

# THE OREGONIAN

VOL. XXIX.

ST. HELENS, OREGON, FRIDAY, MAY 13, 1910.

NO. 25.

## CURRENT EVENTS OF THE WEEK

### Doings of the World at Large Told in Brief.

General Resume of Important Events Presented in Condensed Form for Our Busy Readers.

A Socialist has been elected mayor of Coquille, Oregon.

Forest fires are destroying much valuable timber in Western Washington.

An Astoria girl caught a 5-pound trout 28 inches long with a light rod and fly.

A forest ranger in Colorado was attacked by an eagle and forced to take refuge in a thicket.

Dynamite is being used to uncover bodies from the ruins of the earthquake in Cartago, Costa Rica.

A professional ball player in California is laid up with blood poisoning in his arm, caused by a mosquito bite.

A halibut fishing schooner was wrecked near Seattle, the crew of four men having a narrow escape in the small boat.

Partial returns from elections in Spain show that the Liberals are in the majority, though Republicans and Socialists rule in Madrid.

Speaking at the opening of the Actors' fair in New York, President Taft declared a good play was very restful and had often been of great benefit to him.

A Salvation Army officer who was attacked by a mob at Los Angeles, used his bible as a club, flooring half a dozen and holding the rest at bay until the police arrived.

The bodies of two men, both stabbed to death, were found a short distance apart near the railroad track in Siskiyou county, Cal. They had evidently fought a duel to the death with knives.

The death of King Edward will make great changes in the political situation in England.

A season of 20 weeks of grand opera in New York cost the managers \$1,100,000, yet they made money.

John A. Benson, who had served time for land frauds in California, dropped dead from heart disease.

Roosevelt will not be entertained at the German emperor's palace, as that government is in mourning for King Edward.

Spectators caught betting on the ball games at Los Angeles are ejected from the grounds. The manager believes the game would be demoralized.

King George V, who now ascends the throne of England, made a good impression by his brief speech upon taking the oath, and his people express great confidence in him.

A compromise has been reached on the exposition question between San Diego and San Francisco. The former will hold an industrial exposition and the latter a world's fair.

An Illinois grand juror says if they want to paint the state black, he will help all he can, and has no doubt it can be done, as legislative bribery scandals are growing all the time.

A Philadelphia policeman rescued three children from death under the hoofs of the horses in a chariot race at a circus, but was himself fatally injured and died soon after.

A brother of Dr. Cook says he is a physical wreck, and is living near a sanitarium, under the care of its physicians, but has never been in South America, as was reported.

King Edward is seriously ill with bronchitis.

The theatrical trust of Klaw & Erlanger is declared to be broken up.

It is estimated that 80 per cent of the shingle mills of the Northwest are idle.

James J. Hill has announced definitely that a new passenger depot will be built in Portland for his lines.

An explosion in No. 3 coal mine at Palos, Alabama, entombed about 200 men. Bodies are being recovered.

Four hundred striking miners at Pittsburg, Kansas, wrecked several coal mines and drove away the men who were at work.

The pure food commissioner of Louisiana has condemned and ordered destroyed thousands of cases of canned salmon that was put up on the Columbia river.

Cartago, the picturesque and ancient capital of Costa Rica, has been almost entirely destroyed by an earthquake. At least 500 persons were killed and as many more injured.

Two French counts exchanged six shots in a duel and neither was hit.

## DYING CAPTAIN BEGS PARDON.

Wrecked Submarine Yields Last Message From Commander.

Victoria, B. C., May 9.—While Commander Sakuma and his 14 men were lying in a wrecked submarine off Kure on April 15, the commander wrote a letter to the emperor begging forgiveness for loss of the vessel and commending his officers and men. The letter was found after the submarine had been raised.

The submarine was of the newest type, and was engaged on April 15 near Hiroshima bay, carrying out her part in the maneuvers, being submerged 1,200 yards east of her parent ship. Two hours passed without notice of the submarine's failure to rise and then, signals being unanswered, a boat was lowered and efforts made to locate the submarine.

Much of the letter was not published, but it is stated that Lieutenant Sakuma expressed sorrow to the emperor for the loss of his vessel and brother officers and crew, whom he praised for their heroism and calm wait for death, and he requested the emperor to succor their families. The last writing was made an hour and 20 minutes after the boat was submerged, and conveyed messages of farewell to the minister of the navy and friends, stating that breathing had become so difficult that further writing was impossible.

