DELEGATES TO TERRITORIAL CONVENTION.

A convention of the Democratic party of Grant county is hereby called to meet in Silver City on the 25th day of August, 1890, to elect delegates to the Territorial convention, which will be held in Silver City September 3rd, 1890. Primaries to select delegates to convention called for this purpose, will be held in each precinct in the county on the 23d day of August, 1890. Precinct representation will be as follows:

Silver City	18
Deming	10
Pinos Altos	4
Georgetown	4
Oak Grove	1
Fleming	1
Blackhawk	1
Upper Gila	2
Santa Rita	3
Central City	1
Malone	1
Lower Mimbres	2
Upper Mimbres	2
Gold Hill	2
Cook's Peak	2
Lower Gila	1
Hachita	1
Shakespeare	1
Carlisle	1
Pine Canyon	2
San Juan	1
San Lorenzo	1
Lordsburg	2

The time for holding the county convention to nominate candidates for county offices has not yet been fixed.

GEORGE D. RAYNE,
Chairman Cen. Com.

S. T. HANEY, Member of Territorial Com. for Grant County.

LOCAL.

Luis Huller is expected here, from the City of Mexico.

There are rumors of a new smelter plant for Deming.

Miss Hattie Carpenter continues to improve in health.

John A. Deemer of Georgetown visited Deming, last Sunday.

D. Bauman, purchaser of zinc and lead ores, has returned from Colorado.

Col. Lockhart and S. Lindauer are doing the handsome thing in Kansas.

A large colony of Mormons for the Diaz Colony, arrived here on Thursday.

Mr. Picher of the Picher Lead Works, Joplin, Mo., expects to visit Deming next week.

Gayton Pettey has gone east on a visit, and will probably be absent six or eight weeks.

Frank Clark, collector at El Paso, spent a few hours in Deming last Wednesday.

The five-year old son of Mr. and Mrs. Lawhorn died in Deming, last Sunday Morning.

Lindauer, Wormser & Co. expect two carloads of Flor de Marzo ore to-day or to-morrow.

A. Munnich, of San Francisco, is now assistant bookkeeper with Lindauer, Wormser & Co.

Joe Deaver is going to Mexico to put up the machinery for the Promontorio Mining Company.

C. Ancheta of Asencion brought in a carload of ore yesterday, from a new strike just south of the line.

A. Nutting passed through Deming, on Monday, with a bunch of high grade cattle for the Corralitos Company.

The Summit Group of mines at Cook's Peak continues to improve as development progresses. It is a fine property.

C. C. Fitzgerald continues his heavy shipments of ore from the Surprise Mine, Cook's Peak District. He has engaged additional teamsters.

J. H. Boyd of the Caretas ranch returned to Deming on Wednesday, and reports abundant grass, and the cattle in splendid condition.

Large numbers of mellons are coming into the Deming market, from the Rio Grande and Mimbres valleys, as well as from neighboring ranches.

Mrs. Frank Siebold and children returned from California on the delayed train Sunday night. Mrs. Siebold has detrived great benefit from the trip.

Mr. Hatch, manager of the Western Union office at Deming, has run a wire from the depot to his residence, so as to be at more convenient call.

Mrs. Hopkins, accompanied by her daughters, Mrs. I. Brown and Mrs. T. S. Robinson, will probably return from California about the first of September.

A. W. Hamilton is expecting a carload of machinery for his mill and concentrator in the Sierra Madres. This machinery will go forward from Deming by wagons.

Edmund G. Ross, the man who was a friend of the people while governor of New Mexico, is the guest of Albuquerque friends and relatives. [Albuquerque Democrat.

Lindauer, Wormser & Co. received nine carloads of merchandise this week, being two carloads of flour, three of grain, one of meats, one of fence wire and two of nails.

Mrs. Wm. Woodburn, started for Minnesota, last Monday, for the purpose of placing her younger daughter in a school for deaf mutes. The little girl, although deprived of speech and the sense of hearing, is an unusually bright child.

President Hiram Hadley of the Agricultural College at Las Cruces, was in Deming last Thursday, in the interests of that public institution. Prof. Hadley is not only a thorough and experienced educator, but as well a man of practical ideas and great energy. He is a valuable man in the place he fills.

It was a saying of Peter Cooper, the philanthropist, that "In all towns where newspaper is published every man should advertise in it, even if nothing more than a card, stating the business he is engaged in. It not only pays the advertiser, but lets the people at a distance know that the town you live in is a prosperous community of business men."

We trust as many of the good people of Deming as can make it convenient, will visit the Territorial Fair at Albuquerque, September 15th to 20th inclusive. The exhibit will undoubtedly be the finest ever gotten up in New Mexico. The race purses amount to $3,000, and it is said arrangements have been made to bring in some fine trotters from the east. The special attractions are numerous.

W. C. Cantwell, special agent for securing census statistics of live stock on ranges, is now visiting the ranches of Southern Grant county with a view to gathering the data essential for his report. Mr. Cantwell is an experienced stockman, and well qualified for the work he has in hand. We trust our ranchmen will furnish him with every facility for gathering the desired information.

