UNITED STATES COURT

What Has Been Done at the Week's Session Up at Silver City.

HANSBERG GETS ONE YEAR.

After Having Entered a Plea of Guilty to one of the Charges and the Other Being Nolled—Five of the Dona Cana Prisoners Get Several Others Still on the Docket—Some of the Cattlemen Will Go Free in Claim While the Cases of Others Are Taken Under Advisement.

Special to the Headlight.

SILVER CITY, N. M., September 6.—The first United States court ever held in Grant county convened here Monday morning. On account of Monday being Labor Day very little was done and nearly the whole of Tuesday's session were consumed in argements on a motion filed by the attorneys for the democratic contesters in Doña Ana county to suppress certain portions of the testimony taken before the special examiner. Delegate Catron, Judge John R. McFie, Col. A. J. Fountain and Judge S. S. Newcomb presented the side for the republicans and Judge A. B. Fall and R. L. Young for the democrats. The opinion of the court will be handed down in a few days.

Wednesday the court went to the transaction of business without delay. The petit jury was secured, after a special venire had been issued, and is composed of the following gentlemen: E. Valardo, A. H. Melver, F. J. Davidson, Juan Jose Trujillo, Rafael Martinez, Lockney Duncan, Marcos Nestes, Morris Freudenthal, Roma Raymond, A. D. Candler, Gregorio Gonzales, Esiquin Triets, Aristeo Garcia, W. C. Kendall, Thomas Baxter, Higinio Chaves, Martin Maher, J. J. Gewnlt, William Marshall, Pedro Pacheco, Pablo Torres, Apolonio Gomez, Eugene Cosgrove, Romule Montoya.

The grand jury was organized Thursday morning, with the following jurors: M. V. Coz, foreman, Charles Steen, Kitt Cross, Patrick Carroll, Thomas Ewing, C. Ortiga, Nicolas Sais, Patricio Ortega, Jose Valles, Florencio Cuaron, Lorenzo Trujillo, Rafael Aquilar, Pablo Siales, Felipe Rubal, Lorenzo Tafoya, H. A. Robbins, Ed. Dickinson, W. N. Handy, J. F. Kilburn, Albert O'Brien, J. M. Warner.

In the cases of the United States vs Mrs. Dupew and Charles Brannen a dismissal was entered by the United States attorney upon payment of one dollar fine and costs. The cases of the United States vs R. T. Bailey and Cheshire Bailey were nolled and similar action was taken in the five cases against Charles H. Dane, late president of the Deming and Silver City banks, wherein he was charged with making false entries and false reports. There are still five cases against Dane remaining undisposed of, which were continued until the next term. Four of these are indictments for making false reports and one for embezzlement. The case of the United States against Bernard Hoopes was also nolled.

Herman H. Hansberg, the erstwhile postmaster at Hansberg on the Mimbres, this county, was before the court Thursday on two charges, one being the violation of the postal laws in issuing money orders for the payment of debts and the other embezzlement of government funds. The first charge was nolled and Hansberg, by his attorney H. P. Barnes, entered a plea of guilty to the second indictment. He was sentenced to one year in the Territorial penitentiary and a fine of $100, the amount alleged to have been embezzled.

The accounts of Louis I. Marshall, United States Commissioner at Deming, were presented and allowed.

The cases for the government are being conducted by United States Attorney J. B. H. Hemingway and Assistant Attorney George P. Money.

Thursday was devoted largely to the hearing in the cases of the Chinamen recently sent up from Deming, where they had been ordered deported by U. S. Commissioner Marshall and had taken appeals. Chong Ging, Yee Yuen, Ah Hook and Louie Non decided that they would make no attempt to prove that they were entitled to a certificate and were ordered deported, while the remaining Celestials set forth their claims and Judge Bantz now has the case under advisement. Judge Newcomb represented the Chinamen.

All of to-day the court was busy with jury trials, disposing of old Chinese Act cases which have been on the docket for some time.

Friday morning Judge Bantz made his ruling in the mandamus proceeding brought by A. B. Laird against the board of county commissioners of Grant county to compel them to levy a special tax to provide for the payment of the $10,000 judgment obtained at the May term of the county court, deciding in favor of Laird and ordering that the commissioners provide for the levy at the meeting to be held to-morrow.

