NEW MEDICINE.

Masta's Genuine Indian Vegetable Purgative Pills.

THE most generally approved family medicine now to be had at all the principal stores in every village and town in this state and throughout the state of New Hampshire and Canada East.

For Bilious and Inflammatory Fevers, Indigestion, Headache, Dyspepsia, Liver complaint, Costiveness, Piles, Jaundice, Choice Pain in the Stomach and Side, Dizziness, Perverted Appetite, Diarrhœa, Dysentery, Impure Blood, and all Derangements of the Bilious System.

The proprietor has such confidence in these Pills, that he would say to all persons who may purchase a box of them, that if, after taking one or two doses in accordance with the directions, they should not be satisfied with them, the money paid will be refunded, or the charge for the same cancelled, by returning the box in a usable condition, with the remainder of the Pills. Agents selling them are requested to conform to this rule.

If you or your family have been in the habit of using pills, try them, and you will find them as good, if not better in many respects, than any you have ever used before. Do not say to yourself, I should be glad to buy a box of them, but there are so many kinds before the public already, some recommended for one thing, others for another, and the rest for every thing, that I have no confidence in any of them, believing them all to be made for speculative purposes. Without doubt, many proprietary medicines are too highly recommended, and made merely for speculation. All this may be; but these Pills will be found to answer, as a general thing, the purposes for which they are designed.

Try them and see for yourself, if you do not like them, return the box with the remainder of the pills and they will cost you nothing. Call for Masta's Pills, and see that the name is on the box.

☞ For further particulars in relation to them see pamphlet, sold in this village by J. Barrett & son, and Jas. Potter, Henry Simonds and L. Rockwood, Pittsford; F. W. Jackson and V. Ross, Brandon; D. Morgan Jr. & Co. West Rutland; Ripley & Bailey, Mill Village, and by one or more merchants in every town in the county and throughout the State. 30 1y

Dr. S. F. Peery's VERMIFUGE OR 'DEAD SHOT.' FOR WORMS.

A Highly Valuable Preparation, capable from the promptitude of its action of clearing the system in a few hours of every worm.

THE origin, development, and support of worms in the human system, are to be attributed to a depraved and debilitated condition of the stomach and bowels; it being an established fact, that where the digestion is unimpaired, and the general powers of the system in a healthy state, they can find no habitation. This preparation has the peculiar advantage of not only destroying every worm, but also of producing a healthy action of the stomach and other organs of digestion, thereby relieving many complaints arising from a derangement of the digestive organs.

The following is an extract of a letter addressed to A. B. & D. Sands from the agent at Derby Line.

Derby Line, Vt. May 7, 1846.

Gentlemen—I received the box of "Dead Shot" Vermifuge about fifteen days since, and have only a few dozen left on hand, which will be gone in less than ten days. It seems to do the work to the perfect satisfaction of all who use it. I hear some great accounts of it, where it had produced the expulsion of from 75 or 90 to 115 worms from one person, and nearly the same number from some children. Of course you will think worms one of the prevailing diseases in Canada and Vermont. Please send me another supply as soon as convenient. Respectfully,

T. C. BUTLER.

Price 25 cents. Prepared by Dr. F. H. Peery, and sold wholesale and retail by A. B. & D. Sands, Druggists, 100 Fulton st. corner of William, New York. Sold also by Luther Daniels, Rutland, E. J. Bliss & Co. Brandon, and by Druggists generally throughout the United States. 6 52

WOOL & WOOLEN GOODS.

THE undersigned adopt this method of returning their sincere thanks to their friends and the public for the very liberal patronage they have received in their business for the last year. It has been their constant aim and endeavor to merit the attention bestowed upon them by the Farmers, Merchants and Wool growers, and to make it for the interest of the consumers of woolen Goods to trade with them.

To those who are acquainted with their terms and have worn cloths manufactured by them, it will be unnecessary to say a word, and to those who are not, they would simply say, come and see for yourselves. Their skill and experience as woolen manufacturers is already well known to the public.—Their establishment has been enlarged near to one half from what it was one year ago. They have made some additions to the machinery, all of which is in the best possible condition. They are prepared to do double the amount of work and do it better than they have ever done before, and better than can be done elsewhere in this part of the country for the same price. Their motto is *Onward, from good to better!* for instead of allowing their cloths to diminish in worth and beauty, they are determined, by strict attention to their business, to have them improve.

There is a system of shearing practiced by some manufacturers, consisting of working in cotton, felting in flocks, working in waste and flyings, leaving in starch and gum to make the cloth feel heavier, &c. In proof that nothing of the kind is practiced by the subscribers, those who may wish to satisfy themselves are referred to those living in the vicinity of the mill and to peddlers and harness makers, who buy their flocks and waste.

And now to those who are in want of good Cloth. We have on hand and are constantly getting out that of the best kind for farmers and mechanics as well as merchants. Fleece Wool, Pulled do., Tags and Pelts, received to work or in exchange, as usual.

Our Goods are warranted to be just what they appear to be

PREPARED BY J. S. WOOD, M. D., OF ALBANY, N. Y., AS A PURIFYER OF THE BLOOD

IT IS WARRANTED TO BE

The most thorough, searching, of any in the market.

As a proof we give the testimony of the following named gentlemen to their own words, viz:

Dr. Wood's Sarsaparilla Elixir "Excells all the popular medicines." Rev. Allen Steele.
" " Is "Infinitely superior to Townsends." Peter M. Cheney, Esq.
" " "The best ever offered to the American people." Rev. T. R. Rawson.
" " "The best preparation of the kind in use." Dr. F. Church.
" " "Far superior to Townsend's, and at least four times stronger." J. Congdon, Esq.
" " "Cheaper and better than Townsend's." Dr. S. P. Cunningham.
" " "The best preparation of Sarsaparilla in market." Dr. B. F. Fairchilds.
" " "Far superior to Townsend's and three or four times stronger." G. L. Cary, Jun. Esq.

