McAlister's all healing Ointment

THE [illegible] Pelt, Pimples, Blotches, Tetter, Ringworm, Scald Head, Enlargement and Pain of the Bones and Joints, Scrofula Cures, Negative Spontaneous Scrofula or Lingering Ulcers, accompanied with Mercury, Incipient Consumption, Liver Complaint, Dyspepsia, Also, Chronic Constipation, Diarrhea.

THE value of this preparation is now widely known, and every day the field of its usefulness is extending. It is approved and highly recommended by Physicians, and is admitted to be the most powerful and searching preparation from the root that has ever been employed in medical practice. In scrofulous and all external disorders, the result is a rapid healing of the sores and pustules, or rheumatism, and other painful affections of the muscular fibre, a speedy removal of the pain, and in all cases a renewal of strength, keeping pace with the retreat of the disease from the system. It is put up in a highly concentrated form for convenience and portability, and when diluted according to the directions, each bottle will make six times the quantity, equal to one quart, and is then superior in medical value to the various preparations bearing the name.

EAST POULTNEY, VT., Aug. 10, 1846.

Messrs Sands—In the Spring of 1841 I had the typhus fever, with which I suffered the most intense pain, and when I recovered from that I was attacked with the spinal complaint and inflamed sore throat. This continued until June, 1843, when my throat and lungs ulcerated, attended with a severe cough, and my face was covered with scrofulous sores. I cannot describe what I suffered for five years, three of which I was confined to my bed and could not sit up at all. During this period I received no benefit from the various prescriptions of different Physicians, and had nearly given up all hopes of ever being any better. At this time I was induced to try your Sarsaparilla, from the many remarkable cures it had performed, and strange as it may appear, the first bottle effected a sensible change. By continuing its use my health has so much improved that I can now not only sit up, but walk, and I fully believe, with the blessing of Providence, that it will affect a perfect cure.

Yours, very truly, ADELINE STANLEY.

The following testimonial from the Agent to the value of the Sarsaparilla in a case of Leprosy, will be read with interest by all similarly afflicted.

BEAVER, Pike Co. Ohio, Sept. 7, 1846.

A. B. & D. Sands—Gents.—A man near here used six bottles of your valuable Sarsaparilla for the Leprosy, and has received more benefit from it than all other remedies combined for six years past. It restored a hand, leg and foot from a situation that no person would have known but they belonged to a human body, as all appeared to be one mass of putrifying sore. His hand will other diseased parts are all restored to their natural size and healing, are entirely healed over, and his leprosy cured. He intends using a few more bottles to permanently exterminate his health.

G. W. RAYMOND.

FURTHER TESTIMONY.—The following is an extract from a letter received from Rev. William Galbraith.

BEDFORD, VT., Oct. 22, 1845.

Messrs Sands—I have been afflicted with a severe pain in my side, occasioned by a diseased liver, for the last twenty years, sometimes so severe as to compel me to lie down. Since using your Sarsaparilla I have been greatly relieved, so much so that I have been able to attend to my business, and preach occasionally for the last fifteen months. I have discarded all other medicine, and I sincerely find the Sarsaparilla, which I can recommend in truth and sincerity to all those who are in any way afflicted with the symptoms of scrofulous complaints. I have seen some remarkable cures of Scrofula in its worst form, in this vicinity. Mrs. J. Shaw, by the use of six bottles was restored to better health than she had enjoyed for many years, and Mrs. W. Stevens, who had been severely afflicted with Erysipelas, was entirely cured by the use of a few bottles.

Yours, truly, WM. GALBRAITH.

For further particulars and conclusive evidence of its extraordinary value and efficacy, see pamphlets, which may be obtained of Agents gratis.

Prepared and sold by A. B. & D. Sands, Druggists, 100 Fulton st. corner of William, New York. Sold also by Luther Daniels, Rutland; J. D. Benton, West Pittsford; E. Jameson, Castleton; Warren & Ross, Brandon, and by druggists generally throughout the United States.

Price $1 per bottle. Six bottles for $5.

☞ The public are respectfully requested to remember that it is Sands Sarsaparilla that purifies and invigorates the system, and cures scrofula in whatever form it appears, and wherever it may be seated in any part of the body, and that no other.

THE PILES

A CURE FOR LIFE SECURED!!

DR. UPHAM'S INTERNAL REMEDY

For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Ulceration and Soreness of the Stomach, Bowels, Kidneys and Bladder, Inflammatory and Mercurial Rheumatism, Impurity of Blood, Weakness and Inflammation of the Spine, and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY

Invented by Dr. A. Upham, a distinguished physician of New York city, is the only remedy ever offered to the American public.

Many other so called remedies, not active enough to be generally used, will partially cure the Piles (which arise from a blood impurity) by external application, and probably this is the only thing that will. There is no mistake about it. It is a positive cure, speedy and permanent. It is a vegetable medicine to take, and improves the general health in a remarkable manner.

