Ayer's Hair Vigor stimulates the hair cells to healthy action, and promotes a vigorous growth. It contains all that can be supplied to make the natural hair beautiful and abundant; keeps the scalp free from dandruff, prevents the hair from becoming dry and harsh, and makes it flexible and glossy.

J. Monroe Taylor's Gold Medal Saleratus or Soda is as healthy as the purest flour; will prove a great saving in that article; is peculiarly adapted to benefit weak stomachs and dyspeptic persons; is much more healthy and economical than baking powders, and greatly preferred to any other to use with cream tartar. Grocers may say they have as good. They are mistaken. It is the best in the world. Try it. Most of the Grocers have it. Have Gold Medal or none.

ACCIDENTS WILL HAPPEN.

They may happen to YOU. They are happening every day to thousands of people and in thousands of different ways—from the railorad collision to the treacherous banana-peel.

You cannot prevent accidents, but you can insure against them in THE UNITED STATES MUTUAL ACCIDENT ASSOCIATION of New York, the largest and best institution of its kind in the world. FIVE DOLLARS will make you a member, and about $13 a year will carry a policy that guarantees to those having a perferred occupation $5000 in the event of death by accident or $25 per week in case of disabling injury.

No professional or business man can afford to be without accident insurance when so small an outlay secures so large an indemnity in the event of serious accident, at a time when most needed.

A WALKING SKELETON.

Mr. E. Springer, of Meahanicsburg, Pa., writes: "I was affected with lung fever and abscess on lungs, and reduced to a walking skeleton. Got a free trial bottle of Dr. King's New Discovery for Consumption, which did me so much good that I bought a dollar bottle. After using three bottles, found myself once more a man, completely restored to health, with a hearty appetite, and a gain in flesh of 48 pounds."

Call at R. F. Vinson's Drug store and get a free trial bottle of this certain cure for all lung diseases. Large bottles, $1.00.

More strikes are prevailing in this country now than ever before at one time.

The strike of the employes of the Gould Railway system is beginning to seriously affect the business interests of the West, as no trains except those carrying the mails have been allowed to pass over the bridge at St. Louis for some time.

Read the announcement of Mr. John Hays as a candidate for one of the three offices of County Commissioner. This an office created by the present session of Legislature and doing the work formerly done by the Court of Claims. Mr. Hays is one of the best men in the county, and if elected to this office would do all in his power for the good of the county.

THOUSANDS SAY SO.

Mr. T. W. Atkins, of Girard, Kan., writes: "I never hesitate to recommend your Eclectric Bitters to my customers, they give enetre satisfactoon and are rapid sellers." Eclectric Bitters are the purest and best medicine known and will positively cure Kidney and Liver complaints. Purify the blood and regulate the bowels. No family can afford to be without them. They will save hundreds of dollars in boctor's bills every year.

We understand that there is a good prospect for the erection of a new court house to begin this summer.

A very successful protracted meeting closed last week.

Capt. Adams has a large lot of tobacco for shipment.

George Thornbury, representing Stevenson & Slingluff, is in town.

Sink Cline left for Frankfort a few days ago. He will attend the A. & M. College at Lexington.

The jury could not agree in the case of the Commonwealth against Zach Deskins. Deskins was released on a bond of $1,000.

KARL.

PEACH ORCHARD.

Mr. Lafe Vermillion, formerly a bank boss here, will remove to Lewis county in a few days.

Mr. T. J. Crotly will remove to Pittsburg, Kan., the first of next month.

Mr. J. P. Blevins, weigh-boss, at North & South mines, speaks of removing to Kansas in a few weeks.

Mr. Wells Blevins removed to Arkansas. They left here on the 12th inst.

The mines are running nearly every day, and loading is about played out.

Col. Geo. S. Richardson took charge of the mines on the first of this month as Superintendent. Since then, wages have increased, the run steadier, goods, I believe some cheaper, and everything is booming. If Col. Richardson is the cause of all this, we say, with almost every miner here, long may he stay.

Mr. L. M. Preston's store is going up rapidly. The framework is almost completed, and finishing touches will soon commence. He will build a Hall over the store, which will be rented to the Odd Fellows.

I. N. HASTE

TO THE DEMOCRATS OF LAWRENCE COUNTY:—

Just at this time the Democrats are likely to be to confident. We have so lately been victorious in national politics that it is apt to inspire us with too great confidence in ourselves, and make us neglect the importance of County and State orgnization. Unless we are fully and strongly organized, we cannot hope to retain the ground we have won after so long a struggle and so many hard fought battles. The Democrats of this county have long been accustomed to success and I fear that there are very few men among us who are willing to a temporary self sacrifice for the benefit of the party. Men who have always been consistent Democrats must bear in mind that all cannot be successful in convention—that one alone can be nominated. If you are a candidate, go before the convention, abide by its decision and submit with good grace to the voice of the majority. Say or do nothing that can possibly work injury to the nominee, whoever he may be. Remember that the enemy is always on the alert to gather up and magnify anything that would scatter the seeds of discontent among us. Let us place in nomination, men who are capable and honest, and then man and man put our shoulders to the wheel and elect him. Men who are afraid to submit their claims to the action of a convention do not deserve official position, and are willing to ruin their party to gain their own personal ends. It is our duty as the Democratic party to nominate our best men—men of unquestioned honesty and ability, and when we have done so, no true Democrat can refuse to support them. Don't let anybody make you believe that these "little county elections" have no politics in them and amount to nothing; there is the place to organize, county politics make State politics, and State politics determine the political complexion of U. S. Senators. Then turn out to the various precinct conventions and show the "grit" you are made of by the nomination of men who can and will win. This is not written in the interest of any candidate but for the good of the party, and in order to call your attention to the importance of attending the conventions and giving every candidate his due, so that he can have no possible excuse to "go back on" the nominee. The author of these random remarks is not presumptious enough to think that they will meet with universal approbation, but if they succeed in arousing you to a sense of your political duty, and to the importance of working together, and warning you of the calamities that will surely follow if you treat these things as of little consequence, then his object is attained and he will never regret their publication. Every Democrat should feel that he has a personal interest in the welfare of the party and show it by coming to the convention and taking a hand in its proceedings. There is no other way to find out who the majority are in favor of, and no other road to success in the end than to be governed by and assist that majority in the election of its choice. Then don't "mope" at home on the 10th of April but turn out and make yourself heard at the convention. If you can't nominate your friend then help your neighbor nominate his and then vote for him and try to persuade your neighbors to do the same. Do this "like a man" and the glorious old flag of Democracy will float above us, assuring us that we are still a free people, a government of the people by the people.

