HIT BY A SHOT

People coming up from down the road in yesterday afternoon's train had a very unpleasant experience and one man came very near losing an eye.

The train had pulled in at Wahiawa and was just starting out again on the way to Honolulu, when there was a yell and the loud report of a gun near the window of the car in which several passengers were seated.

The day being warm, the windows were up and shots rattled about on the floor and against the sides of the car. Accompanied by the sound of striking shot was a yell from one of the front seats where a Chinaman was sitting. He rubbed his forehead and blood showed on his finger. One of the shot had become embedded in the man's forehead, just above the eye. Had it struck a little lower, the eye might have been put out.

The passengers looked out of the window and saw a Chinaman standing on one of the banks of a near-by rice patch, ramming home another charge of powder. It was he who had carelessly fired in the direction of the car. The train was beginning to get up considerable speed and as no one wished to get out to have the fellow arrested, he escaped with a few swear words thrown in his direction.

All members of the society are expected to be present with their lady friends, and all members of Aloha Chapter, Daughters of the American Revolution are cordially invited to attend the meeting with their escorts. The officers of the Army and Navy now in Honolulu have been invited to attend. Addresses will be made by the Rev. W. M. Kincaid, Governor Dole and Judge Estes. Music will be furnished by a committee under the leadership of Miss Bylington and Stanley Livingston, of Kamehameha. Refreshments will be served at the conclusion of the program.

Miss Doreen will show the boys of the drum corps of the N. G. H. some new tricks with the drum sticks. The dashing drum major, Nat Belvoy, will do some wonderful twirling with a drum major's baton and the Belvoy family will put on a couple of their screaming farces which must be seen to be appreciated.

KAUAI WEATHER.

The steamer Waialeale arrived from Kauai ports at 3 o'clock this morning. Purser Deverill reports as follows: "We arrived at Anahola Tuesday morning and found the weather too rough to allow us to enter the harbor. Tremendous seas were breaking over the bar. We went to Ahukini and stayed there until Wednesday morning, when we got word from Anahola that we could work there. The steamer W. G. Hall was at Kojoa. The steamer Mikahala was at Waimea discharging freight. Heavy rains at Kealia and Hanalei. At Anahola the plantation engine had to remain Wednesday afternoon. She tried to get back to Kealia but found that the track had been washed out by the rain. Fine weather across the channel both ways."

This meeting will be given over to Republican workers who will address the people, no candidates will speak. The precinct clubs will gather at their respective meeting places and march to the hall.

The Home Rulers will go down the road this afternoon, their idea being to follow in the wake of the Republicans.

C. W. Ashford says he stands on the Home Rule platform with a few modifications of his own. He believes party to be necessary but states that as county offices constitute a purely business proposition, there is no need to stick closely to party lines. The best men should be voted for. He predicts a victory for himself in the Fourth District and is going into the fight with a will. He says the Republican party is not the party of the people and, therefore, cannot expect to win.

NO REPUBLICAN PREJUDICE

Editor Evening Bulletin:—Inclosed please find a clipping from the Boston Herald, of August last, which may be meat during the present campaign, for those troubled with the idea of colorphobia in the present campaign being waged for county officers. That as a party politically no prejudice has ever taken root in the ranks of the Republicans. That individual prejudice may exist in all parties, but never enough amongst Republicans to change the party from the course laid out for it by the grandest political general of its existence—Abraham Lincoln, whose foundation stone for the preservation of the Union on a lasting basis was that all men should be free and equal politically and legally before the tribunal of a great commonwealth.
