LORD BROUGHAM, in the installation address which he delivered to the University of Edinburg, referred to Washington in the following eloquent words;

"In Washington we may contemplate every excellence, military and civil, applied to the service of his country and of mankind—a triumphant warrior, unshaken in confidence when the most sanguine had a right to despair; a successful ruler in all the difficulties of a course wholy untried—directing the formation of a new government for a great people, the first time so rash an experiment had ever been tried by man—voluntarily and unostentatiously retiring from the supreme power with the veneration of all parties, of all nations, of all mankind, that the rights of man might be conserved and that his example might never be appealed to by vulgar tyrants. It will be the duty of the historian and the sage, to omit no occassion of commemorating this illustrious man, and until time shall be no more, will a test of progress which our race has made in wisdom and virtue be derived from the veneration paid to the immortal name of Washington."

☞I say here to day that I have heard the great men of this nation—North and South East and West—for four consecutive years in the Hall of the House of Representatives, and in the Senate of the United States; I have heard the Stephens and Toombs of the South; the Sewards, Chases and the Corwins of the North, I have heard the most renowned orators on the floor of the Senate and House daily for years; and I say here to day, that for clearness of statement, for penetration of thought for power of irresistable logic, for broad comprehensive, states manlike views, for exalted purity of private and public character, your own Abraham Lincoln is the clearest, noblest, purest and best of them all. In the history of his life, in all the elements which inspire with enthusiasm the hearts of the masses of mankind, and rouse the millions to action, I stand up here to day, in this the Capitol of the State, and in the presence of my countrymen, to say that the name of Abraham Lincoln is this day and hour the mightiest name upon the Continent of North America. [Prolonge cheering.]—Hon Mr. R. Yates, of Illinois.

☞A gentleman formerly employed in the Journal office, and who was an ardent supporter of Fillmore in 1856, in a letter from Memphis, Tennessee, to a friend in this city, says:

"There are five Lincoln men in my boarding house out of ten, and I do honestly believe that if there was a chance given there would be over 3,000 votes polled here for Lincoln"

Republicanism, on side of the non-slave holding States, first broke out in St. Louis, the commercial capital of Missouri, and it is now manifesting itself in the principal city of Tennessee. We may next expect to hear of its appearence in New Orleans. In four years more it will be universal throughout the nation.—*Ind. Journal.*

Blood Purifier and Blood Pills

BOTANY. CHEMISTRY. EXPERIENCE. PHARMACY.

DR. ROBACK'S

SCANDINAVIAN REMEDIES.

WHEN DR. ROBACK, THE CELEBRATED Swedish Physician, introduced his Blood Purifier and Blood Pills in the United States, he set forth in plain language their curative properties. This was years ago. The task of recommending them has since been taken out of his hands. Enlightened men whose character for sound judgment and philosophy, gives their opinions weight in the community, men who observe, reflect, and make assurance doubly sure before they decide—are everywhere approving and urging the use of these wonderful Preparations. All who confide in the wisdom and honesty of this class, or who chose to investigate for themselves are now of one mind on this important subject.

Dr. Roback invites the attention of the sick to the

ORIGINAL LETTERS,

From members of the Medical Profession, Editors of public journals, well known Merchants and Farmers, and Ladies of the highest respectability, giving accounts of extraordinary cures wrought by the remedies, of which cures they themselves were

EYE WITNESSES.

These parties may be consulted personally or by letter, by those who have any doubt upon the subject. The evidence in the possession of *Dr. Roback*, which is at all times accessible to the public, establishes the following

FACTS:

That the Blood Purifier and Blood Pills have been proved by analysis to

CONTAIN NO MINERAL;

That they cure the almost universal complaint

DYSPEPSIA

with unerring certainty, and in a very short time That after all other medicines have proved useless, they relieve

LIVER COMPLAINT,

and restore the health and strength of the sufferer. That

SICK FEMALES,

who have languished for years in helpless weakness and despondency, recuperate with great rapidity under their invigorating operation. That all sexual disabilities are removed by their cordial and gently stimulating properties. That they recruit

SHATTERED CONSTITUTIONS,

however they may have been trifled with and abused; that their direct tenuency is to lengthen life, and render it enjoyable. That operating directly upon the poison of disease in the blood, they

CAUSE SOON TO HEAL,

and discharge from the system, every taint of scrofula, whether hereditary or otherwise. That they

RECRUIT THE DEBILITATED,

and that there is no disease of the Stomach and bowels, the liver, the nervous system, the skin, glands or muscles,

ARISING FROM IMPURITIES OR OBSTRUCTIONS IN THE BLOOD OR SECRETIONS.

in which they do not give prompt relief, and if administered before the very citadel of life has been invaded, effect a painless and perfect cure

Price of the Scandinavian Vegetable Blood Purifier, $1 per bottle, $9 per half dozen. Of the Scandinavian Vegetable Blood Pills, 25 cents per box, or 5 boxes for $1.

Read Dr. Roback's Special Notices and certificates, published in a conspicuous part of this paper from time to time.

