PATENT COMBINATION SOAP.—A recent invention! great saving in the cost of Soap for washing! being the greatest labor-saving article yet invented! No other Soap is needed in a family, for any purpose whatever. The inventors have labored hard and long to combine in the most concentrated and convenient form a Soap that will save labor, and that can be used with perfect safety. It takes the dirt from clothes by using a very small quantity, by simply soaking, boiling and rinsing (except clothes have stains, or are very dirty)—in that case, a little should be rubbed on before boiling. It is converted into Soft Soap by dissolving into hot water, and, when made as per directions, costs about 5 cents per gallon—exceeding any other for all purposes for which Soap is used. The Patent Combination Soap being very hard, and containing no resin—making it the best, and by far the cheapest "bar Soap" ever used—it renders hard and salt water equally as soft for washing purposes, and, being free from acids, cannot injure or yellow clothes in the least. Consumers and dealers will do well to make themselves acquainted with this article without delay.

USES OF THE WILD CHERRY.—The Plainfield (N. J.) Union of Sept. 28, 1848, says: "The Wild Cherry tree has been known for ages to be a most valuable and efficacious remedy for Coughs, Colds, Asthma and Consumption; and combined, as this Balsam is, with other valuable vegetable extracts, by a skillful physician, Dr. Wistar, it must of course be a highly efficacious remedy. Such, we have often been informed by those who have used it, it is; and we are not, therefore, surprised that it is in greater demand, for the diseases named, than any medicine now sold in this vicinity."
DOES ANY ONE DOUBT THE EFFICACY OF THIS MEDICINE?
We do not ask the public to rely solely upon recommendations produced from States far distant, where the persons cannot be known; but having testimony from every State in the Union, we would respectfully invite all persons interested to call at 138 Washington-st., Boston, Mass., and examine for themselves the many thousand testimonials, from persons all over the whole country who have been benefited or cured by this invaluable medicine.
Beware of Counterfeits and Imitations, Syrups, and all other preparations of Wild Cherry! Remember, they only imitate in name, without possessing the virtues. Buy none but the genuine DR. WISTAR'S BALSAM OF WILD CHERRY, with the written signature of I. BUTTS on the wrapper.

READ THE FOLLOWING TRUE STATEMENT: TARRYTOWN, Dec. 9, 1850.
MR. HARRISON—SIR: I write you these few lines to inform you of the great benefit I have received from your COMPOUND SYRUP OF NAPTHA. Eight years ago I was taken with the pleurisy in my left side, and ulcerated my lungs; therefore I was obliged to give up work and seek for relief. I tried everything that I heard of, but all to no purpose. My health continued to decline, till finally I began to raise blood and large quantities of matter. In this state I continued for some time, until last fall, November 1849, when I took to bleeding from the lungs. I bled about two quarts in twenty-four hours. I then gave up all hopes of recovery, until I heard of your Naptha. Still I thought it was like all the rest of the patent medicines, (a humbug) But I resolved to try one bottle as a last resort, and, thanks to God, I did so, for with his blessing I believe it will make a well man of me yet. I had not taken one bottle before I began to get better, and in a few weeks I was about the house, and from that time to the present I have not raised any blood—before that I had a bad spell every few months. I could not do without it on any account, and would recommend all who suffer from lung complaint to try it at once for I do believe that if anything will effect a cure, this Naptha will. Yours, with respect, C. D. REVERE.
P. S.—I would have written to you before, had I not recently contracted a severe cold, which your NAPTHA has entirely removed. I can now attend to business, and expose myself to all weathers. C. D. R.

Being purely vegetable in its composition—and these of the most innocent character, yet so united in that happy proportion as to have the most decided and charming effect—it may be taken with the utmost safety by the cradled infant, the man of vigorous years, and him that's bent with age. DR. FELIX GOURAUD'S ITALIAN MEDICATED SOAP—This admirable emollient is now by common consent, rated A No. 1, as a remedy for blotches, chaps, chafes, cracks, pimples, pustules, scrufs, tan, freckles, sunburn, all kinds of eruptions, and every species of discoloration and disease of the skin. All competition has been completely distanced by this invaluable preparation, the demand for which, within the last six months, has increased more than five hundred per cent, and is still increasing. The clearness and freshness which its use imparts to the complexion have rendered it proverbial as a beautifier of the skin; and no dressing room can be considered furnished with a proper toilet that lacks
GOURAUD'S ITALIAN MEDICATED SOAP.
It is also a delicious compound for shaving, and can be used in hard or salt water, and is a sovereign and instantaneous remedy for the bites of insects. If beauty be, as it is asserted, only skin deep, it is the more important that the thin covering in which loveliness resides should be kept in the present and most attractive state. Dr. G. might go on amplifying the merits of his Italian Medicated Soap, but he thinks that the number of certificates which have been published throughout the Union, at a cost of several thousand dollars to the Doctor, from eminent Physicians, Clergymen, Members of Congress, Captains of Ships, Officers of the Army and Navy, and a host of distinguished ladies, the original of which testimonials can always be seen if required, are, the Doctor thinks, sufficient to convince any one not willfully blind. If there be any such, the Doctor might apply to them the language of Scripture, and say, "If ye believe not Moses and the prophets, neither would ye believe though one rose from the dead."
GOURAUD'S POUDRE SUBTILE positively extirpates, root and branch, all superfluous hair.
GOURAUD'S HAIR RESTORATIVE is warranted to prevent hair from falling off, cure dandruff and render harsh, wiry hair, soft, silky and glossy.
GOURAUD'S LIQUID ROUGE will impart to the pale cheek and lip a crimson flush, as magnificent as that of the rose.
GOURAUD'S LIQUID HAIR DYE will change red or gray hair to a beautiful black or brown in a few minutes.
GOURAUD'S LILY WHITE instantly dissipates redness, flushes, and roughness.
Beware of deception, and remember that it is impossible to procure the genuine preparations of Dr. Gouraud, except at his depot, 67 Walker-st., first door from Broadway. Bates and Jordan, 129 Washington-st., Boston; Ballentine, 88 South Third-st., Philadelphia. 25f eodtf

GREAT COUGH REMEDY.—AYER'S CHERRY PECTORAL for the cure of Coughs, Colds, Hoarseness, Bronchitis, Whooping-cough, Croup, Asthma and Consumption. Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the manifold varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures attended by its use, but we would present the following opinions of eminent men, and refer further inquiry to the circular, which the Agent below named, will always be pleased to furnish free, wherein all full particulars, and indisputable proofs of these facts.
From the President of Amherst College, the celebrated Professor Hitchcock.
"James C. Ayer—Sir: I have used your Cherry Pectoral in my own case of deep-seated Bronchitis, and am satisfied from its chemical constitution, that it is an admirable compound for the relief of laryngial Bronchial difficulties. If my opinion as to its superior character can be of any service, you are at liberty to use it as you think proper.
EDWARD HITCHCOCK, L. L. D.
With such assurance, and from such authority, no stronger proof can be adduced, except that found in its effects upon trial.
