which must be written in full.

6.—Any bid or proposal as presented by agent of another or others, must be with a legal evidence of his authority to do so.

7.—Alterations by erasures or interlineations should be explained or noted in the proposal over the signature of the bidder.

8.—All prices must be written as well as expressed in figures.

9.—Proposals should be addressed to the city clerk, city of Topeka, and marked "Proposals for the construction of sewers in district No. 16, in the city of Topeka," together with the signature of the individual or firm bidding.

10.—Proposals must be made in full conformity to all the specifications.

11.—Four per cent of the contract will be deducted and retained by the city for expenses of engineering.

All the necessary blank forms of proposals, bonds, also specifications, will be furnished by the city engineer upon application, and no bid will be considered except those made on and executed upon said blanks so furnished and presented at the time hereinafter mentioned.

[SEAL.] S. S. McFARLAND,
City Clerk.

[First published on the 30th day of March, 1894, in the official city paper.]

Ordinance No. 68.

AN ORDINANCE granting to the Topeka Harrison Telephone and Electrical company and its successors and assigns the right to erect, operate and maintain telephone lines in the city of Fort Fowle Place, Shawnee county, Kansas.

Be it Ordained by the Mayor and Councilmen of the City of Fort Fowle Place:

SECTION 1. That there be and is hereby granted to "The Topeka Harrison Telephone and Electrical company" and to its successors and assigns, the right to erect, operate and maintain telephone poles, lines, insure, manholes and wires along, in, through and across any public grounds, avenues, parks, streets, alleys, bridges and roadways in the City of Fort Fowle Place, and to establish and transact business of a telephone company in said City of Fowle Place.

SEC. 2. The lines of poles and wires shall be so placed as to not interfere with the public use of the public grounds, parks, avenues, streets, alleys, bridges and roadways. Trees and poles shall be set in the alleys, except as otherwise authorized by the mayor and council, and shall be located as near the sides of the alley as practicable and in such manner as to least inconvenience the public or adjoining property owners, but in no case to be so placed as to obstruct the drainage of the streets or interfere with any sewer or other work of improvement.

SEC. 3. That the said company shall severly bolt one side of any avenue sewer, sleep, bridge or culvert and shall be placed at a distance of ten feet from the wires of any and all other lines now connected and in operation, or any fire alarm, telegraph, telephone or electric light and that the lines of all other companies hereafter to be erected shall be placed at the said distance of ten feet apart, and at the request of the mayor, and council, upon request to be designated by the mayor, of other lines and poles, where there shall be any liability of interference or danger by the proximity of lines, and he is authorized to adjust and designate the places of such poles and wires, with the right to direct such changes as to him may be proper and expedient to be made, and at the cost of the owners of the lines to be so changed.

SEC. 4. Said company shall save the city harmless from all costs, damages and expenses, for the payment of which the city may become liable by reason of the grant in any construction, operation or maintenance of any or said lines, or by reason of its failure to perform or comply with any of the provisions of this ordinance; and it shall be required, on request of the city marshal, to remove any such poles, on four hours notice, any of the wires, necessary to be removed, to permit the moving of houses, the reasonable expenses to be first paid by the mover.

SEC. 5. The rights and privileges hereby granted shall be for the period of twenty years, and the said company shall in writing within thirty days from the passage of this ordinance, file with the city clerk its acceptance of its provisions.

SEC. 6. This ordinance shall take effect and be in force from and after its acceptance and publication in the official city paper.

Passed the common council March 6th, 1894.
Approved, March 6th, 1894.

JAMES A. TROUTMAN, Mayor.
[SEAL.] Attest: H. S. BUNDER, City Clerk.

WHOLE TOWN DESTROYED

Entire Business Portion of Barry, Ill., Consumed By Fire.

QUINCY, Ill., March 30.—Fire today destroyed upwards of fifty buildings embracing almost entire business portion of the city of Barry in Pike county, about thirty miles from here. The loss is estimated at $200,000.

WATCHED HIM DROWN.

Four Hundred People See John Horton Fall Into the Rivers at Spokane.

SPOKANE, Wash., March 30.—John Horton, a carpenter at work on the new Post street bridge fell into the Spokane river above the main falls yesterday afternoon and swept down to death.

He made a gallant fight for life, cheered by 400 people on the shore and bridge, but it was hopeless. The swift current pulled him into the cataract and there he was quickly pounded to death. His body has not yet been recovered.

Younger Boys for the Navy.

WASHINGTON, March 30.—Commodore Ramsey takes exception to the provision of Secretary Herbert concerning the selection of officers of the navy for retirement and suggested that a selection for promotion would be better. He also advocated a change of the age at which boys could be admitted to the naval academy, and expressed the opinion that it should be lowered to fourteen to sixteen.

LATEST

IT DOESN'T PAY.

The Attempt to Make Rain by Means of Loud Noises.