Neise Warrington who some time ago leased the Silver Bell at Pyramid to E. G. Orr, recently induced Mr. Orr to cancel the lease and has gone to work on the property himself. He put two shots in the bottom of the 90 foot shaft and broke out ten sacks of ore carrying 175 ounces of silver. Upon examination he found he had a two foot vein of ore, mostly first-class carrying 175 ounces, and the rest of it carried 50 ounces of silver. Warrington was considerably surprised at his discovery, and is working the property for all it is worth, and says he will stay by it as long as he continues to get such ore. [Lordsburg Liberal.

At the Grand Democratic rally at Santa Fe, on the night of the 4th, Governor Ross was one of the speakers, and the Santa Fe *Sun* thus refers to the reception accorded him:

Ex-U. S. Senator Ross, late governor of New Mexico, walked to a seat on the stage amid a storm applause, while the audience rose to its feet out of respect for his honored presence. What deluded people. Don't they know that the Ex-Register—him of the three horned dilemma—has proclaimed the mighty truth to all the people, that Cleveland was a "stuffed prophet of reform" and Ross, as his personal representative, ran a "boodle administration" composed entirely of "boodlers?" How then could the people rise in honor of the ex-Governor's presence? It must be they don't believe what the Sergeant says.

LOUIE WRIGHT DEAD.

Intelligence of Louie Wright's death reached here on Thursday. The following telegram, sent to Will Brown by B. J. McQuin, very fully expresses the sentiment of this community and shows the high esteem in which Wright was held:

Deming, N. M. Aug. 14th, 1890.

W. H. Brown, Las Vegas:

Intelligence of Louis Wright's death received with a general expression of sorrow. All sympathize deeply with you and with the boy's stricken relatives. I do not remember when I have heard such universal expressions of deepest sorrow and regret. Up to the last moment the people of this town had hoped and prayed for favorable results. All appreciate your painful position.

B. J. McQUIN.

FROM SILVER CITY.

Silver City, Aug. 12, 1890.

EDITOR HEADLIGHT: It is actually the fact that a prominent citizen and worthy Democrat has refused to seek nomination for a county office, because he is convinced that he would be traded off by another man whose nomination for another office on the Democratic ticket seems certain. Now isn't it a pretty how to do when a good Democrat refuses to become a candidate for fear of the treachery of an associate on the same ticket? It seems to me that the party has good timber to choose from for any office, and that a man who is so unreliable as to actually be feared by other Democrats should not be nominated. The convention must either "set down" on such men or shut up shop. He hasn't got a first mortage on the party or the county, and it is time the Democrats gave him to understand it.

I have been wondering why the Republicans don't put up Henry Woods of Central, for Probate Judge. He is a colored man and a stalwart Republican, and his party always professes to be friendly to the colored man. The last time they picked up a newly converted Democrat for that office, but they have become tired of him. By all means they should choose Henry Woods. Consistency demands it. As for qualifications, no Republican can doubt them.

Yours,
FIVE SPOT.

GILA CORRESPONDENCE.

Ilio Gila, N. M.
Aug. 3d, 1890.

EDITOR HEADLIGHT: The seven months of drouth has passed away, and the gentle showers have made the country look like a green lawn, all along the river. The river is up and down two or three times a day and is terribly muddy. The grass is four to six inches high all over the country, and the cows are lowing and their proud sires are pawing the moist earth, disputing the right of way.

Until the rains came the summer had been the dryest ever known here on the river, but the losses in stock have not been very great. I think the stock interest never had a brighter outlook than at present. The range is better here than it has been for a number of years past. The crops along the river are good. There have been some streaks of hail, but not to do much damage. Alfalfa is grown here to some extent, and is a profitable crop. It has only been a year or so back, that the people took to planting fruit orchards, and they bid fair to be a grand success. The general health is good all along the Gila, and now the rains have put new life in every thing.

I think our fall campaign will be the liveliest we have ever had. We have had several candidates visiting us and they all think they stand a fine show of being our next county officers. H. H. and Handy Andy has not shown up yet. H. H. better look a little out, as the old Gila has got her mud ready to daub him again. We want the big two to appoint a place to meet at, so we can hear them make a public speech, and tell us what retrenchment they will give the people in the sheriff's office.

TAX PAYER.

OUR NEW WEST ACADEMY.

The Deming New West Academy will begin its next school year Monday, September 15th. The course of study will be the same as taught in the New West Academies at Trinidad, Las Vegas, Santa Fe and Albuquerque.

At the meeting of the Principals of these schools held at Las Vegas during last June, a uniform course of study and system of text books was adopted for all the New West Schools in the Territory.

The schools of the New West are conducted on the graded plan and the course of study and instruction equal to that of any eastern school.

The Academy includes four different departments—Primary, Intermediate, Grammar and Academical, each having a prescribed course of study.

The primary, intermediate and grammar departments pursuing those studies pertaining to beginners, intermediates and grammar scholars.

The course of instruction in the academical department is a broad and thorough training in all the advanced studies as pursued in the best high schools and Academies of the east. It is divided into four courses called the Classical, Latin-scientific, Normal and English. Each of the first three requiring four years and the English course three years of study after finishing the grammar department.

