THE RAIN CONCERT.

Millions of tiny rain drops
Are falling all around;
They're dancing on the house tops,
They're hiding in the ground.

They are fairy like musicians
With anything for keys,
Beating tunes upon the windows
Keeping time upon the trees.

A light and airy treble
They play upon the stream,
And the melody enchants us
Like the music of a dream.

A deeper bass is sounding
When they're dropping into caves,
With a tenor from the zephyrs,
And an alto from the waves.

Oh, 'tis a stream of music,
And Robin "don't intrude,"
If, when the rain is weary,
He drops an interlude.

It seems as if the warbling
Of the birds in all the bowers,
Had been gathered into rain drops,
And was coming down in showers.

MR. EDITOR.—Having read your expose of the rascality of our County Commissioners, and having examined the records in the Auditor's office and found your statements correct to the letter, allow me as a tax payer to make a few suggestions as to the course necessary to pursue by the people of Vigo county. I do not believe that the tax payers are willing to be robbed with their eyes open, or that they are willing to pay taxes to be squandered by these reckless men. Under these circumstances public safety seems to require that Messrs Starks and Jumper should resign immediately. Will they do it? is the question. If not, I would suggest the propriety of calling a public meeting in every township in the county and put a ball in motion that will roll them out, or roll them under.

A good lawyer in town gives it as his opinion that the County Commissioners are personally liable for $1225 on the fence contract. Whether this be so or not, there is certainly some way to reach them or void the contract made with Wyeth. It would be well, it seems to me, for this subject to be investigated by some one.

The people in the country are ready to move in this matter. They feel that they are piled in the way of taxes, to have their money thrown away by the thousands, for the poor, contemptible purpose of rewarding friends politically or otherwise. I ask the citizens of town to take hold of this matter boldly and fearlessly, and I pledge you the country will stand by you to the end.

One other thing, Mr. Editor. If I call at the Treasurer's office and tender the Treasurer my tax's and he says he cannot take them, can they be collected afterwards? If so, can they also charge the 20 per cent? Under all the outrages which are being heaped upon us these times we feel very much like repudiating all taxes. We have stood this system of robbery about as long as good nature will stand.

COUNTRY TAX PAYER.

MAYOR'S OFFICE, Feb. 22, 1859.

MR. EDITOR: In my communication of to-day I find my statement was not as full and accurate as it should have been.

I should have stated that the Council levied a School Tax of 15 cents on the dollar for the year 1856, which was put upon the City Duplicate and the Delinquent Taxes of that year were returned and placed upon the Duplicate of 1857, which I was of the opinion vitiated the Taxes of 1857, so far as collecting them by distress and sale of property.

The Council levied a Tax in 1857 of ten cents on the dollar for School purposes, but it was placed by the Auditor upon the county Duplicate and not on the City Duplicate as stated by me in my communication.

The Supreme Court in the case of Jenners vs. the City of Lafayette decided that the Council had no authority to levy such Tax, it being in violation of the Constitution, and hence the Council thought best to leave off of the Tax Duplicate of 1858, all previous delinquencies as it might prevent the collection of the Taxes of this year.

The city attorneys, Messrs. Davis & Booth were of this opinion, and I therefore recommended it to the Council.

C. Y. PATTERSON.

☞ We passed the county Treasurer's office yesterday. The appointee was there. Many tax payers were there for the purpose of paying their taxes, but the appointee could not receive them. It will be several days yet before the new duplicate will be placed in the hand of the appointee.

What an outrage this is upon everything that is right and proper, what a serious detriment it is to the county and how it discommodes the tax payers. But it is the result of having unscrupulous men holding official position. It is—Democracy, run [illegible] ground.

☞ The amount of damage [illegible] the bridge over the Wabash at this place by the steamer Crescent running against it, of which we spoke yesterday, is perhaps about $1,000.—The damage to boat is from $100 to $200. It seem to be gross negligence on part of the officers of this boat. The bridge was in an unfinished condition, leaving a space of two hundred feet through which boats could pass, and why this boat was permitted to strike one of the piers, seems unaccountable, unless purposely done. Legal proceedings, we understand, will be immediately instituted against the officers and boat.

☞ Yesterday the military were out, in honor of the birth of one Gen. Washington—a very great man who was born a great many years ago. History speaks in glowing terms of him and the world and posterity delight to revere his name.

Our military looked fine—the illustrious hero of a seven years war, never stood before a braver com any of men. Our bands of music were also on the streets, discoursing sweet sounds. The day was glorious, and up and down our sidewalks like Angels in hoops, dashed secres of pretty belles. Every one seemed happy, and the 22d of February, 1859, passed off finely.

☞ The great billiard match for $5,000, between Michael Phelan, of New York, and John Zerriter, of Michigan, for the championship of America, comes off at Detroit, April 12th.

Drs. Wortman & Williams,

Are traveling Physicians, they establish a route and aim to visit each place once in about six weeks. That course enables them to see their patients often, consequently they can prescribe with much better success than by writing.

One of them will be at the Terre Haute House, in Terre Haute again on Saturday and Sunday, Feb 19th and 20th, 1859. They devote all their time to the study and treatment of Chronic Disease. Their extensive traveling affords them an opportunity to see and investigate a great variety of diseases. At nearly all the places they visit, their rooms are crowded with patients, all having different stages of disease, this gives them all the advantages that physicians derive from visiting Hospitals, they are prepared to treat, successfully, all cureable cases They treat Consumption and all diseases of the throat and air passages, by the inhalation of medicated vapors, together with general treatment. They at all times have from one hundred to several hundred cases under their special charge and mail treatment—they are discharging cured, and receiving new applicants daily. By their local and general treatment, Consumption, in its first and second stages, is as much under the control of medicines as any other formidable disease. They wish it distinctly understood, that they are possession of, and use the Brompton Hospital remedies, that were adopted after many years experience, and the treatment of thousands of cases. Thus it may be seen, that they are not, as many are, experimenting, they pledge themselves to deal candidly and honestly with all, and give their opinions freely in all cases, they never urge any one to take their treatment, but leave all to choose their own course.

