SALE of MORTGAGE BONDS of the LAWRENCEBURGH and UPPER MISSISSIPPI RAILROAD COMPANY.—This company offers for sale $500,000 of their seven per cent. First Mortgage Bonds, with interest Coupons annexed.

These bonds are in sums of $1,000 each, payable 1st March, 1866, with interest on the first days of March and September, at the office of the Ohio Life Insurance and Trust Company, in the City of New-York, where the principal is also payable. They are convertible into the stock of the Company at par, at any time within five years from their date, and are secured by a first mortgage on the entire road, its franchises and equipment, by deed of trust to George S. Coe, of the city of New-York, this being the first and only lien upon the Road, and this being the entire sum authorized to be issued by the mortgage.

The road extends from the road to run from Cincinnati to St. Louis, at Lawrenceburgh to Indianapolis, the capital of the State of Indiana, a distance of 90¾ miles, and will, when completed, with the twenty miles of the road aforesaid, between Lawrenceburgh and Cincinnati, form the nearest and most direct line from Indianapolis to Cincinnati.

It passes through several important towns, and over a most fertile and well improved country, and by means of railroad connections made and making at Shelbyville and Indianapolis, this line will be placed in communication with fully one-half of Indiana, forming the best, and, for much of the country, the only avenue of travel and trade to Cincinnati.

Seven railroads are made or making to Indianapolis, the most of which will be important feeders to this Cincinnati road; three railroads are made to Shelbyville, the business of which must naturally seek an outlet over this road.

The entire line is under contract, and about 20 miles is now ready for the iron; the grade will be prepared to receive the superstructure as far as Shelbyville, 63 miles, this fall, which place is already connected by Railroad with Indianapolis, and the contracts for the Road complete to Indianapolis expire on the 1st October, 1853.

The rails for the entire line, 9,200 tuns, are purchased; 1,200 tuns are on the line, and are now being laid down; 1,000 tuns will be forwarded from this port immediately; 4,200 tuns are ready for shipment in Wales, and the residue is to be delivered in New-Orleans next winter.

The total cost, with rolling stock and equipments ready for business, is $1,250,000; $300,000 of stock has been subscribed and the largest portion of it paid in and expended. This mortgage provides for only $500,000, and is the only one intended to be given, as with it the means of the Company are ample for the entire work, and the lien thus created only amounts to $5,500 per mile

Indiana is now the fifth State in the Union, and is fast advancing in wealth and population. Indianapolis, her seat of government, is likely to be the largest inland city in the West. There is being concentrated at it a net work of railroads, which, with connections, will penetrate every part of the State. It must be evident that the road which shall form the nearest and best connection with this system of public works, and Cincinnati, the great Emporium of the West, must become an important trunk line, and amply repay the expenditure upon its construction.

In addition to the mortgage, the Directors and principal Stockholders of this road have deposited with the Trustee their personal guarantee to the holders of these Bonds for the punctual payment of the interest thereon until the road is completed. Proper certificates and references are given, showing the entire ability of these parties to fulfill their engagements.

Sealed Proposals for any amount of these Bonds, not less than $1,000, will be received until Saturday, the 23d of May next, at 3 o'clock P. M. Proposals to be directed to Messrs. DE LAUNAY, ISELIN & CLARKE, No. 63 Wall-st., and indorsed "Proposals for Lawrenceburgh and Upper Mississippi Railroad Bonds."

Fifteen per cent. of the purchase money to be paid on accepting the bids, the remainder in equal monthly installments of 15 per cent. each. The takers of the Bonds to be at liberty to pay at any time, in full. Interest on the Bonds to run from date of payments

The above $500,000 Bonds will be sold absolutely to the highest bidder.

Pamphlets and Maps, and any further information relating to these securities, can be had by application to

DE LAUNAY, ISELIN & CLARKE, No. 63 Wall-st.

$200,000 BOURBON, FAYETTE AND MASON COUNTY and CITY OF MAYSVILLE (Kentucky) BONDS.—Messrs. Gilbert & Johnson, Insurance Buildings, William-st., offer for sale Two Hundred Thousand Dollars of the Six per Cent. Bonds of the above Counties and City, with interest coupons, payable semi-annually, in the City of New-York.

The Bonds are for $1,000 each, the principal reimbursable in 1881, in the City of New-York.

These Bonds were issued to the Maysville and Lexington Railroad Company, in payment of stock subscriptions to that road, made by the above Counties and City by authority of a vote of the people, unanimously in the City of Maysville, and by heavy majorities in the Counties.

The Road to which the Bonds are issued is sixty-eight miles long and connects the Cities of Maysville on the Ohio River, and Lexington in Fayette County. The estimated cost of the work is $1,440,000, and the stock subscriptions are already $1,033,511.

