WOOL & WOOLEN GOODS.

THE undersigned adopt this method of returning their sincere thanks to their friends and the public for the very liberal patronage they have received in their business for the last year. It has been their constant aim and endeavor to merit the attention bestowed upon them by the Farmers, Mechanics and Wool growers, and to make it the interest of the consumers of wool to trade with them.

To those who are acquainted with their terms and have worn clothing manufactured by them, it will be unnecessary to say a word, and to those who are not, they would simply say, come and see for yourselves. Their skill and experience as modern manufacturers is already well known to the public. Their establishment has been enlarged near to one half from what it was one year ago. They have made some additions to the machinery, all of which is in the best possible condition. They are prepared to do double the amount of work and do it better than they have ever done before, and better than can be done elsewhere in the part of the country for the same price. Their motto is *Quick, Cheap and Good to Better*; for instead of allowing their cloths to diminish in worth, as time passes, they are determined by every means in their business to have them increase.

Their is a system of carding practiced by manufacturers, consisting of working in rolls, filling in flocks, working in waste and things existing in starch and gum to make the cloth look heavier. A method that nothing of the kind is practiced by the subscribers, those who may wish to satisfy themselves are referred to those living in the vicinity of the mill and to peddlers and horse masters, who buy their flocks and waste.

And now to those who are in want of good Cloth. We have on hand and are constantly getting out that of the best kind for farmers and mechanics as well as merchants. Fleece Wool, Pulled do., Tags and Pelts, received in work or in exchange, as usual. Our goods are warranted to be just what they appear to be.

Great and Important Chemical Discovery!

CHEMICAL COMBINATION FROM THE VEGETABLE KINGDOM TO REPEL DISEASES.

Dr. GUYSOTT'S

THIS chemical compound, with other regular productions, is one of the most important discoveries of the age. It is far superior to any simple sarsaparilla syrup that has ever been used. It has performed more than fifteen thousand cures since the discovery was made, which is only about 12 months. The controlling power over disease which this syrup possesses, may be attributed to the fact that it is composed entirely of vegetable extracts, each article in it having a direct relevance to some internal organ, consequently the whole system receives its beneficial influence, which is certainly neither of a drastic nor harsh nature, but can be taken at all times and under all circumstances without regard to diet or business, in contrast to a mortification in the history of medicine. This compound extract is put up in quart bottles and offered at the low price of one dollar per bottle. The object being to give the patient an opportunity by the purchase of one bottle, to test its valuable medicinal qualities, and the power it has over disease. It can be taken by the aged and the infant with equal efficacy. This extract of yellow dock and sarsaparilla is a cure positive and permanent cure for consumption, scrofula or king's evil, erysipelas, salt rheum, pimples on the face, chronic secure and indolent ulcerations, gout, general debility, dyspepsia, nervous headache, liver complaint, spinal affections, female complaints, all sorts of humors, syphilitic or mercurial affections of the bladder and kidneys, serious chronic and serious looseness, costiveness, colds, coughs, corrupt humors, dropsy or engorgement of the bones, fever and ague, giddiness, gravel, headaches of every kind, remittent fevers, impure blood, jaundice, loss of appetite, mercurial diseases, night sweats, nervous debility, nervous complaints of all kinds, neuralgia, organic affections, palpitation of the heart, painter's colic, piles. This compound is an infallible cure for the piles, rush of blood to the head, pain in the head, side, chest, back, limbs, joints and organs, scurvy, swelling, sick headache, stiffness of the joints, expansion and imprudence of the. This newly discovered chemical compound, extracts nervous diseases from the system, cleanses the blood and invigorates the body more effectually than any article that has been sold. In the vegetable kingdom, an All-wise Being has deposited such plants and herbs as are congenial to our constitutions and adapted to the cure of all curable diseases to which human nature is incident. And this compound syrup is composed of those valuable plants, some of which have lately been discovered and used, and found to be certain specifics in thousands of diseases that before defied the best medical skill.

OPINIONS OF PHYSICIANS.