The letter said one of the crew had tried to close the valve of the ventilation pipe, but the chain had broken. He tried to close the valve with his hand, but was too late. Water began to enter by the rear part of the boat, which fell 25 degrees. The dynamo was submerged and all the lights went out, bad gas accumulating almost simultaneously. The crew drove the current of water from the main tank and tried to get rid of it by hand pumps. They were drenched as they worked and chilled. The message ended with statements that all were ready for death. The submarine was being tested on a gasoline semi-submerged voyage.

## REQUIEM FOR 1,800.

Death List in Costa Rica Earthquake Grows Appalling.

San Jose, Costa Rica, May 9.—Chimes of the historic Church Del Carmen, the belfry of which withstood the earthquake shock of Wednesday, tolled a requiem at sunset tonight for Cartago's dead.

While the bells pealed out the tidings of sorrow, 5,000 homeless men, women and children, their uncovered heads bowed with grief, stood in silent prayer upon the hill tops overlooking the ruins of the ancient city. Hour by hour the magnitude of the disaster becomes more apparent.

Eighteen hundred are dead. Almost as many are wounded, many of whom will die. Ten thousand are homeless, hundreds are starving. Scores have been driven insane.

For the brave survivors, who for three days have witnessed almost unspeakable horrors, perils of famine and pestilence remain to be faced.

Pioneers of Costa Rica are facing them with undaunted hearts.

Huddled in camps of refuge, bivouacked under the shadow of the volcano Poas, the city's wealthy and poor alike arose today from a third night of terror, ready to plan for the task of reconstructing a new and grander city over the smoking remnant of what is Cartago, a waste of ashes and tumbled masonry.

Hundreds of victims were laid to rest today. Long trenches were dug and whole families buried together. Many of the dead were unidentified.

From the ruins scores of bodies are being removed hourly.

Some Americans are reported killed, but identification, even by the records, is now impossible.

The American colony immediately set about to rescue those pinned down by wreckage.

## DETECTIVE BYRNES DIES.

New York, May 9.—Thomas F. Byrnes, ex-superintendent of police of the city of New York, but more famous for his work in the detective bureau, died at his home here tonight from chronic indigestion, after an illness of more than two years. He was 66 years old. Byrnes was born in Ireland, but came to this country when very young.

He joined the police force early and rose rapidly; at 28 he was captain. During his term the aggregate of sentences imposed on prisoners taken by him reached 10,000 years.

## ROOSEVELT'S NAME SUGGESTED.

New York, May 9.—That Theodore Roosevelt be named as the special representative of the United States to attend the funeral of King Edward is the suggestion which will be put before President Taft by members of the Roosevelt Welcoming committee here. The appointment of Colonel Roosevelt, however, would depend on the date set for the funeral, as it is possible that the obsequies may not be held until after he leaves for the United States.

## ORE FIND DRAWS MINERS.

Myrtle Creek—Excitement among miners has been caused by a recent find four miles above Canyonville, where a wide dike of ore, carrying chalcopyrite yielding \$14 to \$26 to the ton, has been discovered. Seventeen locations were made and several more will be made immediately.

## DRILLING FOR ARTESIAN WATER.

Stanfield—The well on Jesse Moore's place has reached a depth of 800 feet. An effort is being made to reach a depth of 1,000 feet, where artesian water is said to be obtainable. Water stands within a few feet of the top of the hole, and drilling progresses slowly.

## INDUSTRIAL DEVELOPMENT AND PROGRESS OF OUR HOME STATE

### PORTLAND ROSE FESTIVAL.

All Sections of State Will Be Represented at Grand Fiesta.

Portland—"If the coming Rose Festival is not the greatest success we have ever had, it will not be because of lack of interest on the part of residents of the Willamette valley and Southern Oregon towns," said Ralph W. Hoyt, of the Rose Festival committee.

Mr. Hoyt has just returned with a party of business men who went on the southern trip, and is enthusiastic over the great amount of interest in the Rose Festival he found in the towns he visited.

"Indications are that the attendance this year will be enormous, and far beyond that of former years," said Mr. Hoyt. "Officials of all the towns we visited promised they would see to it that their towns are represented by floats or vehicles in the parades, and at least by large delegations of citizens."

