### Vigo Agricultural Fair.

The Vigo Agricultural Fair closed on Friday by the awarding of Premiums to the successful competitors, a list of which we will give, if furnished us. We have endeavored to give a synopsis of the exhibition, but from the surrounding circumstances, the want of system in the arrangement of articles, the absence of any one competent to give information in regard to the ownership of articles, and the shortness of time, other duties preventing us from being on the ground, we have no doubt overlooked, or neglected to mention many articles worthy of note.

The owners will understand that it was from no disposition to slight any one. We had no opportunity to witness the display of stock, but understand it was fully worthy of high commendation.

The award of premiums, we believe, gave as general satisfaction as usual—those having the best claim to premiums, being the most dissatisfied in not obtaining them.

Considering the state of the weather during the continuance of the Fair, the society has no cause to be discouraged.

The entire receipts, we understand, were about $2,000.

THE BALLOON ASCENSION—A vast crowd of people assembled on the Fair Grounds, on Saturday, to witness the ascension of Prof. Bannister.

The day was very pleasant and beautiful, and an almost equal number were congregated outside the enclosure.

The Baloon was filled at the gas works, and was brought to the grounds about two o'clock, escorted by the Vigo Guards, with their admirable band of music. After some preliminary arrangements, the Prof. took his seat, and amid the shouts of the multitude, gracefully and rapidly ascended, being born in a S. S. E. direction, and soon reached a great height.

The crowd gazed in admiration after him, until he descended behind the grove.

He landed in the neighborhood of the old Poor House, some 4 miles from the place of ascent, having been in the air about 30 minutes. It was a very beautiful and satisfactory ascension.

CONSUMPTIVE INVALIDS, and all those suffering from diseases of the Throat and Lungs, are especially referred to the advertisement of Dr. Flower, headed, "To Consumptive Invalids" in our inside columns. The Doctor has taken rooms at Buntin's Hotel, where he offers consultations free of charge, to all who suffer with the above complaints; also a pamphlet, explanatory of his treatment. He remains till the 8th day of October, (two weeks.)

☞ We have had an opportunity to examine the premium Boots, manufactured by Messrs. Doll & Mann, and consider that the premium was properly awarded and justly merited. The material is of the very finest and best quality, and the workmanship, we presume, cannot be excelled.—They contain over 9,000 stiches. The balance of the work exhibited by these gentlemen, was of a very superior quality.

EVANSVILLE & CRAWFORDSVILLE RAILROAD.—This road sells half fare tickets to the State Fair, at New Albany. The 9:45 train makes close connection at Vincennes and at Mitchell, passengers taking tea at New Albany the same evening.

Sept. 27, d3t

☞ There was a fight on Saturday night, about 8½ o'clock, on Wabash St., in the neighborhood of Ryan's Coffee House, and the "Gem," in which one man was severely treated.

Being drunk, he was abusing and threatning an old man, when a young man, a stranger passing by, took the quarrel off the old man's hands and gave the other a severe thrashing, which all agree he deserved.

STATE FAIR—The State Fair Commences at New Albany to day, and will continue until Friday. The Evansville & Crawfordsville R. R. will carry passengers to Vincennes at *half fare*, making close connections with the Ohio & Mississipi R. R., which with the New Albany & Salem Road, also carry passengers for half fare, to the Fair.

This is a delightful route, and will be new to many of our citizens.

We are not advised in regard to the arrangements made with the Terre Haute & Richmond Road.

☞ Died in St. Louis, on the 19th inst., Mrs. Mary Clark, wife of Col. Thomas H. Clark, Pension Agent at St. Louis.

Mrs. C. was a sister of Mrs. Macom McFadden, of this city, and also of John Dixon, late of this county, now of Kankakee, Ills.

Col. Clark was one of the earliest settlers of this county, and was at one time, Sheriff of the county.

☞ The City Marshall has filled up the mud hole in front of the Post Office with fine gravel and sand. It occurs to us that good boulders would have been equally durable, had they been well put down. When the next hard rain comes we shall see what we shall see.

☞ The Messrs. W. G. & C. M. Terrell, have sold the Lafayette *Journal* establishment to Messrs. Lose & Wilson, who will continue its publication. Mr. Lose formerly edited the *Journal*, and is a gentleman of fine literary attainments, and an able and brilliant writer.

We are glad you are one of us, "Pax."

☞ In the Lawrence (Ind.) Circuit Court, last week, Washington J. Houston recovered $1,920 from the New Albany and Salem Railroad Company for detention in conveying hogs over the road. The court subsequently granted the company a new trial.

CURE FOR DIVORCE.—Michelet, in his remarkable book L'Amour, mentions the following novel method of curing the disposition in married couples to become separated:

In Zurich, in the olden time, when a quarrelsome couple applied for divorce, the magistrate never listened to them. Before deciding upon the case, he locked them up for three days in the same room, with one bed, one table, one plate and one tumbler. Their food was passed them by attendants, who neither saw nor spoke to them. When they came out, at the end of three days, neither of them wanted to be divorced.