AYER'S SUGAR CATHARTIC COATED PILLS

CURE

Headache, Nausea, Dizziness, and Drowsiness. They stimulate the Stomach, Liver, and Bowels, to healthy action, assist digestion, and increase the appetite. They combine cathartic, diuretic, and tonic properties of the greatest value, are a purely vegetable compound, and may be taken with perfect safety, either by children or adults. E. L. Thomas, Framingham, Mass., writes: "For a number of years I was subject to violent Headaches, arising from a disordered condition of the stomach and bowels. About a year ago I commenced the use of Ayer's Pills, and have not had a headache since." W. P. Hannah, Gormley P. O., York Co., Ont., writes: "I have used Ayer's Pills for the last thirty years, and can safely say that I have never found their equal as a cathartic medicine. I am never without them in my house." C. D. Moore, Elgin, Ill., writes: "Indigestion, Headache, and Loss of Appetite, had so weakened and debilitated my system, that I was obliged to give up work. After being under the doctor's care for two weeks, without getting any relief, I began taking Ayer's Pills. My appetite and strength returned, and I was soon enabled to resume my work, in perfect health."

HATCH CHICKS BY STEAM
With the Most Perfect and Successful Imitation of the Hen.
THE CRAIG
FOLDING INCUBATOR.

Simplicity itself. Seldom to explode. No hatpries, clockwork, regulators, egg-drawers, or other contrivances to get out of order. No cost or experience, and very little labor and time in operating. Needs no watching. Hatches all fertile eggs. The upper portion folds back like the lid of a trunk. The eggs are placed in a nest on natural soil in the lower portion and receive the necessary heat from a tank of warm water in the lid. Proper heat is maintained by drawing off a part of the water twice a day and replacing with boiling water, about 10 quarts at a time for smaller size.

EARLY HATCHED CHICKS Sell at from 50c to $1 per Pound.

It is also a Brooder and will care for the chicks as long as they need artificial heat, thus saving expense of special brooder. Both as an incubator and as a Brooder it is unsurpassed by any machine, no matter what the cost, and is the safest, cheapest and most easily managed candidate for public favor. The Craig Incubator can be run with profit at any season. Any person should have a varying hatch the first time. It hatches in from 18 to 21 days, and equals the best work of the hen.

LADIES.—You thousands who are struggling for pecuniary independence will find artificial rearing of poultry a most profitable home industry. It requires the least possible capital. Does not interfere with household duties. The same fire that prepares the meals can heat water for an incubator.

42 ROWSOW STREET, MEMPHIS, TENN.—From 2 setings I hatched 107 chicks in the Craig Incubator. I know it is the best one made. Your plans for brooder are unexcelled.
D. C. HATCH.

HOPEDALE, ILL.—Third trial, out of 13 eggs hatched 13 chicks. Had very good success first trial. Never had a finer lot of chickens.
HELEN GRINDORFF.

SHANON, ILL.—Your Incubator beats all the hens for hatching. I set 145 eggs under hens and have 30 chicks. I set 101 in Incubator and have 97 good, healthy chicks as a result.
C. W. MAYS.

RIVERTON, NEB.—Hatched one brood to get my hand in, fifty-fil per cent of all eggs put in. No trouble to keep an even temperature. Shall run it all winter.
E. VAN DEUSEN.

ELIZABETHTOWN, N. Y.—By using the Craig Incubator I consider my first attempts at artificial incubation a complete success.

TEACH ANY ONE CAN BECOME SCHOOL
Become so thoroughly posted in three weeks' reviewing with the COMMON SCHOOL
QUESTION BOOK

As to successfully pass the most difficult and technical legal examinations for teachers' certificates. By its aid thousands of young people earn an honorable and lucrative livelihood. It is the most popular educational work published. Useful to everybody. Invaluable to teachers, indispensable to schools.

CERTIFICATES CAN BE OBTAINED.

A better review can be made from this book in one week than from Text Books in three months. In preparing for examinations it has no equal.

PARLIAMENTARY RULES ARE WORTH THE PRICE.

It does not deal in proofs or arguments. Questions are stated, and short and comprehensive answers given. It supplies a want long felt among teachers in reviewing briefly and comprehensively the different branches taught in our schools, without recourse to the tedious process of examining the text books from beginning to end. The arrangement has been carefully studied. The questions on each of the studies embrace all the leading and technical points. This work is especially adapted to Normal training, Institutes, or the private library where a general review is required to prepare for school certificates. It is only to be seen to be appreciated. Many claim that the book can have no equal, considering the assistance it renders in reviewing and bringing back to memory the principal questions represented in common school studies.

3500 QUESTIONS, 3500 ANSWERS.

Each branch is divided into two departments, one for questions and one for answers. Each question is numbered and a like number is given the corresponding answer.
