LIVER COMPLAINT.—Jaundice, Dyspepsia, Chronic or Nervous Debility, Disease of the Kidneys, and all diseases arising from a Disordered Liver or Stomach, such as constipation, inward piles, fullness or blood to the head, acidity of the stomach, nausea, heartburn, disgust for food, fullness or weight in the stomach, sour eructations, sinking or fluttering at the pit of the stomach, swimming of the head, hurried and difficult breathing, fluttering at the heart and choking or suffocating sensations when in a lying posture, dimness of vision, dots or webs before the sight, fever and dull pain in the head, deficiency of perspiration, yellowness of the skin and eyes, pain in the side, back, chest, limbs, &c., sudden flushes of heat, burning in the flesh, constant imaginations of evil, and great depression of spirits, can be effectually cured by DR. HOOFLAND'S CELEBRATED GERMAN BITTERS, prepared by Dr. C. M. Jackson, at the German Medicine Store, 120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States, as the cures attest, and in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the liver and lesser glands, exercising the most searching powers on weakness and affections of the digestive organs, they are without safe, certain and pleasant

READ AND BE CONVINCED.

Sudge M. M. Noah said in his Weekly Messenger, Jan. 5, 1848:

"Dr. HOOFLAND'S GERMAN BITTERS.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Wilhelm Hoofland, Professor to the University of Jena, private physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug; and therefore a medicine of which he was the inventor and indorser, may be confidently relied on. He especially recommended it in Liver complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, the Liver and intestines. Nine Philadelphia papers express their conviction of its excellence, and some of the Editors speak of the effects from their own individual experience. Under these circumstances we feel warranted, in not only calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The Philadelphia Saturday Gazette, the best family newspaper published in the United States. The Editor says:

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers; and therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten, after they have run their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself."

They can be administered to females or infants with safety and reliable benefit at any time.

GOURAUD'S LIQUID HAIR DYE.—

View yon lady's jetty tresses—
Listen how she Gouraud blesses!
Once her hair was red and fiery,
Once 'twas stubborn, stiff and wiry;
Now, at vesper or at matin,
Glossy 'tis, and soft as satin.
The secret—know you how she won it?
Gouraud's Liquid Hair Dye done it.

The inestimable compound possesses the astonishing faculty of converting red or white hair, the instant it is applied, to an unchangeable black or brown. Not the least remarkable of its properties is the fact, that while it changes the hair the skin remains unsullied by the slightest stain.—Gouraud's HAIR RESTORATIVE, or Circassian Gloss, makes the hair grow, stops its falling out, and renders stiff, wiry hair soft, silky and glossy. Trial bottles 25 cents each. Beware of the ten thousand counterfeits, and purchase only of Dr. GOURAUD, 67 Walker-st., first store from Broadway. my8 ThS&Tu1f

DR. ROSE'S EXPECTORANT, or COUGH SYRUP, for Consumption, Colds, Coughs, Asthma, Spitting of Blood, Bronchitis, and all Diseases of the Lungs—This Syrup having stood the test of many years experience as a remedy for irritation or inflammation of the Lungs, Throat, or Bronchia is acknowledged by all to be a remedy eminently superior to other known compounds used for the relief and radical cure of Coughs and Consumption. Price 50 cts. and $1.

Dr. J. S. ROSE is an Honorary Member of the Philadelphia Medical Society, and graduated in 1836, from the University of Pennsylvania, under the guidance of the truly eminent Professors, Physick, Chapman, Gibson, Coxe, Jones, and Hare,—names celebrated for Medical Science, and having had daily intercourse and consultation with the distinguished Physicians, respecting diseases of all kinds, and the proper remedies therefor, and being solicited by thousands of his patients to put up his Preparations, he now offers to the Public, as the results of his experience for the past thirty years.

Tothe Sick and Afflicted.

DR. SWAINE'S COMPOUND SYRUP of WILD CHERRY.—Since this most invaluable discovery of Dr. SWAINE, thousands have been by it restored to health and the enjoyment of life, who were suffering from the ravages of the most excruciating diseases.

From John Milton Earle, Proprietor of the Massachusetts Spy, Worcester, Mass. The following is another link in the great chain of testimony to its merits:

"We have used Dr. Swaine's Compound Syrup of Wild Cherry in our family, and find it one of the most soothing and agreeable medicines for coughs, inflammation of the throat, lungs, &c., that we have ever tried, and have no hesitation in recommending a trial of it to those who have occasion for such medicine. We do this of our own free will, without the knowledge of Dr. Swaine or any of his agents, or any suggestion from them."

