FARM OFFERINGS SEND WHEAT DOWN

Liberal Western Receipts Indicate Ample Supplies From Old Crop.

CHICAGO, June 15.—Increased rural offerings of new wheat to arrive had a bearish effect on the wheat market to-day and prices closed unsettled 3 to 3¾ cents net lower, with July $1.3[illegible] to $1.32¼ and September $1.22¼ to $1.22½. Corn finished ⅜ to ⅞ cent down, and oats off ⅜ to ½ to ⅝ to ¾ cent. In provisions the outcome was unchanged to 20 cents higher.

Country offerings of new wheat to be shipped to Chicago in time for delivery on July contracts were of sufficient volume to put bulls at a decided disadvantage from the outset. Illinois growers in particular seemed to be pressing to sell. In addition, liberal receipts at Western points, a total of 1,200,000 bushels, suggested ample supplies of old wheat still on farms. Slowness of export call tended further to weaken the market, but this factor was partly offset later by word from the seaboard that considerable business with Germany had been put through. Floods in Nebraska and Kansas attracted notice also, and reports of black rust in South Dakota came from a wider area. Rallies that ensued proved, however, to be only transient in the absence of any aggressive buying.

Excellent crop reports and large stocks put corn on the down grade and carried the oats market along.

Higher quotations on hogs gave a lift to provisions.

The sale of 750,000 bushels of cash wheat to Germany was confirmed yesterday after it was announced that that country had removed its embargo against allied grain firms. The wheat was sold on a basis of 50 per cent. cash and the remaining payment to be made in ninety days. In addition to the 750,000 bushels 500,000 of Manitobas were reported sold. Premiums, as a result of that business, were firmer. Corn sales were estimated at about 50,000 bushels, and reports were current that Poland was after two cargoes of rye. It was said that Poland was seeking flour.