It is altogether probable that court will be in session all of next week. The most important case to be tried so far as known are the two charges against Pedro Escajer, of Doña Ana county, for alleged election frauds and perjury. This trial will in all probability be commenced to-morrow.

National Irrigation Congress.

The subject of irrigation interests all, and everybody in the Territories should go to Albuquerque for the meeting Sept. 18th. The Santa Fe Route will make a greatly reduced rate to those attending. Round trip at Albuquerque from Deming $1.75.

Tickets on sale at Deming Sept. 15th to 18th, inclusive, Sept. 20th.

E. COWDREY, Gen. Agent, El Paso.

W. H. KIDDY, T. A., El Paso.

HERE AND THERE.

Latest News Happenings Condensed in Telegraph for Headlight Readers.

BORN—To Mr. and Mrs. Zeiss a son, of the regulation weight and superfluous.

QUITE A party is being organized to represent Deming at the Fair to be held at Colorado Otto.

MR. ELIS RANDOLPH, the new superintendent of the Southern Pacific, took charge of the Tucson division on Sept. 1st.

THERE is a probability of a postoffice being established at Columbus again, now that the custom house is open at Las Palomas.

The outlaws of the southern end of the county are crowding up in the vicinity of the Rio Grande Valley and have been very successful.

U. S. Court officials, Attorney Hemingway, Marshal Hall, Deputy Clerk Fall and Stenographer Holt passed through on Sunday to be in prompt attendance on Monday morning.

DR. FRANCE, the now noted insurance swindler, is now in the tight grip of the law, and Justice will give him plenty of time to repent in solitude and silence in the penitentiary of Missouri.

A very pleasant hour was spent at the opera house Tuesday eve, at an informal farewell dance given to Mr. and Mrs. H. H. Fleishman. Quite a number tripped the light fantastic toe and watched the passing eclipse.

Thursday evening the Union Gymnasium Club, will give another of their novel entertainments, at the opera house, and would be pleased to see the house filled to overflowing. Come everybody, come one, come all. Admission 50cts, children 25cts.

The usual children's day services will be held in the Methodist church next Sunday evening, commencing at 8 o'clock. A program of songs and recitations has been prepared by the children of the Sunday school. The public are cordially invited.

Grand Chancellor of the Grand Lodge of New Mexico, W. F. Kuckenbecker, made an official visit to Deming Lodge No. 20, Knights of Pythias last week and found it in a most flourishing condition. Mr. Kuckenbecker was royally entertained by the members of the lodge and the visit was a very enjoyable one all around.

Tuesday evening, the night of the eclipse was made the occasion of having a moonlight picnic, at Wilson's ranch by some 15 to 20 of our young folks and a most enjoyable time was had. Watchful attention was given the passing of the shade over the moon. Now the query is, why such special attention? The echo answereth not.

In a current issue of the Vermont Union, of Lyndon, Vt., mention was made of the wreck of a passenger train and among those reported killed was a Mr. J. Rodney Clark, and his place of residence in Vt. given, but hopes are entertained, yet fear is expressed, that possibly it may have been Mr. Rodney G. Clarke, of Deming, who was killed, since he left here August 21st to visit his old home in N. H. since which time none of his friends here have received a single word from him, fear is displaced by the hope that it may prove only a coincident, and that Rodney G. will come be among us again, all the better for his visit to his boyhood home.

The officers and executive committee of the Territorial Fair Association of New Mexico, at a recent meeting decided upon a monster trades display parade, during the coming meeting at Albuquerque, the Fair is for the Territories of Arizona and New Mexico, and not of a single city, consequently its advantages and effects will be far reaching. We have several organizations, and secret societies throughout Grant county, and some of them at least should take advantage of the opportunity, to call attention to our immediate surroundings and advantages. No exception will be taken to the representation of private enterprises. A suggestion. That a number of our fruit growers, etc., form a combination and make a liberal display of their products, such as will both wake up and surprise the residents of the Rio Grande Valley. Everything leads to the belief that the coming meeting will by far excel and eclipse any former display by this live association. Give this matter attention and attend the Fair and make some display.

GRANT COUNTY HAPPENINGS.

News From All Over the County As Furnished by Headlight Correspondents.

The game season opens on the first of October and reports from the mountainous districts indicate that hunting will be especially good this fall.