☞ All persons wishing their advice, will call early, as their stay is short.

No charge for consultation.

Age and Debility.

As old age comes creeping on, it brings many attendant infirmities. Loss of appetite and weakness impair the health, and want of activity makes the mind discontented and unhappy. In cases where old age addsits influence, it is almost impossible to add vigor and health and although many remedies have been tried, all have failed, until BOERHAVE'S HOLLAND BITTERS were known and used. In every case where they have been employed they have invariably given strength and restored the appetite. They have become a great agent for this alone, and are used by many people who are suffering from loss of appetite and general debility. In cases of long standing chronic disease, they act as a charm, invigorating the system, thus giving nature another opportunity to repair physical injuries

SPECIAL NOTICES.

☞ The Stomach prepares the elements of bile and the blood, and if it does the work feebly and imperfectly, liver and other vexatious diseases are the certain result. As, soon, therefore, as any afflictions of this kind are perceived, we may rest assured that the digestive organs are out of order. The first and only thing to be done, is to administer a specific which will act directly on the stomach—the main spring of the animal machinery. For this purpose, we can confidently recommend Dr. Hostetter's Celebrated Stomach Bitters. Acting as an alterative and a tonic, it strengthens the digestion, changes the condition of the blood, and thereby gives regularity to the bowels.

☞ There are plenty of young gentlemen as well as plenty of old ones, whose beards are turning grey, which gives the former a great deal of uneasiness, and exposes the age of the latter. To avoid these little perplexities we advise such of our readers to use Prof. Wood's Hair Restorative, which will in the course of a few weeks, change the hair to its natural color. It does not dye the hair like the most of the hair restoratives, but produces a gradual change of color from the roots of the hair to the dead end, and gives it a fine and glossy appearance. We have seen many persons who have used it successfully, and pronounced it the only invention which has come to their idea of a "cure for grey heads." We commenced using it about two months since, and if we are any judge of age and beauty, it has made us at least ten years younger; in fact we are beginning to look quite young, and feel very much like getting a young wife. The change is miraculous, and it would be as difficult to find a grey hair now as it would be to find an idea in the head of the Duke of Buckingham. We know several old maids and some young widows, whose locks are just beginning to assume a silvery hue, and who have been talking seriously about resorting to this remedy, and we advise them not to delay any longer. It never fails. [St. Louis Herald.

THE RESTORATIVE OF PROF. C. J. WOOD for Restoring hair perfectly and permanently, has never yet had a rival, volume after volume might be given from all parts of the world and from the most intelligent to prove that it is a perfect Restorative; but read the circular and you cannot doubt; read also the following:

☞ TAN HAIR.—People have for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Prof. Wood these articles are being fast dispensed with, but a great many persons still patron it them, because they have been so often imposed upon by Hair Tonic of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the finest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out which it restored in greater perfection than it ever had been before.

It is without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, removing dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to.

It is the duty of every one to improve their personal appearance, though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either on man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.—[Woman's Advocate, Philadelphia.

CINCINNATI, O., Nov. 17, 1856.

O. J. WOOD & Co.—Gents: As I have been engaged in selling your Hair Restorative the last season for one of your local agents (R. M. Harkinson) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio, or some State in the West, should you wish to make such an engagement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores secretive organs or invigorates the scalp as well as yours, being fully convinced that your restorative is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell.

Yours truly,
S. T. STOCKMAN.

PROF. O. J. WOOD & Co—Gents: Having realized the good effects of your Hair Restorative, I wish to state that, after my hair growing thin, as well as gray, I was induced from what I read and heard, to try the article prepared by you, to promote its growth and change its color as it was in youth, both of which it has effected completely. In the operation I have used nearly three bottles. Yours, &c.,

Important Testimony.

From Honorable J. W. Chapman, Judge of the First Judicial District, Indiana.

MADISON, Ind., Nov. 22, 1855.

DR. G. W. PHILLIPS, Cincinnati, Ohio:—Having used several small bottles of your "Cough Syrup," personally and in my family, and having seen its effects upon others, in numerous instances of severe colds and coughs, I most cheerfully recommend it as an infallible remedy in all such cases. If this syrup were in general use, I confidently believe a large majority of the colds, accompanied by coughs, that now terminate in consumption, would be effectually arrested. In fact I can see no necessity for any, when one of this remedy, being timely administered.

Respectfully yours, J. W. CHAPMAN.

Laryngitis Cured without Faith.

MADISON, Ind., Oct. 22, 1855.

DR. G. W. PHILLIPS—Dear Sir: About a year ago I had an attack of Laryngitis, to which I have been subject for a number of years. Learning that this was the fact, you handed me a bottle of your Cough Medicine. My confidence in your preparation was, I confess, not great. Nevertheless, as it was innocent and could do no harm, I was induced to try it, and am happy to say, with entire success. It not only cured me then, but I have had little or no affection of the kind since. This statement is cheerfully given with the hope that others may be induced to follow my example, and receive the same benefit.

I am yours, &c., JAMES BROWN.

DR. G. W. PHILLIPS—Dear Sir: Your Cough Mixture has been used with great success in my family. I believe it to be a most safe and efficacious preparation for the cure of ordinary colds, as well as of chronic affections of the throat and lungs.