The Classical course of four years prepares for admission to the classical course of any eastern college and instruction in Greek, Latin, higher mathematics, history, sciences and literature.

The Latin-scientific course includes the same studies except that of Greek.

The Normal and English courses omit both Latin and Greek, but includes higher mathematics, history, sciences and literature, also a short course in some modern language, such as Spanish, French and German. The Normal course includes the English with an additional year especially preparatory for teaching.

The Deming academy opened its doors for the first time last October and has been under Prof. T. W. C. Hayes, as principal, who will continue it for another year at least.

The Academy began in a modest and unassuming way but the work done in the school room is superior to that of many of the more pretentious institutions.

Such a school in our midst, where a girl or boy can obtain a practical and higher education, preparatory to any calling in life and at the same time laying the foundation of Christian character and principles, will do more for the prosperity and upbuilding of Deming than any new railroad or business enterprise.

It is sincerely hoped that during the coming year a building suitable to the school's needs and merits will be erected upon the site already selected by the local board of trustees.

Certainly the citizens of Deming are to be congratulated that there is no longer any need to send our older boys and girls away to obtain a higher education, for they can now get right here at home as good instruction and training as can be had anywhere.

Parents living in the neighboring towns and country will soon begin to appreciate and recognize this fact by coming here to live or sending their children to be educated.

Our good citizens should continue to make every effort to aid and encourage the New West Education commission in its grand work here and thereby help to make Deming an educational centre of the Southwest.

We hope to see in the not very distant future, one of these Academies develope into the university of New Mexico and its location be the thriving city of Deming.

The El Paso amateurs will present "Everybody's Friend" at the Deming Opera House this evening. The troupe is said to be quite talented, and they performed two nights in Silver City to large and enthusiastic audiences. We bespeak for them a cordial welcome.

Sam McAninch's announcement has been added to our swelling list. Sam was down here on Tuesday, and made a very favorable impression. He and Andy Laird started together, for the western part of the county.

List of Letters.

The following letters remain in the postoffice at Deming for the week ending August 16, 1890.

Lembke Chris	Grizzell W H
Gordon Wm	Freeman H W 2
Loya Nicanor	Ponce Serafine.

SARAH HODGDON, P. M.

LOCAL AND TERRITORIAL.

EXCELLENT TRAIN SERVICE.

The present schedule of train service on A. T. & S. F. R. R. from New Mexico is an excellent one.

A fast express leaves El Paso, Deming and Silver City early each afternoon, making the run to Bincon, and from Wallace to La Junta, by daylight, arriving at Kansas City evening of second day, and Chicago morning of third day after day of departure. This train carries Pullman palace sleepers from El Paso to Kansas City, and Los Angeles to Chicago, with Pullman tourist sleepers Los Angeles to Kansas City, making direct connection at La Junta for Pueblo, Colorado Springs and Denver, and at Burrton for St. Louis via the 'Frisco Ry.

The train from San Francisco (with palace sleepers to Kansas City and tourist sleepers to Chicago) leaves Albuquerque daily about noon, strikes darkness near Wagon Mound, arriving in Kansas City evening of next day, and in Chicago the following morning. An additional Pullman sleeper is attached at Las Vegas, running through without change to Denver, via La Junta and Trinidad.

The Santa Fe Route aims by its fast time, fine equipment and reasonable rates, to merit the patronage of the travelling public.

This new arrangement is of especial convenience to the business men of Deming, as it enables them to answer their correspondence the same day they receive it. There, too, parties from El Paso or any part of the country to the eastward, can come to Deming, have four hours for the transaction of any business, and return the same day.

Inquire of local Agent, or write to G. T. Nicholson, G. P. & T. A., Topeka, Kans.

The tax levy of San Miguel county is fixed at $2.43.

Still more and the latest improvements in the New Home Sewing Machine. It is light-running and perfect and we guarantee each machine.
Lindauer, Wormser and Co.

It is understood there that Gov. Prince has appointed Mrs. J. G. Albright, wife of the democratic editor at Albuquerque, as one of the lady world's fair commissioners from New Mexico.

Shiloh's vitalizer is what you need for constipation, loss of appetite, dizziness and all symptoms of dyspepsia. Price 10 and 75 cents per bottle. At Elite Pharmacy.

Shiloh's cough and consumption cure is sold by us on a guarantee. It cures consumption. At Elite Pharmacy.

The public schools at Raton will commence the first Monday in September with Prof. James Walker as principal and Miss E. C. Kern and Mesdames E. Ludlum and E. M. Darling as assistants.

Croup, whooping cough and bronchitis immediately relieved by Shiloh's Cure. At Elite Pharmacy.

The new windmill of U. Ozanne, at White Oaks, has been completed, with a tank attachment of 200 barrels capacity. Mr. Ozanne also has a mill for crushing grain for feeding purposes near completion, which will be run by the windmill.

For lame back, side or chest, use Shiloh's Porous Plaster. Price 25 cents. At Elite Pharmacy.