Juan Trujillo, arrested on the charge of being implicated in the Gonzales murder on the Mimbres, has been released from custody on bond.

Hillsboro and Deming are the only two precincts in the county in which special school levies were made at the last election. Hillsboro voted five mills and Deming three.

The iron mines at Hanover are shipping several cars of ore a day and the eastern owners of the Silver City & Northern Railroad and the miners express themselves as well pleased with the enterprise.

The board of county commissioners at an informal meeting held Tuesday at Silver City decided that the county levy would be two and one half mills and the usual one half mill default levy. The formal order was made Thursday.

Taxes are coming in so slow at Silver City that Superintendent Link is still unable to make an apportionment to the different school districts. He only has $35,16 in his possession and an apportionment made with less than $1,000 on hand is little or nothing in back pressure.

OUR MINING INDUSTRY

Encouraging Reports Still Pouring In From Grant County and Other Camps.

ABUNDANCE OF MINERAL.

The Mining and Stocks for the Precious Metals Continue With that Unabated Zeal and Determination, Which Ever Marks the Hardy Western Miner—Some of Whom Have Been Fortunate Enough to Catch the Eye to Fortune's Vacillating Goddess.

WHITE SIGNAL.

Brockmeo, Barringer and company are keeping pace with the times by way of development work. They are employing about 60 men on their Chicago, Monitor and Bright Star mines as well as others on their different properties. They are working night and day shifts and they are extracting lots of ore. The mill will start up just as soon as the bins which hold two hundred tons, can be filled. John T. Jefferds has the contract hauling the ore and he is now at work.

Case and Upton are doing first class work on their Comfort mine and they are piling up quantities of first class ore. They have lots of it, and expect to get a mill run shortly.

Miss Kate Thompson is making quite a reputation as a mine manager. She is working the Rabbit Foot, not the charm usually referred to under that name but a mine which is panning out beyond her most sanguine expectations. The claim is said by experts to be one of the best prospects in camp.

Galloway and Alexander are extracting ore from their Elnora claim which is said will run way up in gold. The sample lot of ten tons recently worked at Gold Hill has given them encouragement and they are hard at work developing their property. Their ore will be milled here, at the company mill. Nearly all of their work is being done by contract.

Thwaites and Delaney have a property here which is said by experts to be fast developing into a bonanza. An expert visited the property quite recently and spoke very highly of its future. The property is now under bond for $25,000 and the sale will surely be effected.

M. W. Neff owns a property four miles east of the company mill, which is looking well. A shipment of several tons of high grade silver ore will be made to Silver City shortly.

J. Douglas Smith is working a turquoise property one mile from the mill. As yet it is only a prospect but it promises to develop into something more substantial. Some good stones are being found, and as J. D. is a hustler, he will no doubt soon have a paying mine.

GOLD HILL.

The usual amount of work is being done in camp and claim owners are confidently expecting a long and prosperous fall and winter season. Ore is being accumulated in great quantities on the dumps, and everything in and about the camp wears a healthy look.

The Davis has just completed a successful run on Galloway and Alexander's Elnora ore. The result was highly satisfactory, and the mill will be kept busy from now on from ores in camp. When not running on custom ores, the mill is kept busy on tailings, a large quantity of which is on hand.

CENTRAL.

The Texas, the old standby and reliable, is moving along with its accustomed regularity and is producing the usual quantities of high grade gold and silver ore for which it has become justly famous. The work being done is of the routine order, and no unnecessary noise is being made about it.

The Grand Central adjoining the Texas which was recently purchased by the Texas people is showing up fully as well as its sister property, considering the amount of development done. As depth is reached the many veins which showed near the surface have come together and have formed a good strong body of solid ore which is growing in size as depth is attained. The purchase of this property gives the company a continuous body of ore three thousand feet in length, from which to extract the sinews of war.

The Chance leasers are getting along nicely. The shaft is now down 90 feet and will be sunk a few feet farther before drifting will be commenced. A long drift will be run before any stoping is done, and when this is completed the Chance will be enumerated among the steady producers of the camp.

Henry Woods who went to Old Mexico several months ago has returned. He brought up with him a large lot of ore samples which are being tested at the Corbett-Wyman sampling works at Deming. He says he has cut a large lot of ore on his claims from which he expects to realize handsomely.