Dr. J. H. Ellison, Frankfort, Ky., states:

"I have been engaged in active practice 12 years, am a regular graduate of Transylvania. I now prescribe your preparation of Prunus Virginia or Wild Cherry, in preference to all other remedies. I regard it as an invaluable remedy in the treatment of Pneumonia or Disease of the Lungs." HOME CURE.

Ezekiel Thomas, Cherry-st., three doors west of Schuyler-st. Second, was afflicted with a violent cough, pains in the side and breast, soreness of the lungs, shortness of breath, loss of appetite, night sweats, &c.; indeed, his whole system seemed prostrated, but by the use of Dr. Swaine's Compound Syrup of Wild Cherry was restored to perfect health.

Look well to the marks of the genuine.

Remember the original and only genuine preparation of Wild Cherry is put up in square bottles, covered with a beautiful wrapper, (steel engraving,) with a portrait of Dr. Swaine thereon; also, his signature. All others are positively fictitious and counterfeit.

Morse's Compound Syrup of

YELLOW DOCK ROOT.—We feel prompted by every principle of humanity, to make known to the world the wonderful efficacy of this extraordinary preparation. Thousands have been relieved of a great amount of suffering, and many lives saved by the use of it. It is acknowledged by the best judges of medicine to be the most elegant, scientific and salutary preparation now in use, and as a depurative remedy, seldom if ever equaled. It stands unrivalled for the cure of Erysipelas, Salt Rheum, Canker, Scrofula and all the various diseases arising from an impure state of the blood. Also, all Bilious complaints, and is used with unprecedented success in all cases of Female Weakness and general debility, strengthening the weakened body, giving tone to the various organs, and invigorating the entire system, and also for the cure of the Liver Complaint, Catarrh, Dyspepsia, Headache, Dizziness, Coughs, &c. Those affected with Chronic Diseases of whatever form, will find this medicine not only pleasant to the taste, but a certain cure, if it be within the power of remedial agents to affect their disease. It is composed of medicines so happily combined, as to tend directly to give tone to the stomach and bowels, excite to healthy action the Liver and the whole Glandular System, allay Nervous Irritability and promote the free action of the Lungs, thus rendering it applicable to all diseases of a Chronic nature. It is purely vegetable, and may be used in all climates, and at all seasons of the year.

READ THIS NOTICE.—Virtue of Naptha—The discovery of the celebrated Dr. Hastings, of London, of a remedy for Pulmonary Complaints, in Naptha, has been the source of a great relief to those afflicted with this almost universal scourge of our race. There is no excuse for suffering, where a never-failing remedy is at hand, if employed.

A positive cure for that terrible disease, the Consumption, is at last found in the preparation known as Dr. Hastings' Compound Syrup of Naptha. It is fast superseding the use of all other remedies, so prompt and satisfactory is its action on the disease. We have heard of its stopping the most violent and distressing cough in twenty-four hours. Any medicine that is as strongly recommended as this, by certificates of people of well known respectability, is certainly worth a trial.

DR. GOURAUD'S LILY WHITE.—This delightful compound is intended to supplant the noxious articles which have been heretofore used by ladies for whitening the cuticle, such as prepared chalk, Paris white, plaster of Paris, &c. Unlike the pernicious and unnatural whites adverted to, GOURAUD'S Lily White gives a delicious softness, smoothness, brilliance, and perfectly life-like whiteness to the complexion. When used, after the skin has been thoroughly washed with GOURAUD'S Italian Medicated Soap, the effect is luxurious and delightful in the extreme. It is also very valuable for gentlemen with tender skins and stiff beards—as it completely allays the irritation consequent on shaving. Mothers should also use it on their babies, as it is much superior to common powder for that purpose. 25c a box.

FINANCIAL.

Panama Railroad Company.

$900,000 SEVEN PER CENT. COUPON BONDS, convertible into Stock within five years—Sealed proposals will be received at the office of this Company, 78 Broadway, in the City of New-York, until the 16th day of June next, for any sum not exceeding Nine Hundred Thousand Dollars, of the first and only Bonds of the Panama Railroad Company, payable on the first day of July, 1869.

