WOMAN'S HEALTH.

It is a lamentable fact, that from causes not generally understood, female suffering appears to be on the increase. The sweet young girl just entering into womanhood soon becomes pale, feeble, emaciated, lifeless, with headaches, pains and aches, loss of appetite, palpitation of the heart, cold feet and hands, and appears to loose that youthful vim and sprightliness so much admired. The middle-aged married lady is no less exempt from some troublesome annoyance. She continually grunting and fretting with pains and aches, her secretions are all impaired, her energies are lost, she forces herself in into society, she "sours" on almost everybody, her health slowly declines until she becomes a mere drone in her own household. And she at the "turn of life" is no stranger to suffering peculiar to her sex at that age. Habits, climate and inattention surely bring about THESE SAD RESULTS that are now hurling thousands of females, old and young, to untimely graves. Exercise your reason, your judgment, and procure Dr. Drommgoole's English Female Bitters, as they will cure the above female troubles in an incredibly short time. They are prepared by an inexperienced physician, and is the most powerful iron and vegetable tonics known to the medical profession. They are handsomely put up in large bottles and sold by druggists and merchants everywhere. Address,
