A NEW AMERICAN NOVEL.

D. APPLETON & CO will publish on Saturday, HELOISE, OR THE UNREVEALED SECRET, By Talvi. 1 vol 12mo. Paper cover, 50 cents, cloth 75c. This is a romance of great power and interest. The scenes are laid chiefly in Germany and Circassia and the author shows a most intimate knowledge of social life in those countries. As a tale, it is unsurpassed by few, either in development of some of the noblest and most self sacrificing passions of our nature, the lofty sentiments which it expresses or in the thrilling attraction of its narrative. It is told with much force and beauty of language, and in the rich diction of a genuine scholar.

D. A & Co. will publish next week, The Earl's Daughter, a tale by the author of Amy Herbert, Gertrude, &c. edited by the Rev. W. Sewell, B D. 1 vol 12mo.

D. A & Co. have just published, The Vale of Cedars, or the Martyr, by Grace Aguilar author of Woman's Friendships, Home Influence, &c 12mo paper cover 50 cents, cloth, 75 cents.

Norman Leslie, a tale by G. C. H author of Amy Herrington, Curate of Linwood, &c 12mo paper 50c. cloth 75c.

VALUABLE AND POPULAR WORKS.

PUBLISHED BY JOHN TALLIS & CO 40 John st New-York. Among the numerous beautifully illustrated works will be found, uniform with Tallis's Imperial History of England and Ireland, the History of the United States of America, from the earliest period to the present time, comprising their Political and Biographical History, Natural Productions, Manufactures and Commerce, Laws, Manners, Customs and Religion—including information necessary for tourists and immigrants of all classes—with a topographical description of each State. Edited by John Howard Hinton, A M. Assisted by several literary gentlemen in America and England, illustrated with maps, and views of the principal buildings and scenery, drawn on the spot expressly for this work, and beautifully engraved on steel; also, a fine portrait of Washington, after Stuart; the Declaration of Independence after Trumbull; and Penn's Treaty with the Indians, after West.

The importance of the modern history of the United States of America, differing as they do so largely from what they were in former days, and connected with circumstances, discoveries and advantages which interest the whole civilized world, it is obvious cannot be underrated by any reflecting mind, and the value of this publication will not, therefore, be questioned.