The bonds are for $1,000 each, dated July 1, 1851, with interest, at seven per cent. per annum, payable half-yearly, in the city of New-York, and are convertible into stock at any time before the first day of July, 1856. They are issued in pursuance of the act of incorporation of the Company, passed by the Legislature of the State of New-York, section 8th, as follows:

"The said corporation may borrow from time to time such sum or sums of money as may be necessary to complete said road, and for the other purposes authorized by this act, in the whole not exceeding the amount of the capital stock actually paid in, and may issue and dispose of their bonds for any amount so borrowed; and are hereby authorized to mortgage any part of their corporate property and privileges to secure the payment of such bonds. And the said Directors may confer on the holder of any bond they may issue, for any money so borrowed, the right to convert the principal due thereon into stock of the said corporation at any time not exceeding five years from the date of said bond, under such regulations as the Directors may see fit to adopt, and for such purpose the said corporation are authorized to increase its capital stock to the amount so borrowed, whenever the persons, or any of them, to whom such money is due, shall elect to convert the same into stock."

One million of Dollars of the Capital Stock of the Company has been subscribed, and more than $900,000 actually paid in.

The section of Railroad from Navy Bay to Gorgona, 27 miles, it is believed, will be completed by the 1st of September next.

Twenty miles will be in operation in July.

The section between Gorgona and Panama, 19 miles, has been surveyed and located, and part of the rails are already in Panama. It is for this section that the money for the Bonds is required.

Any of the present Stockholders making proposals as above, will be entitled to take, at par, Bonds to the extent of their Stock respectively, and the amounts not thus taken will be sold absolutely to the highest bidder; but no offers below par will be considered.

Parties whose bonds are accepted will be required to pay twenty per cent. upon the amount awarded to them on the 1st day of July, and the remainder in instalments of twenty per cent. every two months thereafter.

Bonds will be issued when required for payments made beyond the first instalment; but every party will be at liberty to pay in full at once. Interest will commence from the time of payment.

The Company reserves the right, in case of default in payment of the instalments, to re-sell the bonds, at the risk and expense of the party making default.

This Company, by grant from the Republic of New-Granada, possesses very liberal rights and immunities; and among others, the *exclusive privilege* of establishing and continuing a railroad across the Isthmus of Panama, forty-nine years from the completion of the road; during which period the Government finds itself not to permit "any other carriage road, Macadamized or of plank, or of any other class, which may serve for the use of wheel-carriages, between the two Oceans, across the Isthmus of Panama; nor to permit any person or persons, *without the consent of the Railroad Company*, to make any canal across the said Isthmus."

No road now exists superior to a mule path. *The neutrality of the Isthmus of Panama is guaranteed by the Government of the United States.*

No taxes or contributions of any kind can be imposed on the road by the Government of New-Granada, nor upon passengers, nor any duties on property of any kind, transported across the Isthmus upon the road.

Any further information required may be obtained at the office of the Company.—New-York, 26th May, 1851.

Seaboard and Roanoke Railroad.

$350,000 SEVEN PER CENT. MORTGAGE BONDS.—Sealed proposals will be received by the subscribers until Saturday, the 31st day of May, instant, for THREE HUNDRED AND FIFTY THOUSAND DOLLARS of the first and only Mortgage Bonds of the Seaboard & Roanoke Railroad Company, bearing seven per cent. per annum interest, and redeemable at the Merchants' Bank, in the City of New-York, on the 1st of August, 1866.

These Bonds are in sums of $1,000 each, with Coupons attached, payable at the Merchants' Bank, in the City of New-York, on the 1st of each February and August.

These Bonds are issued under authority of special acts of the Legislatures of Virginia and North Carolina, and are secured by a mortgage executed to John I. Palmer, Esq., of the City of New-York, in trust for the Bondholders.

This mortgage covers the entire line of the Road from Norfolk, Virginia to South Gaston on the Roanoke River in North Carolina, a distance of 90 miles, which will have cost, when completed, *including the original outlay*, over $1,500,000—and the trustee is empowered, in case of sixty days *default in the payment of interest* or principle of the bonds, to take possession of, use and sell the whole or any part of the same, including the franchises, income and property of the Company of every description, now acquired or hereafter to be acquired.

The whole amount of the Bonds authorized to be issued is four hundred thousand dollars, of which the amount now offered for sale has been issued by the Company in payment principally for the heavy T rails with which the Company is now relaying their track.

This heavy T rail, for the whole distance, 90 miles, is now on hand—56 miles are laid and in operation—and the company is actively engaged in laying the remainder, so as to complete the line to Weldon, 80 miles, in July of the present year, and to South Gaston, 90 miles, by the close of the year.

The Seaboard and Roanoke Railroad forms part of the Great Southern Route from New-York, Philadelphia, and Baltimore to New-Orleans, in connection with the line of steamers now running from Baltimore to Norfolk.

A line of Steamers is now running from Philadelphia to Norfolk.

Two lines of steamers are now being built to run from New-York to Norfolk, to commence running early in July next. One of these lines is to be of the first class of passenger steamers, 1,100 tuns burden, and the other a line of propellers.