"The commercial bodies of the various towns all promised to make all possible effort to meet Eastern visitors at the Festival and invite them to their towns. Everybody seems to understand that the Festival is as much an advertising feature for the country at large as it is a show. I think the Festival this year will be the means of inducing great numbers of desirable Eastern people to settle in the state."

### TOO MUCH FOR LIGHTS.

Experiments With Meter Shows Big Saving Over Flat Rate.

Salem—Beginning June 1, the state of Oregon will buy electricity for all state institutions by meter instead of on a flat rate as at present, which, it is believed will mean a saving to the state of from \$3,000 to \$5,000. As an experiment about a year ago meters were installed and as a result the change will be made at once.

During 11 months, beginning June 1, 1909, and ending April 30, 1910, the state paid the Portland Railway, Light & Power company \$12,048.31 at a flat rate for lights which would have been at meter rates \$9,838.05, or a saving of \$2,210.26. No effort was made to conserve the power for lights under the flat rate, while every superintendent of the state institutions under the meter system will be instructed not to burn lights not absolutely needed, so Governor Benson and the new chief clerk, H. H. Corey, believe the saving will reach nearly \$5,000 a year. The state also pays \$123 per month, flat for power otherwise than that utilized for lights, or during the 11 months mentioned a total of \$1,353. Under the meter rates the bill for power would have been, for the same period, \$429.

### CROP PROSPECTS NOT DIMMED.

Pondleton—Still another week has gone by without in any way dimming the prospect of Umatilla county farmers for a record-breaking grain crop. Warm weather has prevailed during the greater part of the week and one or two good showers have been interspersed to further aid the growing grain. Both fall and spring sown grain is now well up out of the ground and the fields present a beautiful appearance with their verdant clothing. The early spring season has never shown such favorable indications for a bumper crop, and their predictions are having a decided effect upon the business of the city.

### LAND TAKEN OFF MARKET.

Hood River—The Davidson Fruit company, which owns several acres of valuable orchards, has taken its holdings off the market for this season. The company will have a large lot of apples and in view of the fact that fruit will be very scarce in other sections this season and that the crop will be extra large here the company feels justified in retaining this year's crop and reaping the profits before disposing of its holdings.

### BERRIES RIPE AT UMATILLA.

Umatilla—The first strawberries of the season were put on the market here early last week and came from the McFarland and Edwards ranches. The company will have a large lot of apples and in view of the fact that fruit will be very scarce in other sections this season and that the crop will be extra large here the company feels justified in retaining this year's crop and reaping the profits before disposing of its holdings.

### NEW SCHOOL AT CREWELL.

Crewell—By a vote of 57 to 9 the Crewell school district authorized the issuance of bonds for \$10,000, the proceeds to be used in erecting a school house. The plan to remodel the old building had a few supporters at first, but they dropped the proposition and favored erecting a new building.

### ORE FIND DRAWS MINERS.

Myrtle Creek—Excitement among miners has been caused by a recent find four miles above Canyonville, where a wide dike of ore, carrying chalcopyrite yielding \$14 to \$26 to the ton, has been discovered. Seventeen locations were made and several more will be made immediately.

### DRILLING FOR ARTESIAN WATER.

Stanfield—The well on Jesse Moore's place has reached a depth of 800 feet. An effort is being made to reach a depth of 1,000 feet, where artesian water is said to be obtainable. Water stands within a few feet of the top of the hole, and drilling progresses slowly.

### RAINS SPELL BIG CROPS.

Oregon Farmers See Healthy Harvests Ahead; Stockmen Profit.

Madras—The increased demand for flour at this place has caused the Madras flouring mill to put on a night force, the mill running each night until 10 p. m.

The railroad construction in this vicinity with the large number of new residents in the town and homeseekers locating in this section have caused prices for all kinds of produce to go soaring.

Prospects for large crops were never better, and the farmers in this section should reap a rich harvest, because of the rapid increase of population.

A heavy rain, general throughout the greater portion of Central Oregon, fell during three days this week, and it means thousands of dollars to the farmers and stock raisers.

The Dalles—Farmers throughout Wasco county have about finished summer fallowing, and some of them are still sowing spring grain. Owing to the heavy rains the first of the week, which wet the ground thoroughly, a good many farmers have concluded to seed to spring crops a considerable number of acres which they had plowed for summer fallow. They say there is sufficient moisture to make a good spring crop if the summer season is at all favorable.

