Our Confidence Justified

If the name Eastman had not been behind them, we would have been afraid that there was something beside the price that was cheap, when the Brownie Cameras first came out. But they were made by Kodak workmen in Kodak factories. That was enough to satisfy us, and the results have more than justified our confidence.

We don't understand how the Kodak people do it at the price, but here's their

BIG POPULARITY CAMPAIGN

(Continued from Page 1)

pear beyond belief. Yet they are actualities, and within a few short weeks will make seventeen young women of the Islands the happiest in the Territory.

Consider what your rewards will be if you show yourself a good campaigner, by interesting your friends in your ambition to win, and putting forth a little effort yourself. The Grand Capital Prize, the 1912 completely-equipped "Regal" automobile, embodies everything that a perfect automobile should be. It has comfort, speed, safety and beauty. Built with the latest safety innovation of the auto-builder's art—an underslung frame, and equipped with a speedometer, wind shield and every equipment that goes to make it a perfect pleasure and business car, it is a prize of real worth and value and one that many people would be willing to work years to secure. All that is necessary for you to win this splendid car is to make up your mind to win. Interest your friends in your campaign, and stick to your determination to win. Every bit of effort that you put forth during the time of the contest will be repaid to you a hundred-fold on June 22.

The District Prizes.

In addition to the splendid Capital Prize automobile, there are the many other splendid prizes which will be awarded in each district. Each district has its own separate and distinct awards. An elegant $550 "Remington" player-piano, one of the most desired gifts, will be given as a first prize in each district. The winners of these prizes are privileged to choose instead a round trip to San Francisco, the wonder city of the Western Coast, spending ten days viewing its many sights and experiencing its many delights and amusements, as only San Francisco knows how to present them. This trip is an ideal vacation tour, and may be chosen by first district winners. As a second award in each district will be awarded a handsome diamond ring. These rings, which have been purchased of Wall & Dougherty, and which will be placed upon display soon, are most handsome and beautiful awards. The stones are perfect ones in every particular, and splendidly mounted, constitute awards of exquisite worth. Ladies' Solid Gold Watches will be awarded as third prizes in each district, and these watches are everything that a real watch should be. Fully guaranteed movements, solid gold cases, exquisitely engraved, they are watches that any young woman would be proud to own and wear.

Fourth place in each district will entitle the winner to a trip to Kilauea or Honolulu and return. Contestants residing outside of Oahu may choose the trip to the Islands' center—Honolulu—if they wish. These trips are complete tours, and afford splendid vacations to those winning them. Each and every prize is one worth the effort of anyone, and each represents the acme of worth and value.

A Starting Opportunity.

To enable candidates to start right and immediately place themselves in contending positions, which will prove to their friends that they are in earnest in their determination to claim one of the splendid awards, a coupon is printed in this issue, which is good for 5000 extra votes if turned in with a three months or over new or old subscription by 7 o'clock on the night of Wednesday, April 24. No limit is placed upon the number of these coupons which may be turned in by a candidate, only that each must be accompanied by a subscription of three months or over. These subscriptions may be either "NEW" or "OLD." An "OLD" subscriber is one who was taking the paper at the time the contest started, April 17. A "NEW" subscriber is one who has or will subscribe since the opening of the campaign.

This coupon will enable any candidate who is in earnest in her determination to win to secure a large number of extra votes right at the start, and by showing friends that she intends to win she will secure much additional assistance, as an interested person is always the best booster, and by interesting her friends she will naturally secure their support.

Married Women as Well as Single.

Married ladies as well as single are privileged to enter the contest. No restriction as to their state in life is made. A number of nominations have already been received from married women, as well as numerous inquiries, and we will state that whether you are married or single, you are entitled to enter.

Anyone May Vote.