"In the fairness of principle and strength of Doctor Wood we have assurance that no article appearing under his name would be other than as represented by him. His Sarsaparilla stands high wherever it has been introduced."—[Albany Spectator.

We advertise moderately to make our medicine known; but are not obliged to expend $50,000 per annum," to "sustain the credit of our article." Nor to flood the country with certificates of cures never performed, embellished with distorted pictures to frighten the simple and astonish the weak minded and credulous.

We do not pretend that our medicine will raise the dead nor that it will cure diseases that are utterly incurable. But we do say "it is the best in the market," that it is compounded on scientific principles by a regularly educated physician—a man of close observation and long research, and that it is not a Patent, Immortal or Quack medicine. We have certificates, enough to fill a volume, of extraordinary cures performed by its use. Recommendations, &c.

But let the above suffice. In all candor is it not enough? The following are some of the many diseases in which it proves eminently successful, viz: Diseases from Impure Blood, Organic or Functional, Dyspepsia, Liver complaints, and Fever and Ague, Secondary Syphilis, Rheumatism, Gout and Lumbago, Scrofula, Leprosy, Cancerous and mercurial diseases, Constitutions broken by "Healers, Small Pox, Fevers, &c., Prolapsus Uteri, Piles, Ulcerations, Swellings and Boils, Salt Rheum, Erysipelas, Purples and Blotches on the face, obstructions all fatal to young and delicate ladies, Nervousness and Bowel Complaints of Children teething, Nervous, debilitated and delicate females, Impotency or Incontinency in either sex, Neuralgia, Epilepsy, Hysteria and Sick Headache, Tic Doloureaux, Dizziness and Palpitation, Influenza, Coughs, Throat and Lung complaints, Bronchitis and first stages of Consumption. Also, in any case arising from weakness, sickness, &c., if given immediately, the amount of expense, pain and misery it would ward off would be incalculable.

Sold wholesale and retail by H. W. Merrill, Pittsford, Vt., and at retail by L. Daniels, Clement & Lincoln, and D. Morgan Jr. & Co., Rutland; Dr. H. Hall, west Poultney; A. & J. G. Allen, Fairhaven; E. S. Sunderland, Middletown; Sheldon & Allen, Pawlet; and by Druggists generally throughout the State and Canada. Price $1 per Bottle, or 6 Bottles for $5. 34 1y.

Mrs. E. KIDDER'S DYSENTERY CORDIAL

An immediate and perfect Cure for Cholera morbus, Dysentery, Diarrhœa Summer Complaints of Children, Sea Sickness, General Debility, &c.

WHERE the all powerful antidote is at hand, Cholera Dysentery and Cholera Diarrhœa seem no longer to be seriously feared, or looked upon with terror—as this Cordial will most assuredly cure the disease in the course of a few hours, if taken at the commencement.

It has been before the public for more than six consecutive years, and was the first article made known to the public as an immediate and perfect remedy for these complaints. It has been thoroughly tested in every country and every climate, and its effect has everywhere proved the same—SURE TO CURE, even when the disease has advanced to the last stage. The public may rest assured that it contains neither opium, or mineral substances, or anything there is the least injurious to the most delicate.

Cholera and Common Cholera Morbus.

This Cordial immediately checks the vomiting, relieves the pains, stops the Diarrhœa and restores the bowels to a perfectly regular and healthy state, however severe the attack may be or however low the patient may have become, it invariably restores.

Severest Cases of Dysentery,

are immediately counteracted, the pains are allayed, the bowels healed, and not unfrequently the bowels become perfectly regulated and restored in the short space of ten or twelve hours.

Chronic Diarrhœa.

Either in children or adults, of months or years continuance, are most readily cured with this Cordial, notwithstanding they may be reduced to a mere skeleton, it immediately strengthens, and shortly restores them to perfect health.

Cholera Infantum

It has saved the lives of many thousand children when reduced to death's door by this complaint, it gives them immediate relief, and they very soon recover.

Sea Sickness

It is a most pleasant and desirable remedy for Sea Sickness. It checks the vomiting, and readily restores the patient. It invariably checks vomiting, produced from any cause whatever.

Children that are Teething,

should always be provided with this preparation as it will keep the bowels regulated and keep off the cramps. It is wholesome, pleasant to the taste and children are fond of it, and will take it without trouble or dislike.

For General Debility and Dyspepsia.

It is a most excellent restorative, giving a healthy tone to both the stomach and bowels, and prevents food from pressing or distressing the stomach.

☞ CAUTION ☜

Beware of those impositions which are daily palmed upon the public, bearing the name of my article which is *Cholera Morbus, Dysentery and Diarrhœa Cordial*, which name impostors have borrowed. Also, they have copied my advertisements and printed addresses. Doubtless they have done this for the purpose of palming off their useless and worthless articles at the expense and reputation of this original and most popular medicine that ever came before the public.

Be sure that you obtain Mrs E. Kidder's Cholera Morbus Dysentery and Diarrhœa Cordial, and you will get the only true and original article, which has ever been held in the highest estimation by the public throughout the whole country.

It is put up in bottles holding nearly a quart in size for family use, and sold at $1 per bottle.

Sold by MRS E. KIDDER,

No. 130 Court Street, Boston

who is the inventor and sole proprietor. Druggists and Apothecaries supplied as formerly, in large or small quantities.

Agents—Briggs & Drury, and for sale by Stoddard & Gookin, and Clement & Lincoln, Rutland, and by dealers in medicine generally. 29 6m
