CHICAGO LEADS BY CLOSE MARGIN

The standings of the three leagues show that the fight for the championship of the season is and is

In the National League Chicago is holding her lead by a narrow margin New York being close behind. Pittsburg is still at third place and is running well with the leaders.

The Athletics have a good lead on the Detroit team in the American League, and the race for the pennant will probably be fought out by these two teams.

The Pacific Coast League is headed once more by the Portland team which was down to second place last week. The Vernons are a very close second.

The standings of the three leagues mentioned are as follows:

MURRAY WON'T VOTE ON CARS

Supervisor Harry Murray, who in the absence of Mr. Schuman of the Schuman Carriage company, is manager of the company's garage, will not vote with the other directors of the board when it comes to the question deciding what make of motor fire truck the city is going to buy. Supervisor Murray does not intend to take part in the discussion on the bids for furnishing the trucks submitted by various local companies, other than, if necessary, to explain the workings of the apparatus offered by the Schuman company.

If it were not for the absence of Mr. Schuman himself, said Murray this morning he would take no part whatever in the discussion over the bids, and says he hopes the matter will be postponed until Schuman arrives from the mainland, which will be in a few days.

"In Mr. Schuman's absence I am in charge of the garage," said Murray this morning, "and although I would prefer not to do it, if the bids are to be demonstrated I shall have to do it, Mr. Schuman being away.

"As I say, I would much prefer not to have to talk about the car when the discussion comes up. It seems to be the idea of some of the members of the board to have a sort of public hearing, where all the demonstrations for the various cars on which there are bids will explain the advantages of the cars. If Mr. Schuman were here, he would do it, and that is why I should like to see this matter postponed. In any case I do not expect to vote when it comes to discussing the merits of the cars."

HONOMU CLOSE TO NEW RECORD

With the end of the season in sight, some predictions have already been made, while others are now pending. In nearly every case the crop predictions are running ahead of their estimates, the exceptions being due to unexpected shortage in the various centers.

Honomu plantation, according to reports, is going to run three hundred tons over the estimate, reaching about 7,300 tons. The mills were low on account of the wet weather, so the crop record of 7,000 tons might have been broken. News from the mills is that next year will be a bumper crop.

LYMAN ESTATE IN TRUST.

The estate of the late Hon. A. Lyman, of Hilo, has been put in charge of the First Trust Company of Hilo, for ten years. The value is placed at about $100,000, with debts to aggregate about $10,000. At the end of the trust period the trust company is to convey the estate to the heirs.

FORMER HONOLULU WOMAN AGAIN FAILS TO SWIM GOLDEN GATE

Rain came from the clouds today at another intervals, performance for would swimmers who attempted to master the Golden Gate. Miss Hazel Langstone of Berkeley set the mark at 1 hour 2 minutes a few days ago, but it is doubtful lately.

Mrs. Tom Leach, formerly of Honolulu, again tried to swim.

The Chronicle of August 21 says:

"For thousand people stood on the Fort Point wharf yesterday morning and witnessed the inspiration of the Herculean exploits of Golden Gate to Golden Gate, of Alameda and Miss Leach, formerly of Los Angeles, the three are females who swam across the channel. Mrs. Tom Leach became exhausted and did not finish the course, but says she will try again.

"The conditions of the sea and the weather were kept for the swimmers. The sun shone in brilliancy, turning the water into a huge pot of green and gold. When the strong current dived off the bluffs at the foot of Fort Point the waves dashed upon the rocks and the spray leap into the faces of the swimmers and their attendants who each knew that it was difficult for them to keep hold of the ladder on which they were making their descent into the bay, yet there was no wind.

"Captain Fraser of the life saving station took charge of the swimmers at Fort Point and kept them there until a favorable time was visible. He pushed the boat with the glasses for over thirty minutes before he gave the word to the contestants to go. They were kept out on the side of the road line and were thus hampered in their way across the channel by having to hold against a running tide.

"Mrs. Leach was picked up by the launch from the life saving station and placed in the cabin where she sat with every blanket around her, head bowed in her hands.

"The competitors finished as follows:

	Actual Time.
Miss Hazel Langstone	17 min.
Miss Lena Sachtleben	18 min.
Miss Ada Sachtleben	19 min.
Mrs. Tom Leach	did not finish

TO FILL BALDWIN VACANCY.