COTTON FLAT.

The syndicate which purchased a number of properties here recently, have commenced operations. Thirty miners were put to work last Monday, and the force will be increased from time to time as the occasion may justify.

IVANHOE.

There is so much sameness about the operation of the smelter, that it becomes monotonous. It is kept running night and day, and there is ore enough on hand to keep the work going for a considerable time to come.

PINOS ALTOS.

All the mills are running to their full capacity and the output of the camp is steadily increasing. There is more activity here than has been known for years and the outlook grows more encouraging from day to day.

The experts who are examining the Bell and Keystone properties, are here yet. They are working as industriously as beavers and will, and will, and their continued brisk fight will for the property.

Another big deal is on hand for several of the best known properties in camp. The negotiations are conducted secretly, and we are not at liberty to divulge the true inwardness of the movement but Hemingway readers will be advised in good season.

WYOMING.

Considerable work is being done by Mexicans in the various gulches tributary to Pinos Altos, and considerable quantities of gold in small lots is being taken out. Some rich decomposed quartz has been found east of Ben Domingo gulch, in a small stream, the exact location of which is being kept secret. It is reported that several Mexicans are making $4 to $6 per day by the panning process.

St. Luke's Church.

Next Sunday (fifth Sunday) after Trinity evening Prayer and sermon at 8 p. m. All invited. No morning service.

LYNDWOOD L. J. ARMSTRONG, Missionary in charge.

Death of Charles Henry Jones.

From Chicago Tribune.

JONES—Aug. 22, Charles Henry Jones, formerly of Silver City, recently of El Paso, Texas. Funeral services at the residence of his brother-in-law, A. Loring, 77 Twentieth street, Sunday, August 23, at 4 o'clock p. m. Interment at Galesburg, Ill., Monday, Aug. 24. Please omit flowers and friends, Galesburg, Ill.

BURIAL BY CHARLES HENRY JONES.

The remains of Charles Henry Jones arrived here from Chicago early this afternoon, and were accompanied by Mr. and Mrs. Loring and daughter, and A. W. Curtis and Fred Curtis. The funeral party was met at the depot by the members of Dirlidus 33, O. K. G., in a body and a number also of the B. R. T., with O. N. Marshall in charge. These railroad friends formed an escort to the cortege to Hope cemetery. A number of former acquaintances joined the procession at the depot. At the family lot in Hope cemetery brief services were held, conducted by Dr. John Hood. The singing was by a quintette, consisting of Mrs. Belmond, Mrs. Marsh, Mr. Bowen and Mr. Belmond. The services were impressive and beautiful. On the casket was a wealth of elegant floral designs and cut flowers. The pall bearers were Congressman G. W. Prince, George Raymond, Joe Doan, L. T. Hume, J. T. Bassett and H. Drake.

Beautiful services were also held at the residence of Mr. Jones' brother-in-law, M. A. Loring, at Chicago, Sunday, August 25th.

Tuesday Night's Eclipse.

The second total eclipse of the moon of the present year took place Tuesday night, Sept. 6, and lasted until after midnight. The former eclipse was total and occurred on the night of March 10, beginning at 6 45 o'clock in the evening and lasting until 10 23 o'clock a. m. Its magnitude was 1.327, the moon's diameter being 1. The total eclipse lasted from 8 51 o'clock to 9 27 o'clock. It was visible in Europe, Africa and North and South America.

Tuesday's eclipse was visible all over North and South America and in western Europe and Africa and on the Atlantic ocean. Its magnitude was 1,337. The moon entered the shadow at 9 o'clock. At six minutes after ten o'clock, the total eclipse began and continued until forty seven minutes past 11 o'clock. The moon left the shadow at 12 54 o'clock. Besides the two eclipses mentioned, the year 1895 has had two eclipses of the sun and will have another on Sept. 19 on the same orb. They were all partial eclipses and none of them were visible in the United States. The two previous sun eclipses were on March 25 and Aug. 30. The night was clear and the eclipse was plainly visible and attracted general attention.

The Late Mrs. McCarty.

