Annual Walking Race Entries Open

Now that most of the sporting events and football and baseball is past for a while, attention is being turned to the amateur walking race which is to come off on Dec. 19. That is the race proper to be walked on that date, but on the previous Sunday the elimination race is scheduled for discussion.

The elimination event is a good idea, as it will allow of only men who can cover the distance in fair time competing in the race proper. The distance to be walked is about one and three-quarters miles and the course is from the corner of King street and Kalakaua avenue to the Waikiki inn.

A number of men have already entered for the race, and it is expected that a big list will be made up before Saturday next when the entries close.

The event is strictly an amateur one, and no gate money consideration can in any way be connected with the race. All the competitors go into the walking race for the pure love of sport, and consequently the affair is sure of success from the start.

The merchants of the city donate prizes, and in the past the trophies have been very handsome ones; the business men of the city always come through with prizes for amateur events, and there is no doubt of their doing the same this year.

There will be three different races, as, besides the main one, two other events, one for fat men and another for old men, will be pulled off, and they promise to be as good as the big race.

There will be proper rules this year, and only fair heel and toe walking will be allowed; the judges will strictly enforce the rules and anyone doing the old familiar trot act will be disqualified on the spot. The officials will all be men of experience and the walkers will be followed up by the referees in automobiles.

The race promises to be a real good afternoon's sport, and it will all be over by about 2 o'clock. Those who wish to keep any other engagement will be able to do so without trouble.

Football Game On Xmas Day

There is talk of another series of football games between the Town and Marine teams. The first match will probably be played on Christmas Day, and on New Year's Day another is mooted.

This is good news to the followers of the game and as the three previous ones were so closely contested, there is no doubt that a big crowd would go out to the League grounds to see the games.

The Marines are still practicing and the men are in the best of condition; they can easily keep in form till Christmas, which will soon be with us now. The Townies will, if the games are certain to come off, start out once more to practice and Sumner and his men will leave nothing to chance as they know how tough a bunch of players the Marines are.

Christmas Day is generally a hard one for people who have no home ties to get through and the thought of being able to go out and watch a football game instead of brooding alone certainly appeals to the lonely ones.

Kalihis Defeated At Indoor Bal

Last night at the Palama gymnasium the Kalihis and home team met in an indoor baseball game. The Palamas won by a score of 26 to 18 after an exciting struggle, which worked the rooters up to a great state of excitement.

The girls were there in force to cheer their respective teams on and the gallery was filled with a big bunch of fans. There was a real noise when the Palamas, in the fourth inning, piled up 14 runs; that about settled the chances of the opposition bunch and the airship then took flight.

Britto and Desha formed the battery for the Palamas and Holster and Cannon did like duty for the Kalihis. There were two umpires and Mills and Bunn were satisfactory in the positions.

The lineups were as follows:

Palamas—Britto, c.; W. Desha, p.; D. Hoapili, 1b.; A. Akana, 2b.; M. Mattson, 3b.; A. Alama, ss.; W. Hoopai, cf.; Ed. Hanaike, cf.; Sam Safrey, lf.

Kalihi—J. Holster c.; P. Cannon p.; R. Rice, 1b.; M. Morse, 2b.; F. Colburn, 3b.; H. Zerbe ss.; H. Yap, rf.; I. Allen, cf.; D. Colburn, lf.

Cullen Going To Australia

Both Cullen and Reilly are anxious to have another boxing match but, as the former is leaving on the Makura for Australia, there does not seem to be much chance of the two lightweights meeting again.

Reilly could not manage to get away to the Coast on the Hilonian to-day and consequently will be in Honolulu for some time yet. The popular little boxer would be willing to go up against Cullen next Saturday night and fight on a percentage basis if any suitable place could be secured to pull off the scrap in.

As it is now the Orpheum is occupied and the Aloha Park is also for till next week, Cullen states that it would not pay him to stay over till the boat following the Makura, and as he has some engagements to fill in Sydney and Melbourne, he cannot be blamed for wanting to catch the mail steamer.

The public would like to see Cullen and Reilly box twenty rounds and there is no doubt that the little fellows would put up a great battle over the distance. However, it seems to be all off now, and we will have to be content with the two good contests the lads put up a short time ago.

Kenneth Dole Is Stanford Captain

Kenneth L. Dole, varsity forward and youngest member of the famous Dole family now at Stanford University, was the unanimous choice of his teammates of the 1909 Rugby team to captain the squad next year, says the Examiner. The election of Dole was expected by many as one of the few logical men for the position of leader next year. Dole has the confidence of the student body, the result of his work on the Rugby field in action during the big games of the last two years.

Dole made the 1908 winning team in the last week of practice by his phenomenal showing as lock in the forward pack against the Vancouver team, and in the struggle against the blue and gold fully justified the choice of the coaches. This year he was one of the most consistent of the forwards, showing particularly as a star in the waning minutes of the game.

Dole is a junior student, registering in the department of systematic botany from Riverside, and is a brother of "Savage" Dole, '05, and Ethelbert Dole, '07, both varsity half backs. The captain-elect is well known off the football field, being a member of the Gymnasium Club, Skull and Snakes honor society and the Beta Phi fraternity.

SHORT SPORTS.

There will be a meeting of the executive committee of the soccer football league at the Toilers' Club this afternoon at 3:30 o'clock. All the members of the committee are requested to attend, as there is much important business to be discussed.

Gee and Roth are keeping in form at tennis and will be playing at their best when Long and McLaughlin come through on the next Canadian boat. The California pair, although defeated by Brookes and Wilding for the Davis cup, play a good game, and our men will have to be in the best of condition if they would extend the cracks.

If, as announced in the Bulletin some time ago, Hayes, the Olympic Marathon winner, comes to Hawaii with St. Yves the local sports will have a look at a real champion long distance runner. Our own runners can no doubt beat the local record of three hours eight minutes, and Kuoo if properly raced, should get inside of three hours. But even then there is a big difference to be made up before the figures set by St. Yves can be touched.

Football enthusiasts believe that as a result of the death of Cadet Byrne of West Point and the dangerous injury of Midshipman Wilson of Annapolis the College football conference association will eliminate certain dangerous features of the present game when it meets in this city next month to revise the rules. While those who have advocated the adoption of soccer football in place of the American game have not received any great amount of encouragement there seems to be, according to dispatches from the various institutions, a desire on the part of the heads of college, trainers and coaches, to so amend the present rules that there will be more open play in the game and absolutely no mass plays.

Shingle Insurance

Insure your shingles against decay by staining them with SHERWIN-WILLIAMS PRESERVATIVE SHINGLE STAINS (Made with Creosote)

The long paint manufacturing experience of The Sherwin-Williams Co. has enabled them to make a most satisfactory Shingle Stain.

In Preservative Shingle Stains, creosote, the best wood preservative, is combined with coloring pigments. Shingle decay is thus prevented and an artistic finish given at the same time. Twenty-three handsome shades, for use on roofs or shingle sidings.
