COME TO TERMS WITH FARMERS.

City Officials Get Important Concessions for Exchange of Waters.

CITY COUNCIL RATIFIES ACTION.

Also Disposes of All Matters Connected With Recent Bond Issue—Other Business.

The mission of Mayor Morris, Atty. F. S. Richards and Assistant City Atty. W. H. Bramel to Big Cottonwood yesterday to consult with the owners of the waters of that stream, was very successful and resulted in the city getting two very important concessions from the farmers. First, the time in which the city may be in default for failure to furnish exchange water was extended from 12 hours to 24 hours. Second, it was agreed that measurements of the Big Cottonwood stream for the purpose of determining the basis of exchange of waters may be taken every 15 days during the irrigation season instead of every month.

The city council last evening received a communication from Mayor Morris notifying it of the concessions secured and recommending that action be taken at once to close the deals with the farmers, and also to close up all matters relative to the bond issue. The council suspended the rules as soon as the mayor's communication was read, and took up the bond ordinances and resolutions and passed them.

BONDS AUTHORIZED.

The first matter taken up was the ordinance authorizing the issuance of $350,000 special water bonds and $150,000 special sewer bonds, and the sale of both issues to the Mutual Life Insurance company of New York. The ordinance was placed on its first, second and third readings and was passed by the unanimous vote of the 14 councilmen present, Councilman Hartenstein being absent.

TRIP EAST FOR CRITCHLOW.

A resolution was then read, instructing Mayor Morris and City Recorder Critchlow to sign up $400,000 of the water bonds and $100,000 of the sewer bonds. It also authorizes the recorder to deliver them in person to the Mutual Life Insurance company upon the payment to the city of $502,550, being the face value of the bonds, together with $7,550, one-half of the premium bid by the company after deducting $5,000, one-half of the forfeit money deposited with the bid of the company. The resolution carried with it an appropriation of $200 to defray the expenses of the recorder to New York. This part of the resolution was objected to by some of the councilmen, as it was stated that it would only cost $70 to send the bonds by express. Assistant City Attorney Bramel stated that it might be necessary for the city to have a personal representative present when the bonds are delivered, so the resolution as read, including the $200 appropriation was adopted by a vote of 13 to 1, Wood voting against it. The other $500,000 of the bonds will be delivered in two installments, $200,000 on Oct. 1, 1905, and $300,000 on Dec. 1, 1905, and thus quite a saving in interest will be made.

EXCHANGE OF WATERS.

The final matter in connection with the bond question was the resolution authorizing the mayor and city recorder to execute contracts with the Big Cottonwood Lower Canal company, the Big Ditch Irrigation company, and B. B. Bitner, William H. Park and several other owners of Big Cottonwood water for the exchange of their water for water from the city's canal. The contracts provide that the city shall pay $8,000 as a bonus to the first named company, $25,000 to the second company, and $3,450 to the last named private parties on or before July 1, making a total of $36,450.

A provision in the contracts which met with some opposition was that which gives the city the privilege of furnishing Spring creek water to the farmers for exchange instead of canal water if it so desired. Wood moved that all reference to Spring creek water be stricken from the contracts. It was explained that the city does not bind itself at all to furnish Spring creek water but it is simply given the privilege of doing so if it ever becomes necessary. The motion made by Wood was accordingly lost by a vote of 5 to 9.

BLACK STILL OBDURATE.

The roll was then called on the final passage of the resolution approving the contracts submitted, and it was passed by a vote of 13 to 1, Black being the only one to oppose it. He said that he still opposed the exchange because he did not think the city was getting as good a title to the water as it should have or as he had been informed it could secure. The ordinance and resolutions were submitted to the mayor at once and were signed by him. Today he signed up the first installment of the bonds and City Recorder Critchlow will leave with them for New York in the morning.

INVITATION TO N. E. A.

A communication was received from the committee from the city schools, composed of Mathonihah Thomas, Supt. Christensen and Supervisor Miss Rosalie Pollock, suggesting that the city send a formal invitation to the National Educational association to hold its next session in this city. It was stated in the letter that if the board of education, city council and the business interests of the city would unite in an effort to secure the meeting of the association it would be successful. The council by a unanimous vote authorized the city recorder to extend a formal invitation to the association.

MORE RAILROAD TRACKS.

Under a suspension of the rules the council passed ordinances granting franchises to the Oregon Short Line and the San Pedro roads to construct their tracks over certain streets in the southwestern part of the city. A franchise was also passed for the Short Line to construct a switch to the D. J. Sharp coal yard on Third West street. When the new tracks are completed connecting the two roads, they will give the San Pedro road an entrance on south Third West street to the new terminal facilities and new depot to be constructed by the Short Line.