This is to certify that we the undersigned physicians of the city of New York, have in a great many cases prescribed Dr Guysott's extract of yellow dock and sarsaparilla, and are fully assured that it has no equal among the various syrups and sarsaparilla preparations that have ever been sold.

READ THE TESTIMONY.

Opinions of a physician regarding the combination of yellow dock with sarsaparilla.

Montgomery, June 8, 1847

Mr Bennett—Dear sir. In the age of patent medicine excellence, it affords me great pleasure to see, among the innumerable sarsaparilla preparations, one compound that is likely to stand the test of time. Your syrup, combining as it does the two best roots now known, will most assuredly meet with universal approbation. For the last 15 years I have been in the habit of using, more or less, yellow dock root in my practice, and have no hesitation in saying that it is the most valuable root now known.

I have been prescribing your extract ever since I first saw it, and it is equal to my expectation. Very respectfully, yours,

H T R SMITH, M. D.

The Most Remarkable Female Medicine Known.

Dr Guysott's Compound Extract of Yellow Dock and Sarsaparilla, containing other vegetable productions, acts upon the kidneys and secretive organs of the female, with all the mildness of an alterative, and yet stimulating very plainly its valuable properties, in such diseases as obstruent menstruation, barrenness, incontinence or weakness attended or difficult menstruation, suppression of urine, or involuntary discharge thereof, and in the general prostration of the system, in matters whether the result from relaxed nervous systems or from debility, irregularity, all or any of which are distressing to the female. It is astonishing to see what invigorating effects it has upon the human frame. Persons all weakness and languide before taking it, at once become strong minded and full of energy under its influence. It operates specifically on the determinations of the female which is the great cause of barrenness. It will not be asked of me to publish certificates of cures performed in cases of a delicate nature, but I can assure the afflicted that we have received a great many certificates of wonderful cures, much beyond my own expectations. Several cases where females have been without children, and after a lapse of two or three years, or more, have fairly blessed with healthy offspring.

CONSUMPTION CURED.

Varick Place, N. Y., July 15, '47.

Mr Bennett, Dear Sir—Dear sir, On the receipt of your send me at least four dozen bottles Extract of Yellow Dock and Sarsaparilla. It is giving entire satisfaction. The case that a young man in the Michigan, nearly gone with consumption—He commenced taking the medicine when unable to walk or much better as he can walk to the neighbors, and it is now certain that he will get well speedily. He was a very great, and that is also nearly cured—There are many cases where it has been used with good success. Yours truly,