Each box contains twelve doses at $1 each, a dose. It works mild in the system, and may be taken in case of the most acute inflammation without danger. All external applications are in the high [illegible] dangerous, and temporary and [illegible] in the very nature of the disease, temporary in their effects. This medicine attacks the disease at its source and removing the cause, renders the cure certain and permanent.

Cure for Life Guaranteed.

The Electuary contains no mineral medicine, but is composed of gentle Gums, or other powerful and operating Purgatives. No fear of taking cold while under its influence, no change of diet necessary. If taken according to the directions a cure for life is guaranteed.

Pamphlets giving valuable information respecting this medicine may be obtained of agents gratis.

The Vegetable Pulmonary BALSAM!!

HAS proved itself the best Remedial Agent known for Coughs, Colds, Consumption, Asthma, Pulmonary Spitting of Blood, Whooping Cough, and all Pulmonary affections and diseases of the Lungs; as has and can be shown from the testimony of the most respectable physicians and others, who are entitled to the most unquestionable belief.—After having tried the many preparations, without finding the expected relief multitudes are compelled to return to the use of the VEGETABLE PULMONARY BALSAM, which they acknowledge to be, every way, the best remedy known for the above complaints.

Beware of Counterfeits and Imitations!!

Inquire for "Wistar's Compound Pulmonary Balsam," or "Pulmonary Balsam," and others in part having the same. Enquire for the article in which bears the VEGETABLE PULMONARY BALSAM, and see that it has the written signature of Wm. Jones Calder upon a yellow label upon the outside wrappers. Each bottle and label is stamped, "Vegetable Pulmonary Balsam."

Prepared by Rand & Comyn, formerly Reed, Wing & Co. Importers and wholesale dealers in medicines, paints, chemicals, and dyestuffs, 24 Chatham street, Boston, and sold by druggists, apothecaries and country merchants generally. For particulars & recommendations see circulars for purchasers, giving each bottle. Price 50 cents. For sale in Rutland by Luther Daniels. 47 6m

PENSION AGENCY

NEW PENSION LAW FOR WIDOWS,

And laws extending Pensions to Children in certain cases.

THE subscriber, having been for a long time engaged in investigating claims for pensions, arrears of pensions, bounty lands, commutation of half pay, arrears of military pay, &c. &c.—and having all the Laws, Forms, and Regulations, from the Pension office,—is therefore prepared to aid vigorously and promptly, at his own risk and expense without fee or reward (when unsuccessful,) all applications for pensions, in the following cases

1st. Where a claim has been rejected or suspended for further proof.

2d. Where a Pensioner, living or dead, is or was supposed to be entitled to a larger pension than was awarded.

3d. Where a revolutionary officer or soldier is now living, or has died since 3d of March 1831,—or where having served during the war, in the Continental establishment, he has died since 3d of March, 1826.

4th. Where a widow married previous to the expiration of her husband's last term of service is now alive, or has died since 4th of July, 1826.

5th. Where a widow married previous to the 1st of January 1794, is now alive, or has under certain circumstances died since 7th July, 1838.

6th. Where a widow has been married more than once and is now a widow, or has died a widow since 23 August 1842.

7th. Claims of every description, for arrears of Pension due the heirs of deceased pensioners.

Those who have made efforts and failed to obtain Pensions, need not despair if they trust their case to his hands, as he has obtained pensions in many cases where they had been given up as entirely hopeless, after repeated unsuccessful efforts. He not only devotes his whole time and attention to the business, personally, but has the assistance of an agent who has been engaged in the business for fifteen or twenty years, and who visits Washington several times a year, with all the principal officers of pensions, of the surviving Revolutionary soldiers, viz. Boston, Concord, Montpelier, Hartford, Newport, Trenton, Harrisburgh, Philadelphia, New York, Albany, where he has access to the rolls and Records—and having access to numerous private Rolls, is, in many instances, enabled to establish claims, where agents with less facilities for investigating them fail of obtaining what is justly due.

He wishes to be distinctly understood, that he investigates all claims at his own risk, without any compensation whatever, where unsuccessful, and that no claim will be considered in excess where a pension is justly due.

Fees varied according to the nature and extent of the service rendered, and the amount of the claim recovered. All those who suppose they have claims, will, on sending a statement of facts to the subscriber, be informed without charge whether or not their claims are well founded.

Unexceptionable references given if required.

Letters of inquiry in application, must invariably contain postage stamps, to insure attention, to address [illegible] at Rose Hotel, N. Y. City.

