More of Johnsons Record.

In the Pittsburg Journal of the 2d inst., we find the following:

"CAPITAL SHOULD OWN ITS LABOR."

Write it out and look at it, all you laboring and toiling thousands of this city and State. The Democracy (Heaven save the mark!) at Baltimore have nominated a ticket, on which Johnson of Georgia, is candidate for Vice President. This man, on the 17th of September, 1856, made a speech in Philadelphia in which he said:

"We believe capital should own labor; is there any doubt that there must be a laboring class everywhere? In all countries and under every form of social organization there must be a laboring class—a class of men who get their living by the sweat of their brow; and then there must be another class that controls and directs the capital of the country."

We ask our readers, thousands of whom are men whose hands have been hardened by toil, we ask you now, if you can, to vote for a ticket that carries on it the name of a man who can unblushingly in the capital of this mighty labor State, stand up and say that the owners of our foundries, rolling mills, coal mines and farms *should own the sinews and the souls of those who "earn their bread by the sweat of their brow."*

And moreover, this vile calumniator of honester men than he dares to be, puts his argument boldly upon the ground that *capital should own its own labor because it is labor!* "There is," says he, "a laboring class, and a ruling class!"

What man is this, who has the hardihood to cast such a slur upon our institutions. "A laboring class owned by capital" indeed. Who were Benjamin Franklin, Roger Sherman, Gen. Green, and hosts of our best and greatest men, but of the laboring class? Let Johnson come to our city, and we will point him to the capitalist who is also the laborer, and the laborer who has his snug sum in the bank for a rainy day. This is your Democratic hero of 1860, whose highest idea of labor is what he sees scourged daily to the rice swamps or exposed on the auction block! His laborer is the down trodden one whom the man-stealer plucks from his family, chains in the coffle, and sends clanking to the lifedoom of unrequited toil!

To our Democratic Vice Presidential candidate, every man of Pennsylvania "who eats his bread in the sweat of his face," is so much bone and sinew to be bought and sold by "capital" and owned by "capital," whipped by "capital," plundered by "capital," and damned if "capital" please! Mind, it is "labor" that "capital" should own; not Africans, nor Indians, nor Japanese, nor Chinese coolies, nor any particular class of toilers, but "labor," which, the thing being put for the person, includes all men who do labor, whether in the deadly rice swamp under the scorching sun of Georgia, or by the blazing forges of Pennsylvania! The laboring man who, knowing of that speech of Johnson's, would yet vote for him for *any* office, *deserves to be a plantation slave, and should work to the crack of a whip all the days of his life.*

Negro Equality.

The following extract from Judge Morton's speech in reply to Turpie at Bloomington, demolishes the foolish cry of "Negro Equality" as completely as anything we have seen:

But my friend [Turpie] has a good deal to say about negro equality. That is the burden of the song upon the part of the Democratic party—negro equality—negro equality! Who is in favor? Is the Republican party in favor of it? If so, where is the evidence of it? We have a great deal of loose declamation.

Col. Foster.—I will tell you where the evidence of it is.

Mr. Morton.—Well, say on.

Col. Foster.—In Massachusetts; ninety-five white woman married to as many negroes.

Mr. Morton.—My friend speaks of negroes voting in Massachusetts.—When were negroes first allowed to vote there? Has it been since the Republican party has been in existence? No, sir; they voted in those balmy days when the Democratic party elected Governors. [Great Applause.

Col. Foster.—I am speaking of practical amalgamation.

Mr. Morton.—You placed it there; My friend spoke of Ohio, to. He spoke of the State of Ohio, the negroes being allowed to vote there. I ask under what Constitution they are allowed to vote? That Constitution was made when the Democratic party had a majority of twenty thousand in that State, (great applause,) and in the Convention that made that Constitution there was a large Democratic majority. (Continued Applause.) When were negroes first allowed to vote in the State of Maine? In the good old days when the Democratic party had an overwhelming majority. (Renewed Applause.) In point of fact, my friend cannot point to a single step taken in a Free State toward enlarging the rights of a free negro—toward negro equality—since the Republican party was called into power. My friend may take the State of New York.—When were negroes first allowed to vote there? Years and years ago, before the Republican party had power. Who was in favor of it? Martin Van Buren, the bosom friend of Jackson, the man who with his son John are ardent supporters of this Democratic Administration. [Applause.]

