NOTICE TO CONTRACTORS—TERRY avenue (formerly Tenth street) improvement.

Notice is hereby given that sealed proposals will be received by the undersigned, secretary of the board of public works of the city of Seattle, up to 2 o'clock p. m. Thursday, September 10th, 1896, for the improvement of Terry avenue (formerly Tenth street), from Pine street to Virginia street, by grading the same and constructing sidewalks on both sides thereof, and parking the same on both sides thereof, as provided by ordinance No. 4262, creating local improvement district No. 121, in accordance with the plans and specifications now on file in the office of the board of public works.

Each bid must be accompanied by a certified check payable to the order of the city comptroller for a sum not less than five (5) per cent. of the bid, and no bid will be considered unless accompanied by said check.

The successful bidder will be required to enter into a contract and furnish satisfactory bond for the amounts required by the city charter and the laws of the state of Washington, within ten days after being notified of the award of the contract to him; failing to do so, the said check and the amount fixed therein will be forfeited to the city. No person is eligible as a bidder who has within two years prior to the letting of said contract made default in payment of any just claim for any work or labor performed or for any skill or material furnished pursuant to any such contract as herein advertised, or who within said two years failed to complete any such contract.

Said bids shall be made under and by virtue of ordinance No. 3349, and as amended by ordinance No. 3440, and the laws of the state of Washington relative to improvements upon the "installment bond plan," and the bidder shall state whether he will accept in payment of said improvement the bonds of "Local Improvement District No. 121," or wait until the bonds to be issued for said improvement shall have been issued and negotiated as provided by said ordinance No. 3349 and as amended by said ordinance No. 3440.

Special attention is called to article xxiii, of the city charter as now in force relating to "hours of labor," and to article ii., sec. 21, subs. 1 and 2, which read as follows:

Sec. 21. Subdivision 1. Before any contract for the doing of any work or labor, or furnishing any skill, labor or material to or for the city of Seattle shall be valid or binding against the city, the contractor shall enter into a joint and several bond with the city of Seattle, for the use of the city and also for the use of all persons who may perform or cause to be performed any work or labor, or furnish or cause to be furnished any skill, labor or material in the execution of such contract, conditioned to perform the contract according to its terms, conditions and stipulations and to pay as they become due all just claims for all work and labor so performed, and all skill or labor and material so furnished in the execution of such contract, and to comply with all the requirements of the charter and ordinances of the city and the amendments thereto, which bond shall be in an amount fixed by the board of public works, but not less than fifty per cent. more than the contract price agreed to be paid for the performance of such contract, and shall be duly signed by such contractor, and two or more good and sufficient sureties, and after approved as herein provided, shall be filed in the office of the city comptroller, providing that before approving any such bond the mayor and comptroller shall cause to be filed with and preserved by them, by the proposed sureties, a list of their properties owned by each such proposed surety, such list describing with reasonable certainty the various properties and showing whether the same is community property or separate property of the husbands and wives therein. The bond shall also contain any other conditions or provisions required by any state law, and such bond shall be deemed to run also to the state of Washington.

Subdivision 2. The sureties on such bond shall each justify as bail upon arrest.

More than two sureties may be accepted on such bond, and they may justify in separate and different sums less than the sum specified in the bond, provided, that the aggregate of their justification shall be equal to two sureties justifying in double the amount of the bond in the manner herein provided.

The board of public works reserves the right to reject any and all bids.

Proposals must be indorsed on the envelope, "Bids for Terry Avenue Improvement."