Dr. Roback's Medical Almanac and Family Adviser, containing a great variety of interesting and valuable Medical information, can be obtained of any of his Agents throughout the country.

In difficult or complicated Cases, Dr. Roback may be consulted personally or by letter enclosing one stamp for the reply.

From Rev. Mr. McMullen, Pastor of Roberts Chapel.

INDIANAPOLIS, Oct. 6, 1857

DR. C. W. ROBACK—Dear Sir: I have used your Blood Purifier for a nervous affection, from which I have suffered much at times. While it is pleasant to taste, it certainly has a happy effect upon the nerves. Please accept my thanks for your kind regards, and believe me Yours,

THE New TREATMENT OF CONSUMPTION.

MOST EXTAORDINARY RESULTS.

The attention of sufferers, whether in the incipient or advanced stages of Consumption, is directed to the following evidence of the invariable efficacy of

WINCHESTER'S GENUINE HYPOPHOSPHITES,

from a physician of extensive reputation and practice, for the last twenty years, in Chester Co Penn:

CHATHAM, PA., 24 Month, 26th, 1860.

FRIEND J. WINCHESTER:—At the time of receiving your letter requesting a report of the cases in which I had used the Hypophosphites, I was very much engaged, both night and day.

Many of the persons who have taken Hypophosphites have not been under my immediate care; but most of them I have had an opportunity of examining previous to their commencing the treatment.

Thirty six persons have obtained the medicine from me, twelve of whom have been under my own care. Five of them were, in my opinion, and in the judgment of other physicians, hopeless cases of Pulmonary irritable cough, copious expectorations of a purulent character, night sweats and emaciation. These cases were from one to three years' standing. Amelioration and succession developed sounds, which taken in connection with the other symptoms, gave evidence of a condition from which I have never in seventeen years practice, seen a single case recover by any other treatment. Under the use of the Hypophosphites, all the bad symptoms cease. They have gained Flesh, and strength and Health—some of them better than they have enjoyed for seven years previously.

The other cases under my care were in the incipient stage, and in them all symptoms or trace of the disease have disappeared. Of those who were not under my care I have not heard a single patient who did not express himself benefited by the use of the Remedy; although in some of them the disease was too far advanced to admit the possibility of recovery.

I present I am as sceptical in all Medicines, or Specifics, as most Physicians; yet, from the experience I have had in the use of Dr. J. P. Churchill's Remedy for Tuberculosis, I would say to all who have any tendency to that disease, take it and the sooner the better before there is disorganization. W. W. TOWNSEND, M. D.

WINCHESTER'S GENUINE PREPARATION

Is the only reliable form of the "Hypophosphites" and is put up in 2 and 16 ounce bottles at $1 and $2 each. Do not confound this remedy with the cheap trash of "Chemical Food," and avoid all preparations of Iron, Cod Liver Oil, &c., as the use of such is injurious or useless in Pulmonary Diseases. Sold by all respectable Druggists, and wholesale and retail, at the sole General Depot, by

OLD and YOUNG

AFFIRM ITS TRUTH,

VIZ: THAT

Professor Wood's Hair Restorative

WILL preserve, *infallibly*, the *growth* and *color* of the Hair, if used two or three times a week, to a healthy and vigorous age. Perfectly restore the gray; cover the bald with nature's own ornament, the hair; make it more soft and beautiful than any oil, and preserve the scalp free from all diseases, the greatest age. Statesmen, Judges, Attorneys, Doctors, Clergymen, Professional Men, and Gentlemen and Ladies of all classes, all over the World, bear testimony that we do not say too much in his favor. Read the following and judge for yourselves.

PROFESSOR S. THALBERG, PIANIST, says, on his arrival in the United States he was rapidly becoming gray, but on applying Wood's Hair Restorative his hair soon recovered its original hue.

CHARLES CARDEW, IN NASSAU ST., N. Y., says the gray hairs on his wife's head were all in a few weeks trial, turned into a dark brown, all the same time beautifying and thickening the hair.

A. C. RAYMOND, BATH, MAINE, says he is now sixty years old, and his hair and whiskers were two-thirds gray, but by the use of two bottles of restorative the gray hairs have disappeared, both on his head and face, and is more soft and glossy than for twenty five years previous. He is not the age of fifty-two, has used it with the same effect.

FINLEY JOHNSON, ESQ., N. O., says that a friend had by the yellow fever, in 1854, used Wood's Hair Restorative, and his hair is now thick and glossy.

S. M. MIDDLETON, LIVINGSTON, ALA says the Restorative has done much good in this part of the country. He used it for baldness, and now has a fine head of hair.

T. L. MORSE, LEBANON, KY, says he has Wood's Hair Restorative used in hundreds of cases, and never knew it to fail in accomplishing all it proposes to do.

A. J. ALDEN, MCLANESBORO, ILL., says he had the bald head eight years, and was bald, but by the liberal use of Wood's Hair Restorative, he now has a rich, glossy head of hair.
