Buckeye Cash Store!

HAVING AGAIN REMODELED AND ENLARGED OUR STORE, AND ARRANGED it so as to keep each department of our business by itself, and placed at the head of each a skillful and experienced salesman, we are better prepared than ever to drive a brisk and lively trade. Our facilities for getting goods on *right terms* are equal to any house in the trade, and by selling at the least living profit, our customers will share in all the advantages we possess.

By adopting that system years ago, we have gained a *pre-eminence* for cheap goods, which we shall maintain in the face of all competion, and make still more *marked* in time to come.

Our Exclusive Carpet and House Furnishing Department

PROF. O. J. WOOD—Dear Sir: Some time last summer we were informed to use some of your Hair Restorative, which we were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's hood for some time had been perfectly covered with sores, and some called it scald head. The hair almost rotted out, and came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair was started out, and we can now say that our boy, has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp or hair, we are, yours respectfully

PROF. O. J. WOOD—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind. THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

Liver Complaint,

WEAKNESS OF ANY KIND,

FEVER AND AGE,

And the various affections consequent upon a disordered STOMACH OR LIVER, such as Indigestion, Acidity of the Stomach, Pickly Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION.

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

ONE DOLLAR WILL BUY

ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public, namely, Dr. SANFORD'S INVIGORATOR or Liver Remedy, that acts as a Cathartic, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually without any of the painful feelings experienced in the operation of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity. Dr. Sanford's Invigorator is compounded entirely from new articles of medicine, namely Gums.

Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel, without any of its deleterious effects.

Though possessing rare medicinal powers these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the INVIGORATOR, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has never failed to cure Liver Complaints in their worst forms.

Indigestion being caused by a deranged Liver is cured when the Liver is excited to action.

Jaundice is caused by an improper action of the Liver, as a proof that the INVIGORATOR relieves this disease let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will be found to assume its original color. Fevers and Ague can be permanently cured by the Invigorator. Take it in small doses on retiring, and it gently assists nature in her operations. By gradually increasing the dose, the bowels are left in a healthy and active state, and work as regularly as a clock work. Sick Headache is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.

For an overloaded stomach it has no equal, it gently assists the patient to a easy feeling of it relieves nature, and restores the patient to health and comfortably. For a family medicine general out-door quality. By all who speak in the highest terms.

Dr. Sanford's Invigorator came to its recommendation as a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its behalf, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken and now we can eat anything but the lightest food, would dig, and often that give pain. Now what we want to say to all our readers is, if Liver Complaint or Dyspepsia trouble you, do not fail to try this the greatest remedy in the world.—[Sun Facts.

There has never been tried in our family a remedy which has met with such astounding success in the cure cure of diseases incident to children, as Dr. Sanford's Invigorator; we hesitate not to recommend it to all in advising them to give relief. It has become so useful in our family that we will not be without it.—[Jacksonville, Ala. Republican.

Ayer's AGUE CURE,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in the injury derangement, caused by the Malaria of miasmatic countries.

No one need is longer called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such a remedy we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any one city.

That which protects from from or prevents this disorder must be of immense service in the community where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper.—This "Cake" expels the miasmatic poison of Fever and Ague from the system and prevents the development of the disease, if taken on the first approach of its prominently symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever and Ague prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. Against variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cake" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons traversing or temporarily resident in the malarious districts. If taken occasionally as a relish while exposed to the infection, that will be expected from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for prevention than cure, and few will evince so far from intentionally, if they will avail themselves of the protection this remedy affords.

D'Estaing S. Covert, A. M., Prof. of Ancient Languages and Literature.

Prof. J. C. Minnigh, late of Philadelphia, first teacher of instrumental music. And from six to ten additional gentlemen and lady teachers of long standing and successful experience.

No pains or expense will be spared to procure teachers in *every department*, of the *very highest qualifications*, so that pupils wishing to perfect themselves in the higher styles of music, or any of the solid or ornamental branches, may here receive the desired instruction.—That pupils from abroad, may derive the *greatest* advantages to be gained at Boarding Schools, they are required to board in the institution, with the teachers (unless by special permission of the President), that they may have the benefit of their example and society.

The course of studies will be thorough and extensive, embracing all the branches usually taught in our highest Seminaries of learning, English, Classical and the Fine Arts.

The year is divided into two sessions of twenty weeks each, commencing respectively on Wednesday, the 8th of Sept. next, and the 9th day of February, 1859.

The expenses of the school year, including board and tuition in all the branches of the regular course, rooms furnished, fuel, lights and washing, will be $225—payable semi-annually in *advance*. The usual extra charges will be made for the ornamental branches.

Apparatus and Lectures.

Prof. Wood and Prof. Bosworth will deliver full courses of Lectures with the aid of the Telescope and other apparatus, sufficient to illustrate experimentally the principles of the sciences pursued. Books, and all other requisites for entering the College, may be had at the College, or in the city.

All letters of inquiry or on business, should be addressed to Rev. John Covert or D. S. Covert, Terre Haute, Indiana.

The undersigned citizens of Terre Haute have accepted the office of *Trustee* of the Terre-Haute Female College, and may be referred to at any time by such as desire further information concerning the arrangements, or advantages of the College:

THESE MACHINES are unquestionably the best in the market. No well-regulated family can afford to do without a GROVER & BAKER SEWING MACHINE, made expressly for FAMILY SEWING.

They make a new and superior stitch, in which the threads are so fast used as to render it impossible to ever, even if every the d stitch be cut. It makes a more beautiful and durable seam than can be done by hand, while it sews silk or cotton from ordinary spools with equal facility, by a mere change of spool.

HOWARD ASSOCIATION

Philadelphia.

A Benevolent Institution, established by special document for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

TO all persons afflicted with Sexual Diseases, such as **Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis,** the Vice of **Onanism,** or **Self-Abuse, &c., &c.**

The **Howard Association**, in view of the awful destruction of human life, caused by these diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, under a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give **Medical Advice Gratis,** to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty, to furnish **Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved medical treatment.

The directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important but much despised cause.

Just Published, by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the