WESTMINSTER PROTEST.

Another protest was received from the trustees of Westminster college against the opening of certain streets through the college campus. The protestants stated that the streets have not been used for more than 15 years, and that it is more important from a public standpoint to have a nice college campus there than to cut streets through. They ask the city to relinquish all its rights to said streets. The matter was referred to the committee on streets and the city attorney.

WANTS TAX ABATED.

A petition was received from Gould B. Blakely, trustee of the estate in bankruptcy of Banker B. H. Schettler, asking that the sidewalk tax of $132 assessed against the Schettler property on the corner of South Temple and C streets for a sidewalk on C street, be abated, for the reason that no sidewalk has been constructed and the assessment is a cloud upon the property which he wishes cleared. The committee on streets will consider the matter.

HAS DIVINING ROD.

The petition of John Orge asking that he be employed to locate additional water supply for the city at $5,000 for each 1,000,000 gallons daily flow, was referred to the waterworks committee. The petitioner claims that he can locate water by the use of the divining rod and wants to demonstrate his ability to do so.

APPROPRIATIONS MADE.

The report of the finance and library committees, recommending the appropriation of $5,000 for furnishing the new public library, was adopted by a unanimous vote.

The council adopted the report of the fire committee which recommended the appropriation of $5,800 to the American La France Fire Engine company for the new engine and apparatus received recently.

The council will hold an adjourned session on Friday evening to complete its routine work.

THINK OF IT!

This Pretty Matron Had Headache and Backache, and Her Condition Was Serious.

PE-RU-NA CURED.

MRS. M. BRICKNER.

99 Eleventh Street, Milwaukee, Wis.

"A short time ago I found my condition very serious. I had headaches, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Peruna, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored."—Mrs. M. Brickner.

The reason of so many failures to cure cases similar to the above is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh.

FEMALE TROUBLE NOT RECOGNIZED AS CATARRH.

Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

If you have catarrh write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

AMUSEMENTS.

J. H. Garrett, secretary and treasurer of the Orpheus Vaudeville company, and Attorney Ashby Snow have returned from a 12 days' absence in Chicago, where they went to make final arrangements with the management of the Orpheum circuit for putting on these shows in the new theater now building on State street.

Mr. Garrett when seen this morning said: "Salt Lake can feel somewhat complimented over the fact that in Chicago she is placed on the level with San Francisco as an amusement patronizing town. Last week we signed up with the Orpheum people and Salt Lake is to get the same shows with a change of bill every week in the year as Chicago, Kansas City, St. Louis, St. Joe, Minneapolis, Omaha, New Orleans, Denver, San Francisco and Los Angeles. There will be no substitutes and the full show will be presented every night. President Morris Meyerfield and Vice President and General Manager Martin Beck of the Orpheum circuit, will be here next month when they expect to invest in Salt Lake property. In Chicago they expressed themselves as being very glad to get a new house especially built for the circuit and paid Salt Lake several compliments as being one of the best show towns in the west. It is surprising to see how these high class vaudeville shows are patronized in the east. Take Chicago, for instance, there the Orpheum people are just completing the new $1,000,000 theater which is to be known as the Majestic. In addition the Chicago Opera House, the Olympic and the Haymarket, all three large theaters, turn people away nightly from the Orpheum shows that are put on there every night in the year."

* * *

The only event at the Theater is the appearance of Jonas the pianist there tomorrow night.

* * *

At the Utahna Theater last night there was a good sized house in attendance to witness the always popular play of "The New Dominion," which had not been seen here since the notable rendition given here by its author Clay Clement. The principal part was filled by Mr. Martin, who formerly occupied the position of business manager with Mr. Clement. He gave a good imitation of the original and was rewarded with many hearty bursts of applause. The supporting parts were capably filled and the indications are that "The New Dominion" will do good business during the week.

* * *

"The Belle of Richmond" opened the week at the Grand theater last night, and in the hands of the Bittner company, was fairly well performed. The company played to an audience that filled the house to the doors, and as usual made a hit with it from the beginning. It is apparently the habit of the Bittner people never to grow indifferent to details, however often a new play is staged; and it was the careful setting of the scenes last night that drew the first applause from the audience and kept it in good humor till the plot drew its interest. The story of the play centers about a young southern lady, who suffers many wrongs, and finally comes to her own at last just as the curtain falls. "The Belle of Richmond," will be played again tonight, tomorrow night and at a Wednesday matinee.

