GOLD! GOLD! GOLD! WE ARE OFFERING for sale the Treasury Stock of the Powhatan Mining Co., and are anxious to place this information in the hands of every individual who has much or little money to invest. The mines owned by this Company are located in Culpeper County, Virginia, about midway between Culpeper Court House and Fredericksburg, and between the Rapidan and Rappahannock Rivers. They are only 12 miles from Remington, on the Southern Railroad, and 10 miles northerly from the Wilderness battlefield. They have been proven to contain vast quantities of sulphide ore, carrying a gold value of from $3 to $20 per ton, and a general average would indicate the value of at least $6 per ton. It is proposed to sell the Treasury Stock, 40,000 shares, and install a chlorination plant, with capacity to treat 250 tons per day. We have the authority of the best mining experts for the assertion that the ore can be mined and treated at a cost of not to exceed $2.50 per ton. It is believed, for experience has shown, that the ore increases in volume and value as depth is obtained. Gold was mined in this section before the Civil War, and many an old soldier will recall the evidence of the fact observed by him while passing through this section in the days of '64. We expect the development, when modern methods of mining and milling are introduced, to show most gratifying results. The Powhatan Mining Co. has expended a large amount of money in the purchase of the mines and in proving their extent and value. The officers and directors and present stockholders have, by resolution, made the Treasury Stock preferred stock, to the extent of being entitled to a preference dividend of 6% per cent before the other stock of the Company can participate to the net earnings. We are the sole agents for the sale of the Treasury Stock, and invite correspondence. Geo. M. Slye & Co., Investment Bankers, 619 F St. N. W., Washington, D. C.

STILL SOME SHARES FOR SALE IN RESPONSE to the following advertisement.

FOR SALE—TREASURY STOCK AT 10 CENTS per share of the Mammoth Consolidated Mining Co., Mackay, Custer Co., Idaho. Incorporated under the laws of Idaho. Capital stock, $250,000. Par value of shares, 50 cents. Fully paid and non-assessable. The directors have set aside 50,000 shares of Treasury stock to be sold for the purpose of developing the property. The shares are for sale at 10 cents per share. This company have now about 65 acres of mining ground. The property is undeveloped, but the company expect to open it up thoroughly during the coming year. It is on a fine mineral belt, with good indications of copper, lead and silver. About 200 tons of ore have been taken out of one of the claims near the surface. The property is about seven miles from Mackay, the terminus of the Solomon River R. R., with plenty of timber and water sufficient for any machinery the company may need. The company does not guarantee or promise dividends in advance, but hopes to make the property a dividend payer in the near future. We consider the risk a good one at 10 cents per share for the stock, and believe that during the year 1903 the stock will be worth not less than 50 cents per share. None of the officers of the company will receive a salary until the property pays a dividend. Officers of the company: President, W. H. Clark, Mackay, Idaho, Attorney and Acting Manager of Custer Knob Copper Co.; Secretary, John J. Fitzpatrick, Houston, Idaho, member of the Idaho Legislature; Treasurer, E. E. Ferris, Houston, Idaho, Postmaster and U. S. Commissioner for Custer County, Idaho. Refer to Lost River National Bank, Mackay, Idaho. Letters addressed to N. H. Clark, President, Mackay, Idaho, or E. E. Ferris, Treasurer, Houston, Idaho, will receive prompt attention.

A large number of shares have been sold. Some remain as yet for sale. The snow is going off now, and the company will begin work about April 15th and continue thoroughout the summer. We are putting in our own money here, and think it is a good investment. If you want to take a chance with us, now is the time to buy. If you have time, come and see our property and workings.