☞ Our lympatic cotemporary, Cookerly of the Terre Haute Journal, is a sneaking kind of a Douglas man, with enough back bone to hold him stiff until an office is offered. Eighteen months ago he was quite restive; an office in the penitentiary settled him. Later, he has again been impelled by public sentiment around him to restiveness; to quiet him again, a postoffice in Vigo is established and called Cookerly.—*Mad. Cour.*

BRIDGETON, IND., Aug 22, 1859.

DR. C. W. ROBACK—*Dear Sir:* In the summer of 1853, while in the creek swimming, I received a hurt in the small of my back, which I paid but little attention to at the time; but in a short time I was confined to my bed, from which I was not able to raise myself up for several months.—After using various medicines, I got the pain partially removed; but the disease still kept progressing, and death seemed to be in sight; but still I felt anxious to be trying to see whether I could find some medicine that might relieve me of my suffering. It seemed all in vain. I tried various physicians, and some very eminent ones in your city. But they gave me no encouragement, and I became almost overwhelmed with despair.

In the fall of 1858, I chanced to pick up one of your Almanacs, and learning your address, I concluded to give you a history of my disease. As I scanned over its pages hope sprung up, and I thought I would make one more trial, and a beneficial trial it was to me, for at that time I could not stand alone without my crutches. The spinal bone had curved out and threw me out of shape. But I must say, before I leave off, that since you sent me the Blood Purifier and Blood Pills, and Scandinavian Remedy, that I have not suffered much.—Instead of being confined to my bed, I am able to follow the plow, and do any kind of work, except chopping or mauling rails.

If there are any who have any scruples as to the truth of this, let them address Mr. F. F. Robbins, I. Briggs, T. Day, Rev. J. Smith, Rev. J. Bruffer—all of Bridgeton, Ind. Yours respectfully,

A. M. JACKS

THE GREAT DISCOVERY OF THE AGE.—Prof. O. J. Wood, in the discovery of his unrivalled Hair Restorative, has conferred upon mankind a lasting benefit. No such sovereign remedy for all diseases of the hair has ever been discovered.—Never known to fail of accomplishing all that is claimed for it, thousands now daily use it with infinite advantage to themselves. Every day the proprietors receive letters ratifying to its merits, and enumerating the benefits resulting from its use.

To those who are in this way afflicted, we can commend the Hair Restorative as a safe and reliable remedy. See the advertisement in another columns, wherein will be found testimonials from numerous well known firms and individuals. [sept13]

☞ One of the most pleasing, at the same time effective remedies for Dyspepsia, and all other diseases arising from a morbid condition of the Stomach and Liver, is Dr. Hostetter's Bitters. It not only removes the disease from the system, but by giving tone to the organs of digestion, aids them in their functions. All who have tried it acknowledge its excellence and superiority, and we therefore commend it to the sufferer. Dr. Hostetter's Bitters as a tonic is too well known to need praise. It is therefore scarcely necessary at this time to do more than direct attention to this preparation, which is certainly unequalled by any before the public, satisfied as we are that its wide-spread reputation must prove sufficient to satisfy all as its excellence as a relief and remedy for all diseases of the stomach. Sold by Druggists every where. [Sept. 28, dw1t

☞ We would call particular attention to McLean's notice in another column. We add the following from the St. Louis Herald, which speaks volumes in its favor. We say to all, give it a trial:

"We take especial pleasure in recommending McLean's celebrated Strengthening Cordial as an invaluable remedy for general debility and weakness. We have seen it tested in a circle under our own immediate observation, and can vouch for its efficacy and worth. It is an article which should be kept constantly in every family, as it is certainly an invaluable medicine. See the advertisement in another column.

*To Consumptive Invalids!*

DR. FLOWER,

GRADUATE OF THE CITY UNIVERSITY OF New York, Associate of the late Professor and Lecturer to the Hosterian Institute, and Hospital Physician, London, England, has taken room No. 1,

At Buntin's Hotel, Terre Haute, Ind.,

where he may be consulted daily for Consumption, Asthma, Loss of Voice, Bronchitis, Chronic Cough, and Pulmonary Irritation; also, for Dyspepsia, FEMALE COMPLAINTS, Chronic Diseases, and all affections connected with or predisposing to Consumption, till OCTOBER THE 8th, (Saturday.)

Dr. FLOWER wishes it distinctly understood that, although he considers Consumption a curable disease, and treats it as such, he does not pretend to cure those who have neither lungs nor constitution left. He would also add that he is accustomed to tell those applying, their real situation, and none need apply who are unwilling to learn the truth. A curative treatment will of course only be undertaken in cases where there seems some chance of remedy. Where there is none, the treatment must be merely palliative.

The treatment employed, is the *breathing of Medicated Vapors into the Lungs, thus producing an action at the very seat of the disease*, combined with constitutional remedies, which are Safe, Prompt and Effective. As Dr. F.'s stay is limited, all who intend to consult him should do so at once. For the last seven years Dr. F. has devoted his entire time to the treatment of the above diseases.

☞ No charge for consultation, by letter or otherwise, or a pamphlet explanatory of his treatment, and which can be obtained at his rooms.—Office hours from 9 to 5 daily. [sept26-tf]