### CHINESE BUYS CLAIMS.

Grants Pass Mining District Looks Good Moy Jin Munn.

Grants Pass—Moy Jin Munn, a wealthy Chinaman of San Francisco, who has been looking over the Southern Oregon mining field for the past two or three weeks, has just closed a deal whereby he becomes owner and manager of the Brantner group of placer mines of Southern Josephine county. The group of claims consists of 100 acres, much of which is very rich diggings. The consideration is \$175,000. Unlike other Chinese who have mined in this section, Moy Jin Munn is not contented with sluice washing and rocking. He will install modern hydraulic equipment on the Brantner mines, and by a system of high line ditches, bring water from the Applegate river for the operation of a battery of two or more giants.

Moy Jin Munn is an experienced placer miner and made his fortune in the diggings of Feather river, Cal.

### DRILL FOR OIL IN COQUILLE.

Marshfield—The Niocene Oil & Gas company has been organized to drill for oil in the Coquille valley. The company is composed of men living in that part of the county. L. W. Deyoe of Myrtle Point is one of the head men in the company. The company has secured oil leases on about 6,000 acres of land in Bear creek district. Machinery has been ordered and the work will start soon. Oil men have secured land options, but no drilling has been done.

### CANNERY AT SUTHERLIN.

Sutherlin—The erection and operation of a canning plant in Sutherlin is now an assured fact. The preliminary work has gone on for the past five months. The plant will be ready for operation by the time vegetables are ripe in early autumn.

### PORTLAND MARKETS.

Wheat—Track prices: Bluestem, 88c; club, 85c; red Russian, 84c; valley, 85c.

Barley—Feed and brewing, \$22@23. Corn—Whole, \$33; cracked, \$34 ton. Hay—Track prices: Timothy, Willamette valley, \$20@21 per ton; Eastern Oregon, \$22@25; alfalfa, \$16.50 @ \$17.50; grain hay, \$17@18.

Oats—No. 1 white, \$26.50@27.50. Fresh Fruits—Strawberries, Oregon, \$2.50@4 per crate; apples, \$1.50@3 per box.

Potatoes—Carload buying prices: Oregon, 40¢@50¢ per hundred; new California, 2¢@3¢ per pound; sweet potatoes, 4c.

Vegetables—Asparagus, \$1@1.25 per box; celery, \$3.50@4; hot house lettuce, 50¢@1 per box; green onions, 15¢ per sack; rhubarb 2¢@2½¢ per pound; spinach, 8¢@10¢; rutabagas, \$1.25@1.50; carrots, 85¢@1; beets, 1.50; parsnips, 75¢@1.

Onions—Oregon, \$2 per hundred; Bermuda, \$1.50 per crate. Butter—City creamery, extras, 27¢ per pound; fancy outside creamery, 26¢@27¢ store, 20¢. Butter fat prices average 14¢ per pound under regular butter prices.

Eggs—Fresh Oregon ranch, 23¢@24¢ per dozen. Pork—Fancy, 12¢@12½¢ per pound. Veal—Fancy, 10¢@10½¢ per pound. Lamb—Fancy, 10¢@12¢ per pound. Poultry—Hens, 20¢@21¢; broilers, 30¢@35¢; ducks, 18¢@23¢; geese, 12¢; turkeys, live, 20¢@22¢; dressed, 25¢; squabs, \$3 per dozen.

Cattle—Beef steers, hay fed, good to choice, \$6@6.50; fair to medium, \$5@5.50; cows and heifers, good to choice, \$5@5.50; fair to medium, \$4.25@4.75; bulls, \$3.50@4.25; stags, \$5@5.50; calves, light, \$6@7; heavy, \$4.50@5.50.

Hogs—Top, \$10.10@10.60; fair to medium, \$9.50@9.75. Sheep—Best wethers, \$5.25@5.75; best ewes, \$4.75@5.25; lambs, choice, \$7@8; fair, \$6.50@7.

Hops—1909 crop, 12¢@16¢; olds, nominal; 1910 contracts, nominal. Wool—Eastern Oregon, 14¢@17¢ per pound; valley, 18¢@20¢; mohair, choice, 32¢@33¢.

## EARTHQUAKE RUINS CITY.

Hundreds Killed at Cartago, Costa Rica—Bodies Being Recovered.

