THE HOT WEATHER HAS no effect upon our trade, unless it be to help it along. Why? because ourstock is made up of goods for all the seasons in the year —we are never caught napping— White muslins, for instance, are seasonable at any time and so are Serges and ladies' cloths. For a "stuff" dress there can be nothing better; and we have every imaginable shade to select from. But we are not asking your attention to dress goods, we want you to know that we are selling Ladies' Chemises three for a dollar— You've paid fifty and seventy-five cents each for these same goods many a time. You may have to do it again—they are a drive with us and we want you to get the benefit of it.

Every one wears sailor hats because they are cool, comfortable and stylish—we have them in endless variety, high or low crown. In white, black or cream color.

Do ribbons have much of your thought? Come to us and we will show you the largest assortment ever shown in Honolulu.

NOTES AND COMMENTS.

The Australian Star, Sydney, has broken away from English traditions to the extent of dropping the "u" from "honour."

One of the shots fired at the New South Wales Ministry is that "the Minister for Mines sent an Oriental soothsayer to look for gold at Wyalong by means of a divining rod."

Mr. Gladstone in a recent speech urged the British people to establish honor in England, and consolidate the strength of the Empire by conceding the just claim of Ireland.

Miss Belle Fitzhugh, daughter of Dr. and Mrs. Maynard McPherson, San Francisco, was lately married to Lieut. Alexander McCrackin of the United States naval academy at Annapolis, Md.

One of the prominent politicians of New South Wales is named Joseph Cook. When Boston Joe gets to Sydney there may be a case of too many Cooks with some spoiled broth as the result.

Bribes to secure billets have been numerously offered to members of the new Board of Health in San Francisco. The members express great indignation. Competitive examinations of candidates for health officers will be held.

Michael Davitt will devote the proceeds of his lectures in Australia to the Irish national election fund. As he is not wealthy, this is a handsome resolve. Mr. Davitt will go home by way of the United States, hence will be seen in Honolulu before long.

Mr. Barton, while Attorney-General of New South Wales in Sir Henry Parkes' Cabinet, passed through Honolulu and gave the BULLETIN a brief interview He is a brainy man and his name figures largely in reports of the present election campaign in his country.

A girl at Jeffersonville, Ind., 14 years old, grew from five feet to a fraction less than six feet tall in an illness of three months. From being very fleshy she has become nothing but skin and bones, and at last accounts was believed to be dying. Her case is a marvel to the physicians.

Superintendent Gee of the Melbourne fire brigade was fatally injured lately by falling into the hold of the ship Hilaria while that vessel was burning. He died next morning. Cannon balls were fired through the side of the vessel but had not the desired effect, as the ship had too much of a list to let the water in freely.

Sam Wah, a Chinese manufacturer of overalls in San Francisco, wanted to charge his Chinese workmen one-half of the expense for breakage of the machines. They would not stand it, but walked out on a strike. Sam Wah then placed an order with the labor commissioner for forty-one white women to work in place of the strikers. He said he would not retain any Chinese, and the foreman would be a white man.

Printers' ink, paris green and cold steel are recommended by the California State Board of Agriculture for getting away with the army worm. Paris green is to be used, one teaspoonful in a bucket of water, on alfalfa where the worms can get at it. Printers' ink softened with castor oil is to be applied on a paper band around the trunks of trees, which, it is claimed, will prevent the pests from climbing the trees. It is considered dangerous to use paris green or other poison when the caterpillar is among the tomatoes. In such cases it is recommended that the worms be picked off by hand or clipped in two with a pair of scissors.

"290" is the number most frequently called over the telephone wires. It rings up the UNITED CARRIAGE COMPANY'S stand, where Superior Hacks with safe and courteous drivers, are always to be found. A complete livery outfit, including buggies and wagonettes, furnished at the shortest notice. *

Consumption and its Cure

TO THE EDITOR:—I have an absolute remedy for Consumption and all Throat and Lung Troubles. By its timely use thousands of hopeless cases have been already permanently cured. So proof-positive am I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption or any Lung Trouble if they will write me their express and post-office address.

DESCRIPTION AND TERMS:

CREOLE is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:18 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again to 2:15 in stockton, Cal., September 23, 1894, winning the first heat in 2:15¼, fourth heat in 2:15, and fifth heat in 2:19¼, proving that he is a remarkably game as well as a speedy race horse. ("Creole by Prompter out of Grace by Buccaneer shows that he is capable of getting a mark of 2:10 and is one of the gamest stallions seen this year, and besides being game, is one of the best formed, and remarkably intelligent."—*Breeder and Sportsman*, Sept. 25, 1894.) He is 15¼ hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired, and his action superb. He is a sure foal getter.

Terms $50, with usual return privilege. Will make the season at the