Anyone who desires to vote may do so by clipping the coupons which appear in each issue of the Bulletin, and it is not necessary to subscribe in order to vote for your favorite. The coupons clipped from each issue of the Bulletin have a value of ten votes each and any person may fill these out and bring or send them to the Contest Department of the Bulletin. Special voting-ballots are issued on all subscription-payments, according to the amount paid, and these ballots are good any time during the contest and right up to the close. But the coupons clipped from the paper are only good for ten days from date of publication and must be voted before that time.

Persons living in one district are not confined to voting for candidates in that particular district, but may vote for candidates in any district.

Instructions for Voting.

Enter the name of the young woman whom you wish to see win one of these splendid awards AT ONCE. She may win the handsome 1912 completely-equipped "Regal" automobile, one of the elegant $550 "Remington" player-pianos, a perfect $100 diamond ring or one of the other prizes.

Better still, get the lady to enter her own name and then vote for her.

Those who get in on the start have the best chance of winning, hence it is desirable that the name of your favorite candidate be entered without delay. Candidates who enter this contest do not necessarily have to be subscribers to the Bulletin. Enter your name and your friends will do the rest. You will be surprised to see how rapidly the votes come in and what a little effort is required to win one of the rewards. Get in at the start and encourage your friends to vote for you; the rest will be easy. You will never know how popular you are until you enter the contest.

How to Win.

Any young woman who desires to enter the contest and win one of the magnificent awards offered should see to it that her name is at once sent to the Contest Manager.

Candidates should at once interest their friends in the contest, and by united and energetic action induce as many persons as possible to vote for them. Thousands of free votes are distributed daily, as each copy of the Bulletin contains a coupon good for 10 votes. By getting your friends, the majority of whom are subscribers to the Bulletin, to cast these votes for you, and then securing their subscriptions, you can add immensely to your vote-total and immediately become a contender for these splendid prizes, all of which are worth so much effort.

The nomination-blanks will only appear for a limited time, and only a limited number will be accepted. Cut the nomination-blank from this issue and send it to the Bulletin office with your name and address or the name and address of your favorite candidate. A subscription is not necessary, but will naturally help your candidate, and a good start means much. The names of persons making nominations will not be divulged.

The prizes will be awarded at the finish of the contest, and may be disposed of as the winners see fit.

Votes Issued on All Payments.

Votes are issued on all subscription payments, both old and new. Be sure you receive your votes when paying or prepaying your subscriptions. Every subscription payment, even for one month, earns votes, and these may be voted for any candidate or held until the close of the campaign if the subscriber chooses.

Open to All.

This offer of the Bulletin is open to all. There are no restrictions of any sort placed upon candidates except those of residence and respectability. To make this offer as liberal as possible, we do not even stipulate that candidates must be subscribers to the Bulletin. Candidates are not obliged to work in their own districts, but may work in any district or wherever they choose, but do not compete with other candidates for prizes except in their own district. This offer is one of the most liberal ever made to a gathering of candidates, and its magnitude is fully appreciated by the young women of the Territory, as well as their friends, who are already taking a keen interest in the campaigns of various candidates.

How Territory is Divided.

District No. 1 consists of Honolulu and the Island of Oahu, from the center of Nuuanu Street, West.

District No. 2 consists of Honolulu and the Island of Oahu, from the center of Nuuanu Street, East.

District No. 3 consists of the Islands of Kauai and Maui.

District No. 4 consists of the Island of Hawaii.

The Contest Office.

Is located in the Bulletin office, Alakea Street, and is open all day and up to 8 o'clock in the evenings. If there is any point in connection with the contest that is not quite clear to you, call, write or telephone, and it will be cleared up for you. Telephones 2185 and 2256.

COAST BUSINESS MEN MAY MAKE HOME HERE

Among the passengers who arrived here on the Mongolia last Tuesday were Mr. and Mrs. L. L. Colvin, and Mr. and Mrs. W. S. Moore, the former from Santa Maria, California, a heavy property holder of that city, and the latter from San Francisco. These gentlemen are here looking over the field with an eye to embarking in business. They have rented a beautiful cottage off Keeaumoku street, near the Experiment Station, and have arranged to remain here indefinitely. The parties are delighted with the climate, scenery and outlook.