San Jose, Costa Rica, May 7.—The earthquake that laid waste the town of Cartago occurred at 6:50 o'clock Wednesday night and continued about 18 seconds. In that brief time the buildings of the place collapsed, burying hundreds. The dead were first estimated at 500, but it is believed tonight that the fatalities were much greater.

Four hundred bodies were recovered today. Following the shock twilight was turned into darkness of midnight by clouds of dust that rose from the ruins. Panic ensued and the cries of the injured and fleeing survivors filled the air.

Cooler heads went to the telegraph office to summon help, only to find the operators dead, lines down and traffic impaired on the railroad.

As soon as the news reached San Jose, President Gonzalez Vicques, accompanied by President-elect Richard Jiminez and many doctors and nurses, started on a special train to aid the survivors. Upon the president's arrival at Cartago, martial law was proclaimed. Provisions, medicines and clothing were dispatched from here.

Throughout the day special trains arrived here, bringing the wounded. Hundreds of survivors were camped outside the ruined city awaiting transportation to other points. They are being fed at public expense. Seven carloads of provisions have been dispatched from here and Alajuela.

The beautiful peace palace, the gift of Andrew Carnegie, erected at a cost of \$100,000, was converted into a pile of debris. Other public buildings met the same fate.

Many students at the college of the Silestan Fathers were killed. The tremors continue tonight and the terror of the people increases. The fear of further shocks has extended to the neighboring towns.

Only the early hour of the evening at which the disaster occurred prevented a much greater loss of life. At the time many people were in the open. So far no deaths have been reported among the American colony.

The disaster was not preceded by any activity of the volcano Poas or of other volcanic vents. The shock was felt throughout Costa Rica and in parts of Nicaragua. Great fissures opened at many places in the volcanic zone.

The ministers of Mexico and of Central American countries have asked their governments to contribute to the aid of their sister republic. Several prominent Spanish-Americans are among the dead. These include the wife of Dr. Becanegra, the Guatemalan magistrate to the Central American arbitration court, and Senor Trejos.

### APACHES ATTACK WOMAN.

Prospector With Clubbed Revolver Makes Rescue Against Odds.

Globe, Ariz., May 7.—Drunken Apaches attacked the ranch of Daniel Maben, four miles East of Globe, last night in quest of Maben, who had killed an Apache several months ago. Maben is now in the territorial insane asylum and only his wife and 16-year-old daughter were at the ranch.

Eugene Barrows, a prospector, rescued Mrs. Maben and her daughter after a thrilling encounter.

Using his weapon as a club, Barrows fought his way through the Indians, who numbered half a dozen. The last one attacked him with a knife and Barrows broke the revolver over his head.

Barrows and the women succeeded in reaching the Sixty-Six ranch, half mile away, and came into Globe this morning.

### Big Soap Factory Burns.

Kansas City, Mo., May 7.—The plant of the Peet Bros. Manufacturing company, one of the largest soap and glycerine factories in the southwest, was destroyed by fire tonight, entailing a loss estimated at \$1,500,000. The flames for a time threatened the plants of the Schwarzschild & Sulzberger Packing company, and the American Dressed Beef company. Energetic work on the part of the firemen prevented serious damage to the Schwarzschild plant when the south wall of the Peet plant fell upon it.

### Great Northern to Build.

Great Falls, Mont., May 7.—The Great Northern Railway company today started condemnation proceedings for right of way through Fergus county for building a branch line about 350 miles long, from Hauck's siding on the Billings & Northern, a Great Northern branch, to a junction with the main line on the Great Northern at a point near Mondak, on the Montana-Dakota line. In substance, this means that the Great Northern is about to build an entirely new line from the Montana-Dakota line to Great Falls.

### Comet is Now Visible.

San Jose, Cal., May 7.—Halley's comet was magnificent object at Lick observatory this morning. Dr. Curtis photographed 18 degrees of the tail. At the present distance of the comet from the earth this corresponds to a length of 20,000 miles. A greater length could have been photographed, but 18 degrees was the full capacity of the instrument. The best time to see the comet is between 3:30 and 3:45 a. m., in the East near the horizon.

### Farmers Labor's Ally.

St. Louis, May 7.—Organized labor and organized farmers will work together hereafter in preserving the rights and liberties of both classes of workers under the provisions of a resolution unanimously adopted by the executive committee of the Farmers Educative and Co-operative Union here.
