ANOTHER SCIENTIFIC WONDER! Dr. HOUGHTON'S PEPSIN, the true digestive fluid or Gastic Juice, a Great Dyspepsia Curer, prepared from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.
This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after nature's own method, by nature's own agent, the Gastric Juice.
The Gastric Juice is the Great Solvent of the food, the purifying, preserving, stimulating agent of the stomach and intestines. Without it there can be no digestion,—no conversion of food into blood—no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half-dead, or injured stomach produces no good Gastric Juice, and hence the disease, distress, and debility which ensue.
But this want may be supplied by extracting the digestive principle, Pepsin, from the stomachs of animals resembling man, thus forming a Digestive Fluid, precisely like the natural Gastric Juice, in its chemical powers, and furnishing a complete and perfect substitute for it.
The art of performing the process of Digestion Artificially has long been known to Physiologists. Dr. Houghton claims the merit of making the application of this art, to the cure of Dyspepsia, in a perfect and agreeable form.
☞ READ THE SCIENTIFIC EVIDENCE:—Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."
Call on the Agent for further evidence, of a similar character. It is doing wonders for Dyspeptics. Every bottle of the genuine preparation bears the written signature of J. S. HOUGHTON, M.D., sole proprietor.
Dr. HOUGHTON'S NEW-YORK OFFICE, 66 Lispenard-st., a few doors from Broadway. 22f 1w

VALUABLE HINT TO DYSPEPTICS. Dr. ANDREW COMBE ON INDIGESTION. Dr Combe, in his valuable writings on the "Physiology of Digestion," observes that a diminution of the true quantity of Gastric Juice is a prominent and all prevailing cause of Dyspepsia; and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successful."
Dr. Houghton, of Philadelphia, prepares an Artificial Digestive Fluid called PEPSIN, from the Digestive Stomach of the Ox, which affords an admirable remedy for Indigestion, curing after Nature's own Method, by Nature's own Agent, the Digestive principle. Call and see the extraordinary Scientific evidence of its value.