BROWN SPOON SHIP PASTE, by the [illegible] 20 [illegible]

GREAT AMERICAN REMEDY

WESTERN NEW YORK

COLLEGE OF HEALTH,

207 Main Street, Buffalo, N. Y.

DR. C. VAUGHN'S VEGETABLE LITHONTRIPTIC ADVERTISEMENT FOR 1847.—"*I Came, I Saw, I Conquered,*" is most emphatically the case with this article. Disease has ever yielded to its most marvellous medical power.—Wherever it has gone, and South America, England, Canada, and the United States have proved the truth of this statement, the above quotation in a strong and pithy sentence, tells the whole story. Invalids, the recommendation which you are cured may not be known to you, but the result of a trial of the article is satisfactory, you are restored and the secret of the cure remains with the proprietor. The medicine is a compound of twenty two distinct vegetable agencies, each individual root has its own particular, exclusive, medical property, conflicting with no other compound—each root makes its own cure—and as a perfect combination, when taken into the system, it does the work which NATURE, when her laws were first established, intended it should do—purifies, strengthens and restores the broken down, debilitated constitution. Dropsy, in all its characters, will be completely eradicated from the system by its use. See pamphlets in agents' hands, for free circulation—they treat upon all diseases, and show testimony of cures. Gravel, and all complaints of the urinary organs, form also the cause of great suffering, and Vaughns Lithontriptic has acquired no small celebrity over the country, by the cures it has made in this distressing class of afflictions. So famed, it seems, is this medicine, that it has thus attracted the notice of one of our medical publications. In the November number, 1846, of the "Buffalo Journal and Monthly Review of Medical and Surgical Science," in an article upon calculous diseases, and 'solvents,' the writer, after noticing the fact that the English government once purchased a secret remedy, and also noticing the purchase in 1802, of a secret remedy, by the Legislature of New York, thus pays tribute to the fame of the medicine—"Why do not our Representatives in Senate and Assembly convened, enlighten and 'dissolve' the suffering thousands of this country, by the purchase of Vaughn's Vegetable Lithontriptic, than which no solvent since the days of Alchemy has possessed one half the fame!" Reader, here is a periodical of high standing, acknowledged throughout a large section of this country to be one of the best conducted Journals of the kind in the United States, exchanging with the scientific works of Europe to our certain knowledge, edited by Austin Flint, M. D., and contributed to by men of the highest professional ability, thus stepping aside to notice a 'secret remedy.' You will at once understand no *nakedness and worthless nostrum*, could thus extort a comment from so high a quarter—and consequently, unless it directly conflicted with the practice of the faculty, it must have been its great "*fame*" which has caused it to receive this passing nod. *Kidney disease, weakness of the back and spine, irregular, painful and suppressed Menstruation, Fluor Albus*, and the entire complicated train of evils which follow a disordered system, are at once relieved by the medicine. Send for pamphlets from Agents, and you will find evidence of the value of the Lithontriptic there put forth. As a remedy for the irregularities of the female system, it has in the compound a root which has been resorted to by the ladies of Europe for centuries—as a sure cure for this complaint, and a restorer of the health of the entire system. *Liver Complaint, Jaundice, Bilious Diseases*, &c., are instantly relieved. People of the West will find it *the only* remedy in these complaints, as well as Fever and Ague. There is no remedy like it, and *no colored or spurious* forms any part of this mixture. No injury will result in its use, and its active properties are manifested in the use of a single 30 oz. bottle. For Fever and Ague, *Bilious Disorders, take no other medicine*. Rheumatism, Gout, will *find relief*. The action of this medicine upon the blood, will change the disease—which originates in the blood—and a healthy result will follow. Dyspepsia, Indigestion, &c., yield in a few days' use of this medicine. *Inflammation of the Lungs, Cough, Consumption* also, has ever found relief. *Scrofula, Erysipelas, Piles, Inflamed Eyes*—all caused by impure blood—will find this article the remedy. The system, completely acted upon by the twenty-two different properties of the mixture, is purified and restored—as a partial cure will not follow. The train of common complaints, *Palpitation of the Heart, Sick Headache, Debility*, &c., are all the result of one derangement of the system, and this *Great Restorer* will do its work. The promises set forth in the advertisement, are based upon the proof of what it has done in the past four years. The written testimony of one thousand agents, in Canada, the United States, England and South America, in the possession of the proprietor—and can be seen by all interested—is a sufficient demonstration that it is *the best Medicine ever offered to the World*. Get the pamphlet, and study the principal as there laid down, of the method of cure. Put up in thirty ounce bottles, at two dollars; twelve ounces, at one dollar each—the larger holding six ounces more than two small bottles.—*Look out and not get imposed upon.* Every bottle has "Vaughn's Vegetable Lithontriptic Mixture" blown upon the glass, the written signature of "G. C. Vaughn" on the directions, and "G. C. Vaughn, Buffalo," stamped on the cork. None other are genuine. Prepared by Dr. G. C. Vaughn, and sold at the Principal Office, 207 Main street, Buffalo, at wholesale and retail. No attention given to letters unless post paid—orders to be enclosed. *Agents wanted*, post paid letters, or general communications solicited, to be supply addressed to agents.

Offices established for business in the sale of this article—132 Nassau street, New York City, 105 Essex street, Salem, Mass., and by the principal Druggists throughout the United States and Canada, as advertised in the papers.

AGENTS—W. F. C. Shepard, Clement & Lincoln, Rutland; Seed & Tomlinson, Castleton; J. M. Keyes, Fairhaven; J. D. Benton, Pittsford; Simonds & Allen, Pawlet; F. N. Wacker, Benson; Allen & Wright, Orwell; A. Ross, Brandon; K. Simonds, Poultney; L. Hunt, travelling Agent. 42 1y
