Robert G. Proctor, private secretary to Senator Lodge, has been indicted at Boston on the charge of embezzlement. It is alleged that he failed to report a campaign contribution of $225 in October, 1904.

This campaign of 1904 is declared to go down in history as a record of the most monumental grafting ever known.

Representative Bennett expects candidates in his re-election whenever the subject is discussed, but it is believed by members of the Kentucky delegation, and by Ninth district politicians who have been in Washington recently, that a Democrat will succeed Mr Bennett, and the Eleventh district will be the only district in the State represented by a Republican in the next Congress.

The NEWS is not an advocate of the spelling reform movement. We regret however to note the decreasing attention paid to spelling in our schools. We think being a "good speller" is an accomplishment greatly to be desired. Reading, writing spelling and ciphering are four fundamentals in which the youth of the land are sadly deficient.

Several counties seem to be in the contest for the prize as the banner "hog" county.

Nicholas county claims that Wilson Allen, who was married twenty and had twenty-four children, is the most fecundy man in the State. Hart county can go Nicholas county one better in that respect. Jacob Whitlow, a well known negro of this place has been married but twice and has twenty-six children. Duncan Jaggers a farmer of the Wilmoth country, is the father of twenty-four children by the same wife.

His new owners predict for him a brilliant career at the Louisville and Madison Square shows.

Thursday afternoon just before 6 o'clock a B. & S. passenger train No. 39 showed up for Hatfield station, the fireman who was looking ahead at the time discovered a man lying between the rails, apparently dead. The emergency brakes were applied, but before the train could be brought to a stop the front part of the engine had passed over the man, but not fatally injuring him. His name was Thomas Hudson and his home is in Leon.

A freshet not is reported from Kentucky, near the mouth of Turkey creek, about three miles west of Williamson. On last Monday morning while working in the garden Mr. and Mrs. T. T. Slater discovered their house on fire. They rushed in and were able to extinguish the flames. It was very close to them that some one had set the house on fire, but for what cause they did not know. Mr. Slater secured the service of his brother to assist him in guarding the house on Monday night, but the attempt was not repeated.

Greenup, Ky., April 7.—The Greenup County Circuit Court adjourned this morning after reporting seventeen indictments, all for minor offenses. Owing to the indictments and changes of times for holding court there will be no more sessions in this county until next October, when Judge S. G. Kinner, of Catlettsburg, will preside. A Commonwealth's Attorney will have to be appointed, and as R. D. Wilson, of Vanceburg, has withdrawn, Hon. W. T. Cole, of this city, is the only candidate for appointment.

Chattanooga, April 6.—G. M. Tucker and others, charged with the killing of A. C. Sanders, a moonshiner of Pike county, were found not guilty in the Federal Court at Covington this morning. The Commonwealth's Attorney of Pike county and Attorney General Hays failed to appear to prosecute the case. T. W. Hawkins, a mountain lawyer, and cousin of Sanders, asked a continuance of the case, but Judge Cochran denied his right to be in the case. Williamson, W. Va., April 7.—The saloons of Williamson are closed indefinitely owing to a decision today of the county court which is now in session here. It seems that the city council and the county court have been arguing for some time a case jumper indictment of the city to be heard for the coming year, but could come to no agreement. The court advocating the granting of license to all saloons and the council only a few. Thus it was today when the city council granted its license the court refused to allow any at all, revoking those which the city had allowed whereupon the city refused to grant any license at all.
