INVENTS NEW SCHEME

PRAISE GAINED BY CHIEF OFFICER CURTIS

NEW PLAN GREATLY FACILITATES ARRANGING OF CARGO IN THE LARGE VESSELS' HOLDS.

Chief Officer Curtis of the steamship Alaskan, which arrived from Tacoma yesterday, is gaining much praise in shipping circles for a new scheme which he has devised and which is to take the place of the loading charts now in use. Vessels like the American-Hawaiian steamships, and, as a matter of fact, all large vessels, use loading charts to facilitate the discharging of their cargoes. These charts show a vertical section of the ship on which are marked off the various holds in which cargo can be stored. When the vessel is being loaded the places in which each separate consignment is put, its nature and its destination is marked off on the chart so that its exact location is known. Of course this system necessitates a new chart for each trip the vessel makes.

Chief Officer Curtis' new scheme does away with the constant making of new charts. He has made a vertical section of the steamship Alaskan out of different kinds of wood. It is inlaid work and is neatly and tastefully done. On this chart the frames, hatchways, tanks, etc., are represented by dark woods. The spaces in which cargo can be put are represented by light woods. The chart is so arranged that slips of paper denoting the consignments can be stuck in the various cargo spaces, in this way doing away with the making of new charts.

Chief Officer Curtis is a son of Captain Curtis, formerly master of the Tillie E. Starbuck. Captain Curtis is at present the superintendent in San Francisco of the American-Hawaiian Steamship Company.

STEWART IS SATISFIED

T. McCants Stewart, when asked about his defeat in the Seventh, said: "I don't like post mortems in politics. But I don't mind saying that I was not surprised at the result. Vida played smart politics, when he placed two Home Rulers on his ticket and in that way captured the Home Rule vote of the camp. Then William Olepau, who is a gentlemanly fighter, lined up the poolas, with Achi's assistance; but 'the last straw that broke the camel's back' was the aid which the Vida-Olepau combination got from representatives of the police department. Ben Zablan and "Big" Jim Kupihea worked like Turks, and they had Jailor Henry in charge of the voting, and he used his place and power as judge of elections for all it was worth. Well, I have no harsh criticisms to make. We fought a clean fight; the odds were against us, and we went down to defeat; but there is always the next time."

Tonight everybody go to the Young Hotel, where you will have a good time without any doubt. The ladies of the order of the Eastern Star will see that you are entertained.

Willie Fresar took a crowded house by storm at the Orpheum Saturday night. The place was packed to the doors and everybody had a good time.