FOOD IN SERMONS

Feed the Deminie Right and the Sermons are Brilliant.

A conscientious, hard-working and eminently successful clergyman writes: "I am glad to bear testimony to the pleasure and increased measure of efficiency and health that have come to me from adopting Grape-Nuts food as one of my articles of diet.

"For several years I was much distressed during the early part of each day by indigestion. My breakfast, usually consisting of oatmeal, milk and eggs, seemed to turn sour and failed to digest. After dinner the headache and other symptoms following the breakfast would wear away, only to return, however, next morning.

"Having heard of Grape-Nuts food, I finally concluded to give it a fair trial. I quit the use of oatmeal and eggs, and made my breakfasts of Grape-Nuts, cream, toast and Postum. The result was surprising in improved health and total absence of the distress that had, for so long a time, followed the morning meal. My digestion became once more satisfactory, the headaches ceased, and the old feeling of energy returned. Since that time, four years ago, I have always had Grape-Nuts food on my breakfast table.

"I was delighted to find also, that whereas before I began to use Grape-Nuts food I was quite nervous and became easily wearied in the work of preparing sermons and in study, a marked improvement in this respect resulted from the change in my diet. I am convinced that Grape-Nuts food produced this result and helped me to a sturdy condition of mental and physical strength.

"I have known of several persons who were formerly troubled as I was, and who had been helped as I have been, by the use of Grape-Nuts food on my recommendation, among whom may be mentioned the Rev. ——, now a missionary to China." Name given by Postum Company, Battle Creek, Mich.

"There's a reason."

Read the little book, "The Road to Wellville," in each pkg.

After the Hull

of the wheat is removed, the kernel is steam-cooked and crushed into edible flakes—not powdered. When packed in cartons and sealed, the delicacy and flavor—the nutriment and good taste of the wheat remains in California Wheatine.

BITTEN BY A DOG.

Vicious Canine Attacks Little Daughter Of James Russell.

A little girl, the child of James Russell, was yesterday bitten by a vicious dog near Second West between Tenth and Eleventh South streets, the brute taking a piece out of the fleshy part of the thigh. Dr. Allen was summoned and put in seven or eight stitches to close up the wound. The mother of the child, who is just recovering from a severe illness, was greatly excited when she heard of the attack made upon her little girl.

COLORED WOMAN STABBED.

Love-Making Comes Near Culminating In a Tragedy.

Cornelius Smith, colored, has a most strenuous way of making love; he does it with a knife.

Last night he sought to woo Mrs. Mary Jennings, also colored, as the latter was reclining peacefully in a hammock in front of her home, 50 Franklin avenue. Mrs. Jennings did not take kindly to the fellow's attentions and plainly told him so. In fact she intimated that he could please go away and let her sleep, and not come around any more.

Suddenly Smith drew a knife and plunged the blade in the woman's breast. She screamed for help. The man struck her three times more, the blade entering her back, then in the side and again in the thigh. The woman screamed repeatedly for help and neighbors rushed to her assistance. She finally fainted from loss of blood, but was revived by a physician. While the woman lost a great deal of blood, and the wounds are quite serious, the physician thinks her chances for recovery are good.

After committing the murderous assault, Smith ran to his room across the street and locked himself up. Officer Tom Simpson forced the man to open the door. He was then arrested and taken to the city jail where he will be held pending arraignment on the charge of assault with intent to commit murder.

At the time Mrs. Jennings was assaulted, her husband was lying in the house sick. He heard her screams but was unable to render her any assistance.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Z. C. M. I. Drug department; price 50c, guaranteed.

Why suffer with your stomach, kidneys and liver when Hollister's Rocky Mountain Tea will make you well. If taken this month, keeps you well all summer. 35 cents, Tea or Tablets. Ask your druggist.

THE GOOD OLD WAY.

A severe cold or attack of la grippe is like a fire, the sooner you combat it the better your chances are to overpower it. But few mothers in this age are willing to do the necessary work required to give a good old-fashioned reliable treatment such as would be administered by their grandmothers, backed by Boehee's German Syrup, which was always liberally used in connection with the home treatment of colds and is still in greater household favor than any known remedy. But even without the application of the old-fashioned aids German Syrup will cure a severe cold in quick time. It will cure colds in children or grown people. It relieves the congested organs, allays the irritation, and effectively stops the cough. Any child will take it. It is invaluable in a household of children. Trial size bottle, 25c; regular size, 75c. For sale by all druggists.
