SICK FOR THIRTEEN YEARS.

SUPERIORITY OF RADWAY'S READY RELIEF AND PILLS TO ALL OTHER SYSTEMS OF MEDICATION POSITIVELY ESCABLISHED.

Let those who doubt read the following letter from Mr Joseph Bowers, a respectable citizen of Quincy, Illinois

QUINCY, Ill., May, 1860.

DR. RADWAY & Co.:—I became diseased thirteen years ago, and have been diseased ever since. I have doctored with the best Physicians in this place, (Quincy, Ill.,) but grew worse under their treatment. I have tried a variety of the popular advertised remedies, with no better success. Nothing, so nothing did me any good until I tried

RADWAY'S READY RELIEF.

Then, for the first time in thirteen long years of anguish, misery and disease, I felt some comfortable relief. I kept on using the remedies (all one, and I was again able to enjoy life. My disease was all over my body and through my system, portions called it by different names. I was lame, crippled, had breakings out over my body and sciatics in all my joints, limbs, lumbarbos, pains in the stomach after eating, could not sleep well, nor do anything like a healthy man should do; in fact, I was miserable. With the Ready Relief I took

RADWAY'S REGULATING PILLS AND RENOVATING RESOLVENT.

All my pains and aches have left me, my pores are healed, my blood is pure. I can sleep well, and feel as vigorous, strong and healthy as any man desires.

SCROFULA CURED.

ISAAC PITTS, Esq., Brighton, Ills., testifies:

"Three years ago I had a Negro girl, twenty-five years old, taken sick with SCROFULA. Fearing to lose the girl, I took her up to my daughter, to be under the treatment of Dr. Williams in Henry County, who enjoys a great reputation in curing chronic diseases. The girl remained there for three months, without derriving any benefit; in fact, she grew worse all the time. And I had to send for her home. When she returned, her throat, neck and arms were covered with Running Sores. She was so weak she could scarcely walk—she had been down to a skeleton. I was advised by Dr. Dixon, of this place, to use RADWAY'S RENOVATING RESOLVENT and REGULATING PILLS. Three months sufficed to restore her to health. She is now as well as she was before she was taken sick.

"Mrs. Tyson, who lives within five miles of this place, had a Negro girl suffering worse than mine from the same disease. The doctors have pronounced her incurable—the use of your remedies likewise restored her entirely. You may publish this if for the benefit of others."

MISCELLANEOUS.

THE GREATNESS OF EXISTENCE.—There is a gradation in the human family, from the most exquisite specimen of the human form down to the most degraded and idiotic, which is the result of the operation of the laws of nature. Thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming universal, in connection with Mr. Spalding's great Medicine remedy, but it will not be used in a more general way, and the word Cephalic will become as common as Dentrifice and many others whose distinguishing origin in foreign words has been worn away by common usage until they mean "nothing and to the purpose."

"Really Realized.

It is a terrible malady this headache, and I stopped into the hypothecarian hand says to to the man, "Can you cure me of my headache?" "Can it be cured," says he. "Decidedly," says he, hand upon that "I give you a Cephalic Pill, hand you use your it cured the so quick that I really believed I had not an headache.

Bridget in the Scrape says by which nature is what knows any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indication should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is accordingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism, and all febrile diseases. In its nervous form it is symptomatic of diseases of the stomach constituting still headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the bowels, as well as recent and chronic affections. Diseases of the heart are very frequently attended with headaches: Amenorrhea and plethora are also affections which frequently occasion headache. Idiopathic headaches also very numerous, being usually distinguished by the name Nervous headache, sometimes coming on suddenly in a state of apparently actual health, and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or anchoring of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes preceding vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the disease of which Headache is the ensuing index.

Bridget—Then I think you in good bar a box of Cephalic Pills, so, a bottle of Pregnant Pills—but I'm thinking that's not just it neither; but perhaps you'll be after knowing what it is. Yes sir-ebbs, high dead and gone with Sick Headache, and wants some more of that same as relieved her before.

Druggist—You must mean Spalding's Cephalic Pills.

Bridget—Ooh! sure now and you're not it. Take the quarter and give me the Pills, and don't be all day about it either.

Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood and so much neglected as costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of the most fatal and dangerous diseases and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases, such as Malignant Fevers, Abscesses, Dysentery, Diarrhoea, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, find let into their presence in the system by this alarming symptom. Not unfrequently the disease annoyed originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy the dangerous foe to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that headache?

Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, and I think you would send more, so that I can have them handy.

Physician.—You can get them at any Druggists. Call for Cephalic Pills, I find they never fail, and I recommend them to all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a real blessing.

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue, and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregate of twenty millions of dollars saved from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, headaches will soon vanish away like snow in July.

Over exertion, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of body and mind to this distressing complaint is a fatal blow to all energy and exertion. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACT WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoveries are forgotten.

Do you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the sickening and fagged at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use on sudden emergency.

Cephalic Pills CURE Sick Headache CURE Nervous Headache CURE All kinds of Headache.