The connections of this road are such as to secure for it an ample amount of business; it unites at Weldon with the Railroad to Wilmington, 160 miles in length, which has just been relaid with a heavy T rail; it unites at South Gaston with the Railroad to Raleigh, 85 miles long, which is also about to be relaid with a heavy T rail.

At South Gaston it will receive the immense productions of the extensive and fertile valley of the Roanoke, which are brought to that point by the Roanoke Navigation Company, who have expended over four hundred thousand dollars in improving the navigation of the Roanoke and its tributaries.

The harbor of Norfolk and Portsmouth is well known to be one of the best in the United States, and will thus be connected by the Seaboard and Roanoke Railroad and its connecting lines, with an ample extent of territory, which will insure to the road an abundant business.

A map exhibiting these connections, showing also other lines now in rapid course of construction, by which a continuous line of railway will soon be extended from Norfolk to Mobile and New-Orleans on the South, and to the Valley of the Mississippi at Memphis on the West, may be obtained of the undersigned.

An "Exhibit," giving a full account of the road and its affairs, copies of the bond and mortgage, and the legal opinions of Judge John Y. Mason, of Virginia, &c., accompanies the map, and may be obtained upon application to John I. Palmer, Esq., at the Merchants' Bank, or to Messrs. Winslow, Lanier & Co., by mail or otherwise, who will furnish any further information which may be desired.

It is confidently believed that the Bonds now offered for sale afford one of the safest and most desirable securities in the market.

THREE HUNDRED AND FIFTY THOUSAND DOLLARS are now offered for sale.

The entire amount offered will be disposed of absolutely and without reserve to the highest bidder.

Sealed proposals for any amount not less than 1,000 will be received at the office of Messrs. Winslow, Lanier & Co. until 3 o'clock on the thirty-first day of May, 1851.

Proposals to be addressed to WINSLOW, LANIER & CO., 52 WALL-ST., NEW-YORK, and endorsed "Proposals for S. & R. R. Bonds."

Parties whose bids are accepted will be required to pay twenty per cent. upon the amount awarded to them immediately upon being notified of the acceptance of their bids, and the remainder in equal amount on the first days of July, August, September and October next; but any party will be at liberty to pay in full at once. Interest will commence from the day of payment.

CHICAGO and GALENA TEN PER CENT. RAILROAD BONDS, $25,000.—The subscriber offers for sale $25,000 of the Bonds of the CHICAGO and GALENA RAILROAD, bearing Ten per cent. interest, under authority from the Legislature, payable in New-York, and the principal convertible in the Stock of the Company any time within four years. This Road forms a link in the great chain of roads from the Atlantic cities to the Mississippi River, and possesses also a very valuable local traffic. It is one of the cheapest roads in the world, having cost but about $10,000 per mile to Elgin, to which place it is completed from Chicago. The last dividend of this Company was eight per cent. for six months on the finished portion of the Road. The Bonds above-mentioned are a portion of those issued for the purpose of extending the Road to Belvidere, to which point it is under contract. These ten per cent. Bonds are for sale in amounts of $500 and $1,000, at 105 per cent. with interest from 1st May next, and furnish the cheapest perfectly safe security on the market. LIFE ASSURANCE.—NATIONAL LOAN FUND LIFE ASSURANCE SOCIETY of LONDON.—General Agent's Office, 71 Wall-st., New-York, 1st May, 1851. Capital, $2,500,000, and Surplus, $412,271.

The withdrawal table of the Society affords to the Assured who may take out their policies under these tables the greatest possible present and prospective advantages that can be conferred by Life Assurance. On this Table the Assured is entitled at any time to receive at interest an immediate advance, to the extent of one-half the amount of the paid annual premiums, without a security, personal liability, or deposit of the policy, but by simple endorsement thereon; or the half premium may be so withheld during the whole continuance of the policy. Also, in the event of the assured at any time not requiring to continue the policy, on its surrender one-half of the annual premiums will be returned by the Society.

At the last annual investigation, reported in May, 1850, the bonuses declared to the assured were the option of a return of 15 per cent. on their premiums in cash, or a reversional addition to the original sum assured by each policy, varying from 30 to 55 per cent.

EXAMPLES of BONUSES ALREADY DECLARED will be found in the Society's pamphlet, together with Tables of Rates, and other information, on application at 71 Wall-st. or at any of the agencies, free of expense.

A party may at a moderate annual premium, insure for life; and if he survives to reach the age of 50 years, the full sum insured up to $15,000, will be paid to his family or legal representatives.
