If you are sick, the probability is that the root of your suffering is in the stomach. From a weak stomach proceeds Dyspepsia, Ague, Languor, Nausea, and a legion of other tormenting diseases. Indigestion produces thin blood, and therefore destroys the strength and vigor of the entire system. To restore the tone of the stomach, and enable it to throw off and dissipate forever all these troublesome and dangerous complaints, nothing is necessary but a persevering use of Dr. J. Hostetter's celebrated Stomach Bitters. A trial of their power cannot fail to prove that there is no failure in their sanative effects. We cheerfully recommend them to the public, knowing, as we do, their many excellent qualities.

THE GREATEST DISCOVERY OF THE AGE.—It seldom occurs that we notice, under any circumstances, patent medicines, restoratives, or any thing of the kind, for we have a prejudice against most of them. But candor compels us to invite attention to the advertisement of Prof. Wood's Hair Restorative in the last column at the bottom of third page of this paper. We are too juvenile to require anything of the kind, but some instances of its use have come to our knowledge, which almost assures us that it is a sovereign remedy against hair becoming prematurely grey. It is not a "Hair Dye," but upon its application as directed, the effect is produced on the skin, which brings out the original native colored hair, without stiffness, and gives it a glossy and natural appearance. We have seen persons who have used it, and they are much pleased with it. Examine the advertisement.—[Mississippi Republican.

Lyon's Magnetic Powders

Will destroy Garden Insects, Cockroaches, Bed Bugs, Fleas, Ants, Moths, and all pests of the Vermin kind.

The immense sale of a reliable article of this kind is beyond the power of language to tell. In warm weather all nature teems with these and many other pests. This powder is the only article ever discovered which will exterminate them. A company of naturalists, from the Horticultural society of Paris, while analyzing the ferns of Asia, observed that all insects will go upon a certain kind of plant, very much designed by God. This last was made a working and their night comes from the Chinese, who from time out of mind have brought it from Asia. Mr. E. Lyon, and formed a positive sweet dust powder in every experiment. It is simply a powder of dried, chrysanthemum prepared to test the effect of one and eleven. Medals and letters Patent have been awarded to him from the governments of Russia, France, Germany and Russia, from the world's Fair, Fairs, and numerous medical and horticultural colleges and societies.

Letter from the President of the United States.

Executive Mansion Washington, Jan. 31, '58.

MR. E. LYON—Sir: I have the pleasure to inform you that the Royal Commission of the World's Fair, of London, have awarded you a Medal and Diploma for the great value of your Magnetic Powders, for destroying insects, &c.

MILLARD FILLMORE, Chelsea.

The above was accompanied by a certificate from Prince Albert.

It is free from poison.

New York, October 1, 1858.

Mr. E. Lyon—Dear Sir: We have assisted and tested your Magnetic Powders, and find them powerful to the extent of exhibited and domestic animals, before coming Cash when tried by bugs, ants and insects.

JAMES R. CHILTON, Chemist.
LAURANCE REID, Prof. Chemistry, N. Y. Hospital.

Mr. John L. Rowe, Superintendent New York Hospital, says: "Its use expelled all the bugs, fleas, roaches, moths, &c., while Lyon's Powder, and finds it of the most value."

Every housekeeper and hen-keeper must have a dozen delivered in an article of this kind. References can be made to the Act. P. M. Nicholas, and Metropolitan Hotel; to Judge Mason, President of the American Institute, James Gordon Bennett, Gen. Winfield Scott, Cyrus W. Field, L. M. Penn, the Five Points Mission, &c., &c. Judge Mason says: "This discovery of Prof. Lyon is of national importance. The Pioneers' Club have tested it thoroughly. It will destroy locusts, grasshoppers, ants, moths, bugs, and all vermin. Garden plants can be preserved, and houses made pure."

Arrangements are now made through Messrs. Barnes & Park, of New York, to have it sold throughout the world. Many worthless imitations are advertised.—Be cautious!