By the use of these Pills the periodic attacks of Nervous or Sick Headache may be prevented; and if taken at the commencement of the attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the Nausea and Headache to which females are so subject.

They act gently upon the bowels—removing Costiveness.

For Literary men, Students, Delicate Females, and all persons of sedentary habits, they are invaluable as a Laxative improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

THE CEPHALIC PILLS are the result of long investigation and carefully conducted experiments having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the stomach.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any exception of diet, and the shortness of any disagreeable taste renders it easy to administer them to children.

THE DAUGHTERS' COLLEGIATE INSTITUTE.

KNOXVILLE, TENNESSEE.

Rev. RICHARD O. CURREY, A.M., PRINCIPAL.

THE FIRST HALF OF THE PRESENT Session has closed with 72 pupils, of whom 13 are in the Boarding Department. It is the aim of the Principal to establish in this city a permanent

BOARDING AND DAY SCHOOL,

of the highest standard of excellence. Consequently none but the best teachers are employed in the various departments, and every effort is made to render the acquisition of education pleasant, and to secure a constant influence upon the refinement of the pupils, both in manner and mind.

The advantages of the Institute are:

That all the rooms of the Institution are constructed with reference to health, comfort and taste;

That everything has its place and every duty its time;

That the pupils, as well during recess as in School-hours, are constantly under the supervision of the teachers;

That the grounds are ample, and beautifully ornamented with shade;

That none but the best teachers are or ever will be employed in the several departments;

And that it has the unremitting superintendence of the Principal at all times, who will conduct the entire Institution upon strictly religious principles.

These, added to the proverbial healthfulness of Knoxville, and the intelligence and refinement of its citizens, combine to offer advantages, which, we feel assured, all who have daughters to educate, will fully appreciate.—

The Principal desires to express his gratitude to Patrons and Guardians for the liberal patronage accompanied which they have given to the Institution, and to assure them that he will be stimulated to still greater exertions in the education of their daughters.

OLD SACHEM BITTERS AND WIGWAM TONIC.

THESE UNEQUALLED BITTERS and TONIC are now meeting with unparalleled sales, and favor with consumptives. In all cases of Dyspepsia, Debility, Loss of Appetite, or any irregularity of the stomach, they will be found an efficient remedy, as well as a most wholesome and pleasant tonic.

As a preventative of Chills and Fever, they have no equal, and have with thousands been an effectual diagnostic. Family medicine, being perfectly pure and free from any deleterious substance, can be taken by all, young and old, male and female, with benefit.

Among the numerous testimonials in favor of these Bitters are the following:

From Prof. B. Silliman, Jr., of Yale College.

DEAR SIR:—Having been requested to examine your process and the materials employed, with a view to an opinion respecting its merits in the medical world, I have gone the pleasure of bearing you a note, accordingly, for this purpose.

I am happy to recognize the fidelity and care exercised in selecting the medicinal properties of the various herbs which you employ, and the skill with which they are compounded for the purpose of producing an agreeable and useful Bitters.

Yours, very respectfully,

B. SILLIMAN, Jr.

Yale College, New Haven, Aug. 1, 1856.

From Prof. A. A. Hayes, State Assayer of Mass.

OLD SACHEM BITTERS.—The sample from this company's depot was a perfect solution of bitter and aromatic barks, with a trace of resin extracted by the spirits used as a menstruum, entirely free from metallic or mineral matter; they afford all the principles found in bitter and aromatic barks used as tonics, and in general character and composition closely resemble a kind of Bitters extensively consumed in England, under the name of Brandy Bitters.

Respectfully,

A. A. HAYES, M. D., State Assayer.

10 Boylston Street, Boston, 8th Month, 1860.

From the Daily Register of New Haven, August, 1860.

Persons troubled with debility of the stomach, or otherwise in need of some invigorating tonic, are referred to the advertisement of "Old Sachem Bitters"—a recipe which combines several well known medicinal roots, that act favorably upon the system, and the whole making an agreeable and aromatic compound. It is within our own knowledge, that the spirits of which these Bitters are made is purchased direct from the importer, and from under the government locks—so that the public may rest assured of there being no adulteration or hurtful foreign substances employed in their manufacture. In bilious complaints they are said to be successful; and the extent of their invaluable cure and call shows that they are appreciated.

From the Daily Palladium, New Haven.

The old "Wigwam Tonic," has now to Sachem Bitters.—This is one of the best and most invigorating tonics which has ever been offered to the public, and is meeting, as it deserves, with a most unprecedented sale.

From the Daily News, New Haven.

A most valuable Tonic may be found in the celebrated Old Sachem Bitters, an article which has been tested satisfactorily to ourselves. These bitters are prepared, as we know, from the purest liquor in hand, and have none of the unpleasant lifting, so prized in articles made from common spirits. It is largely in use among the medical profession in this city and elsewhere, and is highly recommended by physicians as a tonic in all cases of derangement of the stomach.

For sale by Dr. JNO. JACKSON, Knoxville, Tenn., and by the principal Grocers, Druggists and Merchants throughout the country.