So far as the thing is concerned all this was done years ago. The Democratic party is as much responsible for them to day as ever, and as far as the Republican party is concerned they were all done before it was callled into existence. [Much Applause.

☞ The Daily Southern Confederacy is one of the rampant Douglas and Johnson organs of the Slave States. It thus frees its mind on the subject of disunion:

But if the worst does come; if Lincoln is elected, *let us with one heart and mind forget the past*, AND GO OUT OF THE UNION TOGETHER. If we permit the blacks to come into power, and allow them to govern us, they will, in four short years inflict a moral sting upon slavery from which it will never recover. We must not permit it.

Douglas charges the Breckinridge men of the South with being disunionists, and presents nonintervention as the grand healing salve; but the first threat of disunion since the Baltimore nominations come from Popular Sovereignty advocates—a fact worth remembering.

CALHOUN had once supposed the case, and pronounced squatter sovereignty "an *assumption unfounded, unconstitutional, and contrary to the entire practice of Government from the beginning.*"

☞ John Hickman, of Pennsylvania, will take the stump for the LINCOLN and HAMLIN ticket. He has heretofore ranked as an Anti-Lecompton Democrat, with strong free soil notions.

A WIFE'S HELPING HAND.—At no moment of difficulty does a husband knowing his utter helplessness, draw so closely to his wife's side for comfort and assistance as when he wants a button to be sewed on his shirt collar:—*Punch.*

KEEP IT BEFORE THE PEOPLE.—That the Republican State ticket is composed of Abolition, Negro Equality-Republicans.—*Terre-haute Journal.*

Keep it before the people; that the author of the above is a base liar, and in no more plain manner has he exhibited this detestible trait of character than in penning and publishing the above malicious slander.—*Putnam Banner.*

☞ A Conductor on one of the railroads terminating in Wheeling, Va., was dismissed from the road last week, for having complimented a lady on his train for the Cinderella like smallness of a foot which she exposed beyond the folds of her crinoline. The company held that if the lady had a pretty foot she was probably aware of it—if not, it was no part of the conductor's duty to inform her of the fact.

Blood Purifier and Blood Pills

BOTANIC EXPERIENCE CHEMISTRY PHARMACY

DR. ROBACK'S

SCANDINAVIAN REMEDIES.

WHEN DR. ROBACK, THE CELEBRATED Swedish Physician, introduced his Blood Purifier and Blood Pills to the United States, he set forth in plain language their curative properties. This was years ago. The task of recommending them has since been taken out of his hands. Enlightened men whose character for sound judgement and philosophy, gives them a vision sight to the community, men who observe, reflect, and make assurance doubly sure before they decide—are everywhere approving and arging the use of these wonderful Preparations. All who confide in the wisdom and honesty of this class, or who chose to investigate for themselves are now of one mind on this important subject.

Dr. Roback invites the attention of the sick to the

ORIGINAL LETTERS,

From members of the Medical Profession, Editors of public journals, well known Merchants and Farmers, and Ladies of the highest respectability, giving accounts of extraordinary cures wrought by the remedies, of which cures they themselves were

EYE WITNESSES.

These parties may be consulted personally or by letter; to those who have any doubt upon the subject. The evidence in the possession of Dr Roback, which is at all times accessible to the public, establishes the following

FACTS:

That the Blood Purifier and Blood Pills have been proved by analysis to

CONTAIN NO MINERAL;

That they cure the almost universal complaint

DYSPEPSIA

with unerring certainty, and in a very short time That after all other medicines have proved useless, they relieve

LIVER COMPLAINT,

and restore the health and strength of the sufferer. That

SICK FEMALES,

who have languished for years in helpless weakness and despondency, recuperate with great rapidity under their invigorating option. That all sexual disabilities are removed by their cordial and gently stimulating properties. That they restrain

SHATTERED CONSTITUTIONS,

however they may have been trifled with and abused; that their direct tendency is to lengthen life, and render it enjoyable. That operating directly upon the poison of disease in the blood, they