A successor to Dr. Baldwin on the board of health will be considered by the Honolulu Territorial Central Committee at a meeting sometime this week. Chairman Fisher said today that the meeting may be held tomorrow or next day. The man endorsed will be a prominent one, as the position of the board to the board made up the membership of two medical men at least. Mr. Fisher, it is said, will probably be endorsed.

DIVINE SCORES BUSINESS PHASE

"There are certain proverbs, so sayings that will bring out there are others that tend to lead us. Those of the first class, according to the theory that a proverb is the epitome of the experience derived during the period in which it is current, would seem to show that business in America has been of the moral and good tendency.

"Owing to the fact that there is no standard as to method, the latest proverbs of the business man's world are 'Get Results.' 'Every Man Has His Price' is another to which we adhere. 'Take it wholesale and cut,' he said, 'for the average man cannot be bought.' The price cannot be paid by men who buy the average man by wholesale or retail.' We cannot believe of men we know personally who are larger than others because they did not have the more money.

"Likewise he makes the statement that 'they drink as if it is their last chance.' Time he devoted to show that we drink as if we are alive. Time he devoted to show that we are only alive themselves to the class they are speaking of. Also he tells the fact that every man has a right to use his own business as he sees fit. It might sound all right, he said, but it the same time the business is any man accountable with the business of the community to such a degree that it was an impossibility. He now plays golf in some change.

Among the good proverbs he said against employers in one which states that the value of a man is not the expense but what he is. Personally the workers of the world is had always been found that it was not a mere question, but the character which called him through. As an instance of this he pointed to the life of Abraham Lincoln and what he has done with his history of three years.

"The golden Rule is applicable to the business century" is one that he specially likes and he quoted instances of men to know who were influence it and try to live the good life.

"Can America stand prosperity? he concluded. 'We have stood adversity and have found our feet—let us see if we stand prosperity!'

MRS. BALDWIN DIES.

Death came yesterday afternoon to Mrs. Elizabeth Baldwin, seventy-three years of age and a resident of the islands for a number of years. She was the widow of the late Dr. A. T. Baldwin, and died yesterday afternoon at half past three o'clock at Waialae near Kaimuki, this island. Mrs. Baldwin for many years a resident of California, has resided in the islands for six years. She was the daughter of Dr. John Hoxie, a New York physician, and was seventy-three years of age. She had been staying with Superintendent Tucker of the Industrial School at Waialae. The funeral will take place Tuesday.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is caused by weakness of the nerves and muscles of the large intestines or descending colon. To expect a cure you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our guarantee. They are like candy, and are particularly ideal for children. They act directly on the nerves and muscles of the bowels. They have a neutral action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 25c. and 50c. Sold only at our store—The Rexall Store. Benson, Smith & Co. Ltd.

ASAHIS BREAK WINNING STREAK

At the Athletic Park yesterday morning, before the largest crowd of both race that has ever witnessed the games, the Oahu Japan League series was continued.

The first match was between the Asahis and Palamas, who were not to fight to a finish, but the Palamas received their beats early in the game, when the Asahis piled up three runs.

The second game turned out to be a merry go-round for the Mahukas. It was a laughable affair, as Ken Hop was in the box for the Asahis and tried to work his curves by adding a little dirt and spittle to the ball, only to find the horsehide knocked to all corners of the field. Poor Ken!

The Mahukas won hands down by the big margin of 16 to 1, but it was easy for them to get that many before Xavier had warmed up.

The Clarion

The much anticipated trip to the volcano for the soldiers but at Fort Shafter has been mysteriously postponed. No one seems to know just the exact reason and so the men are looking forward to the pleasure of the trip early next month. It has been stated that since the arrival of the message ordering the troops to the States, the trip may be put off altogether. Just what the outcome will be will be determined in a few days and the men will know just what to look forward to.

For the first time in some months Company E's baseball nine went out on diamond for a game last Thursday. They matched themselves against G company and got beat. The score being eight to three. The game was a good one all the way through, two three base hits being made as well as a home run. G company found a loop hole in the third inning and piled up five runs and after that E company never got above par.

In response to invitations issued by Principal H. Tsunoda of the Japanese high school on upper Fort street, a large number of the Japanese residents and foreigners gathered on the premises of the Japanese school yesterday afternoon to witness the exhibitions of wrestling, fencing, jujitsu and archery. The shows were exceptionally interesting.

Preceding the exhibitions, a literary program was gone through in the large assembly hall of the school. Reserved seats were provided for the guests around the walls, while the pupils seated themselves directly in front of a platform, which was fittingly decorated with banana plants.
