# MUST RETURN MONEY

### City to Reimburse Taxpayers to Amount of $80,325.93 for Overestimates on Improvements.

Owing to the fact that estimates for various public improvements were not properly figured when submitted and accepted, the city will be under the necessity of reimbursing taxpayers to the amount of $80,325.93 on assessments made and collected. Again, the municipality is at a loss of neraly $5,000, or to be exact, $4,281.15, as the result of underestimates, in the latter instance having to pay for something that would have fallen to the lot of the people had proper figures been given in the first place.

City engineer Kelsey has made to the city council a report, showing the improvements overestimated, and upon which money will have to be returned to taxpayers, as follows.

Paving extension 28, $1,546.08; 19, $18,396.77; 16, $14,269.18; 15, $24,363.75; 11, section 1, $11,328.77.

In the following cases the cost of improvements was greater than the assessments levied:

Paving extension 27, $113.61; 26, $3,895.07.

Sidewalk extension 34, section 2, $56.53; 90, $61.94; 112, $668.76; 123, $199.19; 124, $195.80; 125, $192.25.

# MOTHER IN COURT AGAINST CHILD

### Salt Lake Woman Resorts to Peculiar Plea to Secure An Estate.

### DENIES PARENTAGE OF SON.

**Guardian of Youngster Appears to Protect His Rights—Executrix Placed Under Bonds.**

In a case in which a mother is engaged in a legal contest against her own minor child had initial hearing before Judge Armstrong in the district court yesterday. The woman is Anna Reinhardt, a local denizen of the under world, who styles herself "Louise Eugenia Du Classe, Countess of France," and she is endeavoring to prove that her son Adrian, aged 11 years, was not the child of her late common law husband, Adrian Pintro, and was never acknowledged as such.

Adrian Pintro, Sr., was a French saloonkeeper of this city, and died a few months ago, leaving an estate of about $8,000. Miss Reinhardt applied for letters of administration, but before much had been done in the settlement of the estate, there appeared J. W. McKinney, guardian ad litem of Adrian Pintro, Jr., who asked that the executrix be placed under bonds until the child's rights in the premises could be established. Back of the boy's demand for recognition is one Maurice Charrox, a Frenchman, who has had charge of the child almost from its birth, and who claims to have been paid for its care by Adrian Pintro, Sr., for a long time.

Adrian Pintro, Jr., shows strong traces of having negro blood in his veins, and the contention of the mother is that the child is a Mulatto and not the offspring of the Frenchman. Dr. Hasbrouck was a witness for Miss Reinhardt, and testified that the boy is as much African as white.

Sergt. Roberts said that Pintro, Sr., had acknowledged on several occasions that the child was his, while denials of being the child's parent had been made by Pintro to Sergt. Hemple, according to the latter's testimony.

PLACED UNDER BONDS.

Miss Reinhardt was required by the court to furnish a bond in the sum of $10,000, pending a hearing of the case before a jury.

## TWO SENT TO PRISON.

**Burglar and Thief Get Three Years Each from Judge Armstrong.**

Two men were sent to the state prison yesterday by Judge Armstrong, namely, Thomas McKelvey and Ole Olson. The first named was accused of burglary in the second degree, and confessed to having entered the livery stable of W. B. Holt, 165 State street, on the night of March 10. He was sentenced to three years.

Olson, according to his own admissions, stole a watch from a man he found asleep in a saloon, and he will serve a term of three years for the offense.

**PROF. H. A. HOWELL, OF HAVANA, CUBA, RECOMMENDS CHAMBERLAIN'S COUGH REMEDY.**

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now, writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd, our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I though of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by al druggists.

## HE LOST $210.

**Pocatello Man Also Got a Black Eye, But Don't Know Where.**

John Obrey of Pocatello is mourning the loss of $210 and is suffering from a black eye. He does not know where he lost the money nor how he got the bad eye. He says that he came down to Salt Lake to attend the funeral of his brother, and that he brought $210 with him. He secured a room in a roominghouse and while asleep some one entred and took the money from his pockets. He reported the matter to the police but could not tell them where the house is that he slept. The police think that some woman stole the money, if it was lost.

## AS TO UNCLAIMED BODIES.

**County Authorities Notify Undertakers They Will Bury No More.**

Undertakers say they have been notified by the county authorities that the county will bury no more unclaimed bodies, as the law provides for their final consignment to the state medical school. The latter is obliged to hold bodies for 90 days in the pickling vat, in anticipation of possibility of redemption by relatives. At the expiration of the statutory limit, the bodies are handed over to the students for dissection. A case sent up to the school from the insane asylum at Provo was rescued not long ago. It was that of a woman patient whose relatives in Ogden on learning rather late of her decease, instituted a search and found her at the medical school. The body was reclaimed and taken to Ogden for burial beside that of her husband.

**CATARRH,**

Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of American countries.

That medicine is Hood's Sarsaparilla. It cures radically and permanently, in that it removes the cause, cleasing the blood of scrofulous and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system. 3
