A goodly number have visited Arion hall to see the historical clock of America. It is a very instructive piece of mechanism and should be seen to be appreciated.

A gentleman in town received $10 in two-cent stamps of the new issue, in payment for an article of jewelry. He was about town this forenoon trying to get rid of them at face value.

R. J. Greene, care-taker of the Government buildings, has had a shortcut path made to the front of the Judiciary building, with the gate opposite the front corner of the Opera House.

Jack Maloney and Williams were fined $3 each by Judge Robertson for affray. The two had a fight in front of the Pacific Saloon at 12 o'clock Saturday night. A "bobbie" happening along ran them in.

Nearly the whole of the morning session of the District Court to-day was occupied by the trial of seventeen Chinese gamblers. Long John, one of the number, conducted the defense. At the conclusion seven were acquitted and the others fined. Long John was sentenced to pay a fine of $20 and his confederates $10 each.

People coming from the skating rink on Saturday were startled by the appearance of members of the mounted patrol with their glittering buttons, stationed in the alley opposite McKibbin's lane. Several came upon the spies so suddenly that it made them jump back. The night hawks should either discard their glittering and showy apparel, or move back farther in the shadow, so as not to scare pedestrians.

James Odee was placed under arrest yesterday shortly after the arrival of the steamer James Makee from Kauai, as a stowaway, to be given his passport. Odee came here on the C. A. S. S. Warrimoo, and in some way secured passage to Kauai. He returned yesterday, thinking the matter had been overlooked, and is sorry in consequence. Odee was released this afternoon on condition that he shake the dust of Honolulu off his feet. He will be given until the return of the S. S. Warrimoo.

Suspected Firebugs Arrested.

A house on the Kaalawai beach, the other side of Diamond Head, the property of Antone Rosa, was burned to the ground last night. A Kaiwinui, who takes care of the premises and lives handy, suspected two native boys, Kahuanui and Kaleiana, of setting fire to the house. The boys have been arrested on the charge of arson. The prisoners were released under bonds this afternoon.

Benson, Smith & Co., Agents for the Hawaiian Islands.

THE SKATING RACE.

McCandless Claims a Foul and Stops Running.

The skating rink was pretty well filled on Saturday evening, the attraction being the two-mile skating race between Charles Lambert, Jas. Spencer, E. J. McCandless and Tom Pryce for a prize. Pryce, having sprained his ankle the previous night while practicing, withdrew and the others were sent off with a very fair start. Lambert and McCandless held the pace even for a few laps, when the latter assumed the lead. Turning the Waikiki corner Lambert "elbowed" McCandless off the track, and shot ahead. McCandless threw up his hands and stopped, claiming a foul, it having been understood that there was to be no touching. The other two finished the race, Lambert winning with Spencer a bad second. There was the usual squabble between the judges as to whether Lambert touched or pushed his opponent. W. Savidge refused to give Lambert the prize until the judges gave their decision. As they are evenly divided, it is probable that the first prize will be run off between Lambert and McCandless on Saturday next. If arranged this should be an exciting event.

JUDICIARY JOTTINGS.

Suit for $5000 Damages—A Contested Will.

John R. Silva of Honolulu is suing J. W. Kuaimoku of South Kona, Hawaii, for $5000 damages for violation of an agreement making Silva manager of a stock and dairy ranch in South Kona on the halves.

Judge Whiting this morning heard the petition of J. F. Hackfeld for the appointment of an administrator of the estate of the late D. H. Nabinu of Hookena, Hawaii, which is indebted to H. Hackfeld & Co. in the sum of $2231.83. F. M. Hatch appeared for petitioner, J. M. Poepoe for the widow and other heirs. The Court granted the administration, fixing the bond at $2000, but withheld the appointment until Wednesday next, to allow the widow time to find bondsmen.

In the matter of the estate of W. H. Smith, bankrupt, three creditors proved claims amounting to $3612.68, and A. W. Carter was appointed assignee under bond of $700.