CAUSE SOON TO HEAL,

and discharge from the system, every taint of Scrofula, whether hereditary or otherwise. That they

RECRUIT THE DEBILITATED,

and that there is no disease of the Stomach and Bowels, the liver, the nervous system, the skin, glands or muscles,

ARISING FROM IMPURITIES OR OBSTRUCTIONS IN THE BLOOD OR SECRETIONS,

in which they do not give prompt relief, and, if administered before the very citadel of life has been invaded, effect a painless and perfect cure

Price of the Scandinavian Vegetable Blood Purifier, $1 per bottle, $5 per half dozen. Of the Scandinavian Vegetable Blood Pills, 25 cents per box, or 5 boxes for $1.

From Rev. Mr. McMULLEN, Pastor of Roberts Chapel.

INDIANAPOLIS, Oct. 6, 1857.

DR. C. W. ROBACK—Dear Sir: I have used your Blood Purifier for a nervous affection, from which I have suffered much at times. While it is pleasant to taste, it certainly has a happy effect upon the nervous. Please accept my thanks for your kind regards, and believe me Yours,

THE NEW TREATMENT OF CONSUMPTION.

MOST EXTAORDINARY RESULTS.

The attention of sufferers, whether in the incipient or advanced stages of Consumption, is invited to the following evidence of the invariable efficacy of

WINCHESTER'S GENUINE HYPOPHOSPHITES,

from a physician of extensive reputation and practice, for the last twenty years, in Chester Co Penn:

CHATHAM, PA., 31 Month, 26th, 1860.

FRIEND J. WINCHESTER:—At the time of receiving your letter requesting a report of the cases in which I had used the Hypophosphites, I was very much engaged, both night and day.

Many of the persons who have used the Hypophosphites have not been under my immediate care; but most of them I have had an opportunity of examining previous to their commencing the treatment.

Thirty six persons have obtained the medicine from me, twelve of whom have been under my own care. Five of them were, in my opinion, and in the judgment of other physicians, hopeless cases of Phthisis—irritable cough, copious expectorations of a purulent character, night sweats and emaciation. These cases were from one to three years' standing. Auscultation and percussion developed sounds, which taken in connection with the other symptoms, gave evidence of a fearful disease. One which I have never in seventeen years practice, seen a single case recover by any other treatment. Under the use of the Hypophosphytes, all the bad symptoms ceased; they have gained flesh, and strength, and health—some of them better than they have enjoyed for seven years previously.

The other cases under my care were in the incipient stage, and in them all symptoms or trace of the disease have disappeared. Of those who were not under my care I have not heard a single patient who did not express himself benefited by the use of the Remedy; although in some of them the disease was too far advanced to admit the possibility of recovery.

I presume I am as skeptical in medicines, or Specifics, as most Physicians; yet, from the experience I have had in the use of Dr. J. F. Churchill's Remedy for Tuberculosis, I feel bound to say to all who have any symptoms which lead to and the sooner the better before there is disorganization.

Teal's Improved Device for Drawing Water.

"The old oaken bucket—the iron bound bucket, The moss-covered bucket, that hangs in the well"

THE subscriber have purchased the patent right of Vigo county, for the purpose of manufacturing Teal's Improved device for drawing water.

This Machine for Simplicity, Durability and Ease of Operation, is far superior to any other apparatus, for raising water, now in use, combining, as it does, the following advantages. It can easily be adjusted to wells of any depth, and is warranted to raise and empty, with ordinary turning.

Four Buckets of Water per Minute!

From wells twenty feet deep, and will work in that proportion to the depth of One Hundred and Forty Feet. It never freezes, and entirely avoids the poisonous effects and bad taste and smell, given to water by pumps and other turbines. It is simple in construction, and not liable to get out of repair. It is easily worked, so that a child of ten years can operate it with perfect ease. *The Bucket empties itself without the aid of the Hand*, thus avoiding the danger and inconvenience of many machines.

It is the Cheapest Machine now in use!

Manufactured and sold by the subscribers at Shaffer's Shop on Main street.