The Counties of Bourbon, Fayette and Mason, are all populous and wealthy. The soil is unsurpassed in fertility in any country, and the population is intelligent, industrious and substantial. The Auditor's Report for 1851, exhibits the following statistics of wealth and population:

	Taxable Property.	Population.
Bourbon	$11,941,797	17,904
Fayette	17,756,785	25,172
Mason	9,154,648	24,883

The above Counties are entirely out of debt, excepting for their recent Railroad subscriptions, amounting to $1,220,000, for which they hold an equal amount of Railroad stock. The City of Maysville has a population of about 5,000, and taxable property to the amount of $1,600,000. It is the point, on the Ohio River, in the County of Mason, of transhipment for the whole north-eastern section of Kentucky, of merchandise and produce going inward and outward—and under the influence of the system of roads now converging upon it, and forming connections with all the rich central regions of Kentucky, and with the principal lines of Railway running south and north, the city must rapidly rise in business, population and wealth. Maysville owes now a debt of $70,000, but has means to the amount of $79,000, and a revenue of $22,000, exclusive of the tax for Railroad purposes. This indebtedness is based on a capital of $40,455,250, as exhibited by the Assessor's books, which does not give more than two-thirds of the actual value.

The constitutionality of the issue of these Bonds has been affirmed by the Circuit Court and Court of Appeals of the State of Kentucky, which forever settles that question. The Court of Appeals decided that their collection can be enforced by writ of mandamus, and the individual property of every citizen subjected to the payment.

The Kentucky members of Congress certify to the perfect security of these Bonds, and Mr. Clay adds his testimony to their value. He says:

"These three Counties are among the richest, I believe; excluding Jefferson, they are the three richest in that State. The Bonds are executed under the authority of the Legislature, and its power to grant that authority has been recently affirmed by the highest judicial tribunal in Kentucky. I entertain no doubt that the principal and interest of the Bonds, respectively, will be punctually paid as they become due. Such is my confidence in the safety of investment in these Bonds, that if my property were all converted into them, I should feel perfectly secure.

"I am, with high respect, your obedient servant,

"H. CLAY."

A full printed exhibit may be had at the office of the undersigned.

These Bonds offer one of the best perfectly safe avenues of investment now before the public.

GILBERT & JOHNSON, Insurance Buildings, William-st

$50,000 EATON AND HAMILTON RAILROAD CO. BONDS.—These Bonds bear interest at the rate of 7 per cent. per annum, which, with the principal, is payable in the City of New-York, the latter on the 1st of January, 1852. The total amount issued is $300,000, which is secured by a mortgage on the road with its fixtures, depots, &c., &c., forming the first lien thereupon, excepting a loan of $150,000 by the city of Cincinnati. They have the privilege of conversion into Stock at par, at any time within five years. The E. and H. R. R. extends from the Cincinnati, Hamilton and Dayton R. R. (distant 25 miles from Cincinnati) to Richmond, Wayne Co., Indiana, where it intersects the Indiana Central R. R., and unites with the lines of Railroads terminating at Chicago and St. Louis. Its length is 44 miles, and its immediate completion and equipment have been provided for by the issue of these Bonds. The total cost will be $900,000, being double the amount of mortgage debts. A full statement of the condition and prospective business, &c., of the Road, and all other information, can be obtained of the undersigned, who offer for sale $50,000 of the Bonds all that remain undisposed of.

MERCANTILE TRIBUNAL of MEXICO.—Dr. GEORGE EDWARD BURR has presented to the first hall of this Tribunal a writing, the last part of which is of the tenor following:

1st. That by way of precautionary and temporary measure, official notice be issued to the Tribunal of Mines of Tlaco, directing them not to take note of the sale or transfer which, in the United States or in any other place, Mr. N. H. Rappelye may make of the aforesaid four widow shares (barras viudas) of the Pedregal mine. 2d. That by an insertion of the two prayers with which this writing concludes, the aforesaid Mr. Rappelye be cited through one or two of the newspapers of this capital, and through the same number of papers published in New-York, (for which purpose this Tribunal will address the Mexican Consul residing in said City of New-York, through the medium of the Supreme Government,) to appear within three months, commencing from the day of the last publication before your Honors, either personally or by attorney instructed, provided with means and personally responsible, to answer the demand which I am going to commence against him, with notice that if he do not so appear, the proceeding will be continued with the intervention of the attorney or counsel appointed to defend absentees.

And the aforesaid prayer having been granted, by an order of this Tribunal, after consulting the assessor, this notice is issued for the information of the party interested.

Mexico, March 12, 1852.

JOSE D. ULIBARRI, Clerk.

VICE CONSULATE OF MEXICO IN NEW-YORK, April 29, 1852.

The foregoing is a translation of the original notice and order received at the Vice Consulate for publication.