WASHINGTON, March 30.—Secretary Morton has received a large number of inquiries from all parts of the country as to the results of the department's rainfall experiments and the feasibility of controlling precipitation by means of explosions. The following circular is being sent by the department to all inquiries:

"Replying to your letter as to rainmaking experiments, I have to inform you that in no case did they pass the experimental stage, and that prospect of ultimate success is not such as to justify farmers, or other citizens in rainmaking experimentation. In this determination, judgment and opinion, I am supported by the scientists and other alleged experts in meteorology connected with the United States weather bureau.

"The bombardment of the skies for water, as carried on by this department, did not produce results calculated to inspire the hope that any method of concussion can be made commercially successful in precipitating the moisture from the clouds."

SILVER RIDER TO TARIFF.

Senators Claim to Know Nothing About It.

WASHINGTON, March 30.—A rumor gained currency about the capitol to the effect that the veto of the seigniorage bill would be taken advantage of by the silver men to attempt to secure an amendment to the tariff bill by adding a provision for free coinage, but senators of all shades of opinion when asked if there were any foundation for the report, said there was not to their knowledge.

Senator Quay, who has presented an amendment to the tariff bill providing for free coinage, said that the veto might make an impression upon the Democratic senators to influence them to agree to an amendment, but he had heard of no movement among them in that direction. Senator Gray, representing the anti-free coinage Democrats, Senator Pugh of the free coinage element, and Senator Dubois of the free coinage Republicans all agreed that there was no understanding to this effect.

Senator Gray did not believe such a thing would be undertaken, and Senator Dubois said if it should be it was too early to formulate any plan.

WHO FILL THE PRISONS?

Largely the Foreigners According to the U. S. Census Statistics.

WASHINGTON, March 30.—The census statistics show that there are 28,440 white convicts in the penitentiaries of the United States who know where they were born.

Of these 13,706 are native of this country and 14,725 were born abroad. Similar statistics show that 51 per cent of the inmates of the poor houses in the United States are foreign born, and 24 per cent of the inmates of benevolent institutions such as insane, deaf and dumb, and idiotic asylums. These statistics are used to justify and sustain the rigorous insertion that is now being made of all immigrants.

VIENNA IN DARKNESS.

The Austrian Capital Has No Night Lamps on Account of a Strike.

VIENNA, March 30.—This city was in darkness last night owing to the fact that all the workers in the gas houses, with the exception of 300 men, have gone on a strike.

The strikers are in a desperate mood and threaten to kill the men who are at work and those obtained to fill their places.

AGIN THE WOMEN.

Bishop Fowler Thinks They'll Never be Admitted to the General Conference.

MILWAUKEE, Wis., March 30.—Bishop Chas. H. Fowler delivered a lecture last night to a large audience on "Abraham Lincoln." The bishop was asked what the prospect is for the admission of women to the general conference. "It is worse than ever," the bishop replied promptly, "and I doubt very much that women will ever be admitted to the membership of our general conference."

THE AWFUL AVALANCHE.

It Sweeps Over Cabins in Idaho, Burying Several People.

WALLACE, Idaho, March 30.—Four immense snowslides and several smaller ones have come in Canon creek. One at the Black Bear mine, near Gem, covered up or swept away three cabins, killing five persons and possibly more.

Several hundred men are shoveling, and thus far three bodies have been recovered. The snow is forty feet deep and almost as solid as ice. The Gem, Frisco and Morrison mines turned out their whole force of miners to work for the recovery of the bodies.

Arthur Swayne was taken out alive but seriously injured.

TAKE AWAY THE CONVICTS.

Workingmen Willing to Take a Reduction With That Proviso.

BIRMINGHAM, Ala., March 30.—A meeting of the miners held at Coalburg, the largest mining camp in the state, a committee was appointed to notify the sub contractors operating the mines that they were willing to accept 10 per cent reduction in wages provided the company owning the mines would remove all convicts employed at the place.

The company has between 500 and 600 convicts on hand. If the proposition is not accepted a strike is probable.

The Seigniorage Bill.

WASHINGTON, March 30.—Mr. Bland gave notice in the house late this afternoon that on Tuesday he would move to pass the seigniorage bill over the president's veto.

Catarrh

AND

COLD IN THE HEAD

relieved instantly by one application of

Birney's Catarrh Powder

REV. TAYLOR CLARK, writes to the Rt. Rev. Bishop of Columbus, Ohio, writing:

Gentlemen—I received my sample of your Powder. It has proved one of an approved stock of samples which I have received lately. As a delicate, easily applied remedy, it is the best I have noticed. Some of the samples are quite antagonistic to use. The first effect is mild, but decidedly disagreeable. I am a sufferer from Catarrh and hence know what I write. I am doubtful of the remedy to help others who are suffering.

M. E. PEARSON, Chemist U. S. Appraiser's Stores, Chicago, writes:

Gentlemen—Some time since I received from you a sample of your catarrh powder. As I had long been a sufferer from Catarrh, I was induced to try your powder. I was much pleased with it being free from irritating properties. I have recommended it to many of my friends and can say I have never heard of a case where it did them any harm.