This afternoon Judge Whiting is hearing the petition of M. W. Manaoie for probate of will of C. Manaoie, J. A. Magoon for petitioner; C. W. Ashford for Mrs. Elizabeth Harvey, contestant.

"Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthiest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by all dealers. The Boat Race.

There was a few people on the city front Saturday afternoon to witness the race between the six-oared juniors and four-oared seniors of the Myrtle boat club. Shortly after 4:30 o'clock the word "go" was given and the boats shot off, with the seniors pulling a one-and-a-half to the junior's one stroke, and taking the lead. The juniors settled down to a good stroke and passing the seniors won easily by about ten lengths. The crews were as follows:

Juniors in the Alice M. (six-oared)—W. Lyle (stroke), N. Halstead, L. Gilbert, P. Lishman, H. Wilder and Petrie.

Seniors in the Alf Rogers (four-oared)—Chas. Crane (stroke), W. D. Armstrong, J. A. Lyle and H. A. Giles.

For seven years or more Mrs. W. D. Louder, of Quincy, Ky., was subject to severe attacks of cramp colic. Mr. S. R. Morse, a druggist of that place, recommended Chamberlain's Colic, Cholera and Diarrhœa Remedy, which has effected a permanent cure, saving her much suffering besides the trouble and expense of sending for a doctor, which was often necessary. For sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon terrible ulcers broke out on her head, arms, tongue and throat. Her hair all came out. She weighed but 78 lbs., and saw no prospect of help. At last she began to take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says: "I became perfectly cured by

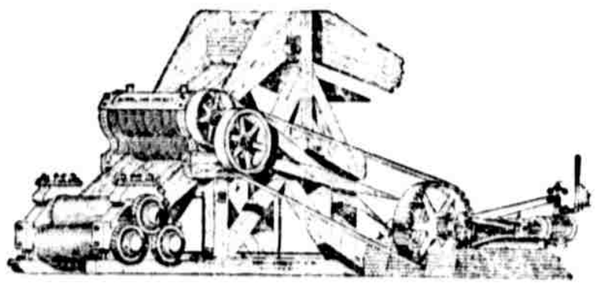
National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.



THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR these SHREDDERS and are now prepared to receive orders.

The great advantages to be derived from the use of the NATIONAL CANE SHREDDER are thoroughly established and acknowledged by Planters generally.

The large number of Planters using them in the United States, Cuba, Argentine Republic, Peru, Australia and elsewhere, bear witness to the above claim.

The use of the SHREDDER very largely augments the quantity of cane the mill can grind (25 to 50%), also the extraction of juice (5 to 12%).

It is a great safeguard, making known at once the presence of any pieces of iron, stakes from cars, or anything which would be liable to damage the mill, and allowing ample time to remove same before damaging the mill.

The SHREDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without often breaking the SHREDDER; and if anything breaks, it is simply some of the knives or cutters, which can be quickly and economically replaced. The SHREDDER, as its name indicates, tears the cane into shreds of varying lengths, perfectly opening it and allowing the mill to thoroughly press out the juices without requiring the immense extra power necessary to grind or crush the whole cane. The SHREDDER spreads the shredded cane uniformly and evenly to the mill rolls, and does away with the necessity of spreading the bagasse by hand between the mills when regrinding is in use. No greater amount of boiler capacity is required to operate the SHREDDER than that which was sufficient for the mill, for the above reasons. We furnish full working drawings for the installation of our SHREDDERS, enabling any competent engineer to successfully install and start them.

In ordering SHREDDERS from us, please send small sketch, showing the diameter and width of the mill rolls with which SHREDDER is to be connected, also the side (either right or left hand as you face the delivery side of the mill), upon which the mill engine is located, also the height from floor line to center of front mill roll shaft, and distance center this shaft to front end of bed plate. These SHREDDERS are now being used by the Hilo Sugar Co. and Hawi Mill, Kohala, where they are giving great satisfaction.

☞ Prices and further particulars may be had by applying to