A P Dickinson

GREAT CHERICO'S REMEDY

WESTERN NEW YORK

COLLEGE OF HEALTH,

207 Main Street, Buffalo, N. Y.

DR. G. C. VAUGHN'S VEGETABLE LITHONTRIPTIC ADVERTISEMENT FOR 1847.—"*I Came, I Saw, I Conquered*," is most emphatically the case with this article. Disease has ever yielded to its most marvellous medical power.—Wherever it has gone, and South America, England, Canada, and the United States have proved the truth of this statement, the above quotation is a strong and pithy sentence tells the whole story. Invalids, the principle upon which you are cured may not be known to you, but the result of a trial of the article is satisfactory, you are restored and the secret of the cure remains with the proprietor. The medicine is a compound of twenty-two distinct vegetable agencies, each individual root has its own particular, exclusive, medical property, conflicting with no other compound—each root makes its own cure—and as a perfect combination, when taken into the system it does the work which NATURE, when her laws were first established, intended it should do—purifies, strengthens and restores the broken down, debilitated constitution. Dropsy, in all its characters, will be completely eradicated from the system, by its use. See pamphlets in agents' hands, for free circulation—they treat upon all diseases, and show testimony of cures. Gravel, and all complaints of the urinary organs, form also the cause of great suffering, and Vaughn's Lithontriptic has acquired no small celebrity over the country, by the cures it has made in this distressing class of afflictions. So famed, it seems, is this medicine, that it has thus attracted the notice of one of our medical publications. In the November number, 1846, of the "Buffalo Journal and Monthly *Review* of Medical and Surgical Science," in an article upon calculous diseases, and 'solvents,' the writer, after noticing the fact that the English government more purchased a secret remedy, and also noticing the purchase in 1802 of a secret remedy, by the Legislature of New York, thus pays tribute to the fame of the medicine—"Why do not our Representatives in Senate and Assembly convened, enlighten and dissolve' the suffering thousands of this country, by the purchase of Vaughn's Vegetable Lithontriptic, than which no solvent since the days of Alchemy has possessed one half the fame!" Reader, here is a periodical of high standing, acknowledged throughout a large section of this country to be one of the best conducted Journals of the kind in the United States, exchanging with the scientific works of Europe to our certain knowledge, edited by Austin Flint, M. D., and contributed to by men of the highest professional ability, thus stepping aside to notice a "secret remedy." You will at once understand no *unknown and worthless nostrum*, could thus extort a comment from so high a quarter—and consequently, unless it directly conflicted with the practice of the faculty, it must have been the great "*fame*" which has caused it to receive this passing nod. *Kidney disease, weakness of the back and spine, irregular, painful and suppressed Menstruation, Fluor Albus*, and the entire complicated train of evils which follow a disordered system, are at once relieved by the medicine. Send for pamphlets from Agents, and you will find evidence of the value of the Lithontriptic there put forth. As a remedy for the irregularities of the female system it has in the compound a root which has been received in the South of Europe for centuries—as a sure cure for this complaint, and a restorer of the health of the entire system. *Liver Complaint, Jaundice, Bilious Diseases*, &c., are instantly relieved. People of the West will find it *the only* remedy in these complaints, as well as FEVER AND AGUE. There is no remedy like it, and *no cincinnal or quinine* forms any part of this mixture. No injury will result in its use, and its active properties are manifested in the use of a single 30 oz. bottle. For FEVER AND AGUE, *Bilious Disorders, take no other medicine*. RHEUMATISM, GOUT, will *find relief*. The action of this medicine upon the blood, will change the disease—which originates in the blood—and a healthy result will follow. Dyspepsia, Indigestion, &c., yield in a few days' use of the medicine. *Inflammation of the Lungs, Cough, Consumption* also, has ever found relief. *Scrofula, Erysipelas, Piles, Inflamed Eyes*—all caused by impure blood—will find this article the remedy. The system, completely acted upon by the twenty-two different properties of the mixture, is purified and restored—as a permanent cure will not follow. The train of common complaints, *Palpitation of the Heart, Sick Headache, Debility*, &c., are all the result of some derangement of the system, and this *Great Restorer* will do its work. The promises set forth in the advertisement, are based upon the proof of what it has done in the past four years. The written testimony of one thousand agents, in Canada, the United States, England and South America, in the possession of the proprietor—and can be seen by all interested—is a sufficient demonstration that it is the *Best Medicine ever offered to the World*. Get the pamphlet and study the principal as there laid down, of the method of cure. Put up in thirty ounce bottles, at two dollars, twenty ounce do. at one dollar each—the larger holding six ounces more than two small bottles—*Look for and get genuine* upon every bottle has "Vaughn's Vegetable Lithontriptic Mixture" blown upon the glass, the written signature of "G. C. Vaughn" on the directions, and "G. C. Vaughn, Buffalo," stamped on the cork. None other are genuine. Prepared by Dr. G. C. Vaughn, and sold at the Principal Office, 207 Main street, Buffalo, at wholesale and retail. No attention given to letters unless post paid—*orders, regular* countersigned. Agents employed, post paid letters, or verbal communications touching advice, promptly attended to, gratis.

Offices devoted exclusively to the sale of this article—132 Nassau street, New York city, 265 Essex street, Salem, Mass. and by the principal Druggists throughout the United States and Canada, as advertised in the papers.

THE PILES.

A CURE FOR LIFE SECURED!