"New York, Nov. 8, 1858.

"In retiring from business, I have sold all my interest in mine and Pills, Lotion Patent, and the secrets pertaining thereto, to Messrs. Barnes & Park.—This Powder is a discovery made by myself, and brought from the interior of Asia, and is unknown to any other persons. The genuine and effective article is put up in tin canisters, and will continue to bear my name.

E. LYON."

Bats and mice cannot be reached by a powder, and are killed by a Magnetic Pill. Order them through any merchant.

Joy to the Admirers

OF A FINE HEAD OF

RICH GLOSSY HAIR.

Talk of beauty, it cannot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and as one can doubt.

PROFESSOR WOOD'S HAIR RESTORATIVE.—We call the attention of all old, and young, to this wonderful preparation, which turns back locks to original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon bald, the grey, or diseased in scalp, to use it, and surely the young will not, as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongue of thousands.

The Agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

DEEP RIVER, CONN., July 23, 1858.

MR. LEAVENWORTH—Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair together. I saw in a New Haven paper about Wood's Hair Restorative" as a cure. I called at your store on the 1st, and purchased one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and new hair began to grow—it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place; you may have a market for many bottles after it is known here.

Yours with respect,
RUFUS PRATT.

PHILADELPHIA, Sept. 9, 1856.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—in fact quite. I have used but two half pint bottles of your Restorative, and now the tip of my head is well studded with a promising crop of young hair, and the front ladies receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it.

D. H. THOMAS, M. D.,
No. 401 Vine street.

VINCENNES, IND., June 12, 1853.

PROF. O. J. WOOD: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and know others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance; and all this, without discoloring the hands that apply it, or the dress on which it drops.—I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair.

Respectfully yours,
WILSON KING.

Magic Cough Syrup!

IS THE ONLY RELIABLE REMEDY for the rapid and permanent cure of Coughs, Colds, Influenza, Bronchitis, Hoarseness, Croup, Sore Throat, Bleeding Lungs and all diseases of the Throat, Lungs and Chest. This remedy is safe, reliable, and the only one that has proved itself a sovereign remedy for all the above diseases. The testimonials published are from our most distinguished citizens here at home, who have been cured by its magic power.

Important Testimony.

From Honorable J. W. Chapman, Judge of the First Judicial District, Indiana.

MADISON, Ind., Nov. 20, 1855.

DR. G. W. PHILLIPS, Cincinnati, Ohio—Having used several small bottles of your Cough Syrup, personally and in my family, and having seen its effects upon others, in numerous instances of severe colds and coughs, I most cheerfully recommend it as an infallible remedy in all such cases. If this syrup were in general use, I confidently believe the large majority of the colds, accompanied by coughs, that now terminate in consumption, would be effectually arrested. In fact I can see no necessity for any, who can obtain this remedy, being thus afflicted.

Respectfully yours, J. W. CHAPMAN.

Laryngitis Cured without Faith.

From Rev. Jas. Brown, Minister of the Reformed Presbyterian Church, Madison.

MADISON, Ind., Oct. 22, 1855.

DR. G. W. PHILLIPS—Dear Sir: About a year ago I had an attack of Laryngitis, to which I have been subject for a number of years. Learning that this was the last, you handed me a bottle of your Cough Medicine. My confidence in your preparation was, I confess, not great. Nevertheless, as it was innocent and could do no harm, I was induced to try it, and am happy to say, with entire success. It not only cured me then, but I have had little or no affection of the kind since. This testimony is cheerfully given with the hope that it may be induced to follow my example, and receive the same benefit.

I am yours, &c., JAMES BROWN.

DR. G. W. PHILLIPS—Dear Sir: Your Cough Mixture has been used with great success in my family. I believe it to be a most safe and efficacious preparation for the cure of ordinary colds, as well as of chronic affections of the throat and lungs. Many of my neighbors, who have felt the good effects of this medicine, assure me that they regard it with great favor.