ENGLISH MAY BE NECESSARY

That unless those applying for licenses are able to speak English and to read the instructions and rules laid down the Liquor Commission will not issue any further licenses, is the tentative statement made at its meeting yesterday and which will in all probability be carried out.

The matter was brought up in connection with the difficulty the commissioners had in getting at the facts of an alleged breach of the regulations which came before them. As a result the policy will probably be put in force from June 1 of this year and will put many aliens out of the business.

Notice is to be given Saeki, the accused man, that his license will not be renewed, and he will thus have a chance to sell out to someone who is eligible to hold the license. Saeki is the owner of the Front Saloon license, and it was brought out yesterday that he has been in Japan ever since it was issued and only came back following a cable telling him of the citation against him. At the present time he is in the hospital, and his attorney appeared for him. The man to whom the liquor was served is on the tabu list, and according to the testimony, was drunk as well.

Pomroll insisted that the man was drunk, but when four others stated that he was not, the liquor inspector was advised by Commissioner Crabbe to go out and get drunk himself so that he will know when a man really is that way.

An examination of the Japanese appearing as witnesses disclosed the fact that they knew nothing of the law, and their ignorance surprised even their own attorney.

Warn Macfarlane & Co.

Manager Auerbach of Macfarlane & Co. appeared to explain how it was that his firm had supplied liquor to a blind player. He stated that the orders were brought in by a Portuguese luck driver and that he personally had not inspected the books, so that his suspicions had not been aroused.

The board warned him that there would be trouble if anything of the sort occurred again.

Young and Moana Privileges.

Both the Young and Moana hotels applied for a renewal of their special privilege to serve guests in their rooms after hours. The board could not decide on the matter, and it went over for future consideration.

HOPPER CAPTAIN OF LIHUE TEAM

LIHUE, Apr. 16.—The members of the Lihue baseball team met at the Garden Island office last Friday night, the meeting having been called chiefly for the purpose of accepting the resignation of Arthur Rice as its captain and for the election of a successor. K. F. Hopper was chosen as the club's new captain, his election meeting with the unqualified approval of all the members. Constant practice will be the theme of Captain Hopper, and that Lihue will have a look in at the finish of the series is predicted by those who are qualified as judges of prize-winning ball material.

From all over the island come encouraging reports. A number of games are played every Sunday between the various teams. Waimea is out for blood, while the McBryde and Makaweli are giving her every opportunity to get it, by supplying practice teams. Koloa has her team out in almost constant practice and bids fair to develop into a dangerous rival for supremacy. Kilauea and Kawaihau, as usual, are doing the practice stunt, and from several appearances the coming ball season will be one to remember.

LUAU TO BE GIVEN BY BALL TEAM ON MAUI

(Special Bulletin Correspondence.)

WAILUKU, Apr. 12.—The members of the Camp One (Spreckelsville) Athletic Association will give a luau at their baseball grounds this evening, to be followed by a dance. Hundreds of invitations are out, and no doubt the affair will be attended by many. There will also be a "Hard Time" dance by the ladies of the Catholic Aid Society to be given at the Wailuku Town Hall this evening.

KAHULUI NOTES.

The warehouses are filled with sugar nowadays, and the smell of the sweet stuff pervades the atmosphere in the Paia end of the town.

The grass court of the tennis club is being put in splendid condition. Players in the classification tournament now use the oiled court for the time being, but prefer the grass court.

A new fire-proof vault has just been erected behind the Kahului Store. It was designed for the safe keeping of the books and valuable papers of the Kahului Store and should serve its purpose well.—Weekly Times.

The 1912 meeting of the Farmers' National Congress will be held in New Orleans in November.