DR. UPHAM'S INTERNAL REMEDY

For the cure of Piles, Inflammation of the Liver and Bowels, Inflammation, Obstruction and Soreness of the Stomach, Hernia, Kidneys and Bladder, Inflammatory and Obstructive Rheumatism, Tumors of the Blood, Weakness and Inflammation of the Spine, and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY

Invented by Dr. A. Upham, a fully qualified physician of New York, and is the only one ever invented for this dangerous and distressing complaint, the Piles, now offered to the American public.

Mark this, it is an internal remedy and not a special application and will cure any case of Piles either bleeding, blind, internal or external, and probably the only thing that will. There is no mistake about it. It is a positive cure, speedy and permanent. It is a convenient medicine to take, and leaves no the general health in a remarkable manner.

La Chay, a certificate that it cure at $1 a box a dose. It is very mild in its operation, and may be taken in cases of the most acute inflammation, without danger. All external applications are in the trade, of a disagreeable nature, inconvenient and dangerous, in the extreme. Dr. Upham's Vegetable Electuary is free from all these objections, and is in its effects. This medicine reaches the disease at its source, and removing the cause, renders the cure certain and permanent.

Cure for Life Guaranteed.

The Electuary contains no mercury or mineral medicine, no Aloes, Colocynth, Gamboge, or other powerful and drastic Purgatives. No change of diet necessary. It takes according to the directions a cure for life is guaranteed.

Pamphlets giving valuable information respecting this medicine may be obtained of agents gratis.

Consumption Cured!

Testimonial success of

BUCHAN'S HUNGARIAN BALSAM OF LIFE.

The Great English Remedy for Colds, Coughs, Asthma and Consumption.

THE most celebrated and infallible remedy for the complaints, asthma, or any form of pulmonary consumption is the Hungarian Balsam of Life, discovered by Dr. Buchan, of London, England, for upwards of twenty years in Great Britain and on the continent of Europe and introduced into the United States under the immediate supervision of the inventor.

The astonishing success of the Hungarian Balsam in the cure of every form of lung disease, warrants the American Agent in stating it to be the most powerful and decisive remedy that can be found in the compass of the materia medica, for the cure of the most dangerous diseases that seek relief, even from any of the common remedies of the day. It has been given up by the most distinguished Physicians as confirmed and incurable. The Hungarian Balsam has cured and will cure the most desperate of cases. It is no quack nostrum, but a standard English medicine of known and established efficacy.

Every family in the United States should be supplied with Buchan's Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of colds, coughs, spitting of blood, pain in the side and chest, difficult or shortness of the breath, difficulty of breathing, hectic fever, night sweats, Emaciation and general debility. Asthma, influenza, whooping cough, and croup.

In cases of actual disease of the lungs, or feared consumption, it is the safest remedy. [illegible]

Beware of counterfeits.—Dr. F. Bradley, 120 Washington st. Boston, Mass. Sole agent for the United States, and the North American Provinces.

Dr. H F Peery's Vermifuge or "Dead Shot," FOR WORMS.

A Highly Valuable Preparation, capable from the promptitude of its action of clearing the system in a few hours of every Worm.

THE origin, developement, and support of worms in the human system, are to be attributed to a depraved and debilitated condition of the stomach and bowels, it being an established fact, that where the digestion is unimpaired, and the general powers of the system in a healthy state, they can find no habitation. This preparation has the peculiar advantage of not only destroying every worm, but also of producing a healthy action of the stomach and other organs of digestion, thereby relieving many complaints arising from a derangement of the digestive organs.

The following is an extract of a letter addressed to A. B. & D. Sands from the agent at Derby Line.

Derby Line, Vt. May 7, 1846

Gentlemen—I received the box of "Dead Shot" Vermifuge about fifteen days since, and have only a few dozen left on hand which will be gone in less than ten days. It seems to do the work to the perfect satisfaction of all who use it. I hear some great accounts of it, where it had produced the expulsion of from 15 or 20 to 115 worms from one person and nearly the same number from some children. Of course you will think worms one of the prevailing diseases in Canada and Vermont. Please send me another supply as soon as convenient. Respectfully,