Mrs. J. C. Irwin, the mother of the late Mrs. McCarty, who died in this city on the 13th ult., writing to the Rev. E. H. J. Andrews, from Berryville, Virginia, under date of Aug. 24, says: "Mr. McCarty arrived here on the 19th at 2 a. m. and at half past 9 we laid my daughter's body to rest beside her father's. The church services were most consoling and beautiful, the choir singing, "Asleep in Jesus" and "One Sweetly Solemn Thought." The last she often played and sang herself. Mr. McCarty is so grateful to the people of Deming who were so good to him in his great bereavement. Where it is possible I would be so glad if you would thank them for me for their many kindnesses to my daughter in her long illness."

Gymnasium Entertainment.

Pointers to the public.

Some of the boys of Deming find but little to entertain and are much too often found loafing on the streets at unreasonable hours of the night; now our hope and attempt is to perfect our club organization, thus give them the means of developing their form, yet entertain and keep off of the streets at night, the development will reach mind and body both; the present members of the club earnestly desire to increase its membership, consequently welcome all to its ranks. Come on boys and aid us to fill up the club to a healthy membership; there are enough sickly looking boys in our city that need the exercise to make a splendid club, so now come forward and sign our roll.

A Big Cattle Deal.

An important stock deal was consummated in Hillsboro the other day, Messrs. H. A. Ringer of this place and Israel King of Deming purchasing the entire brand of cattle and horses of the S. L. C. Co. The consideration is private. The stock will continue to range in this county. Mr. Ringer was formerly range foreman for the S. L. C. Co., is an experienced cattleman and deserving of his success. He will assume the immediate charge of the herds. Mr. E. Ridenour, the former manager of the S. L. C. Co., has gone on a trip to the Panhandle of Texas, and from there will proceed to his home in Kansas. [Hillsboro Advocate.

To All Whom It May Concern.

The Collector of Taxes hereby gives notice that he is now preparing a list of the delinquent taxes for publication, first publication said list of delinquents will be on the 27th, day of September A. D. 1895.

After the 1st day of October 1895, by the direction of the District Attorney, the collector will distrain and sell all personal property upon which the taxes are now delinquent; there will be no exception, as I am determined to collect the delinquent taxes of this county.

A. B. LAIRD,
Collector of Grant county.
Silver City, N. M., Sept. 4th, 1895.

$56.60 and Return.

For the annual conference of the church of Jesus Christ, at Salt Lake City, October 9th, the Santa Fe Route will sell round trip tickets from Deming at the above rate, limited to return October 20th.

For full particulars call on

A. K. PHIPPS, Agent,
Deming, N. M.

A Cool Mile in Albuquerque.

The Irrigation Congress (on another date I'll tell why Deming is not represented) will ably discuss the question and pass upon it with authority, namely the soil. The Territorial Fair (held Sept. 17 to 21) will be an expose of the practical results of irrigation.

You can hear more of the irrigation question in the county of the congress, you can see more cereal, vegetable and other productions at the Fair. The chance of a lifetime knowledge and information and business combined.

Santa Fe Route will place tickets on sale Sept. 15 to 21, inclusive, with final limit of Sept. 30 returning. Inquire of local agent.

Research Notes.

Between the dates of June 1st and September 30th, the Atchison, Topeka & Santa Fe Railroad Co. will sell from Deming, round trip tickets to various eastern and northern points at greatly reduced rates, limited for return until October 31st, 1895.

Having recently shortened our time from Deming to eastern points, we are now in position to place our patrons in Kansas City, St. Louis or Chicago, twelve hours ahead of any other line. Our eating houses are unequaled, road bed smooth and equipment modern.

For further information regarding rates, routes, connections, etc., call upon Mr. A. B. Simons, Agent at Deming, or Mr. H. H. Kiddy, Agent at El Paso, Texas.

Iron Mountain's Excursion.

For the above one week tickets to Las Vegas Hot Springs, New Mexico. Quite forms of cancer may be had there, and especially those located in prominent glandular and diseases of the blood. The iron springs are of late years in just the thing for thirty years, and there is nothing so central as New Mexico sometimes, especially when supplemented by such fine service as is given at the Hotel Montezuma, opened June 20. This famous iron cancer be secured anywhere in the southwest.

Round trip excursion tickets on sale to Las Vegas Hot Springs from principal points. Reached only over the Santa Fe Route. For illustrated pamphlet and a copy of "Land of Montezuma," address C. F. Nicholson, G. P. A., Monadnock building, Chicago, A. B. Simons, Agent Deming.
