MARRIAGE:

WHY SO OFTEN UNHAPPY.

THE CAUSES AND THE REMEDY!

Many and many a wife endures years of bodily suffering and of mental anguish, prostrate and helpless, embittering her life, that of her husband, and rendering the future welfare of her children, arising from causes which, if known, would have spared the suffering, the anguish to the wife, and to the husband embarrassments and pecuniary difficulties having their weight in the mind being weighed down and earnest in consequence of the sickness of the companion of his bosom.

How important that the causes should be known to every wife, to every husband, that the dreadful and harrowing consequences to the health and happiness of both may be avoided! Life is too short and health too precious to admit any portion of the one to be spent without the full enjoyment of the other. The timely possession of a little work entitled as follows has been the cause of saving the health and the life of thousands, as over

TWO HUNDRED THOUSAND

copies have been sold since the first edition was issued.

The author has been induced to advertise it by the urgent and pressing request of those who have been induced to its publication for all they hold dear that all may have an opportunity of obtaining it, and who have favored him with thousands of letters of expression, some of which are annexed to the advertisement.

THE MARRIED WOMAN'S Private Medical Companion.

BY DR. A. M. MAURICEAU,

PROFESSOR OF DISEASES OF WOMEN.

Twenty-sixth Edition. 18mo. pp. 250. Price, $1.00.

THIS WORK IS INTENDED ESPECIALLY FOR THE *MARRIED*, or those contemplating marriage, as it discloses important secrets which should be known to them particularly.

Here, every female—the wife, the mother—the one either bidding into womanhood, or the one in the decline of years, in whom nature contemplates an important change—can discover the causes, symptoms, and the most efficient remedies and most certain mode of cure, in every complaint to which her sex is subject.

The revelations contained in its pages have proved a blessing to thousands, as the innumerable letters received by the author, which he is permitted by the writers to publish, will attest.

SICKLY AND UNHAPPY WIVES.

Extract of a Letter from a Gentleman in Dayton, O.

"DAYTON, May 1, 1847.

"DR. A. M. MAURICEAU—*My Dear Sir:* The Married Woman's Private Medical Companion, for which I enclosed one dollar to your address, came safely to hand. I would not have troubled you with these few lines, but that I am impelled by a sense of gratitude, for myself and wife, to give utterance to our sincere and heartfelt emotions.

"My wife has been perceptibly sinking for some three years or more, in consequence of her great anxiety and suffering some months before and during confinement, every successive one more and more debilitated and prostrated her, putting her life in imminent danger, and which was, on the last occasion, despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. At this time (now about two months) I heard your book highly spoken of as containing some matters touching my case. On its receipt and perusal, I can express to you the relief it afforded my distressed mind, and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Desobeaux provided a remedy. It opened a prospect to me which I little conceived was possible. No pecuniary consideration can ever repay the obligations I am under to you for having been the means of imparting to us the matters contained in 'The Married Woman's Private Medical Companion.' But for which one another year would have passed over my head, in all human probability my wife would have been in her grave, and my children left motherless.'

Extract from a Letter.

Competence and Health.

"LANCASTER, PA., Oct. 24, 1847.

"MY DEAR SIR: I know you will have the kind note to bear with me in encroaching upon your time, while I acknowledge (in behalf of myself and wife) the obligations we feel ourselves under to you in having made known certain matters, contained in your most invaluable 'Married Woman's Private Medical Companion.' It has been worth its weight in gold to me. If I express myself rather warmly, you will see that I can not do no too warmly, when I inform you of the extent to which I have, through it, been benefited. I will state my situation when I obtained your book through the merest curiosity. I look upon it as one of the most fortunate events of my life. I had been married some ten years, and was the father of seven children. I was long struggling unconsciously to the end that I might gain a moderate competency, but the results of my utmost exertions at the end left me about where I was at the beginning of each year, and that only, with the most pinched economy, sufficing with barely the necessaries of life. Finally, this constant effort was beginning to have its effect upon my health. I felt less capable to endure its continuance, while I felt the necessity of perseverance.

"This constant, unceasing struggle on my part was inoperative, in consequence of the prostrated condition of my wife (with occasional intermissions) for six years, much of the time confined to her bed, and of course incapable of taking the charge and management of household affairs. Her condition arose from causes of which I was ignorant. Oh! what would I have given had I the six years to live over again! What would my wife have given to have been spared the long days and still longer nights prostrate on a bed of sickness!—all of which would have been avoided, had I then seen a copy of 'THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION.'"

From a Physician.

DANGEROUS DELIVERIES, OBSTRUCTIONS, IRREGULARITIES, &C.

How many are suffering from obstruction or irregularities peculiar to the female system, which undermine their health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice! How many suffer from prolapsus *blikes falling of the womb*, or from *fluor-albus* or weakness, debility, &c., &c.! How many are in constant agony for many months preceding confinement! How many have a liable if not dangerous delivery, and whose lives are jeopardied during such time, will find in its pages the means of prevention, amelioration, and relief!

Extract from a Letter.

To those just Married.—"Had I known!"

"PHILADELPHIA, Nov. 28, 1847.

"DR. A. M. MAURICEAU: Had I known of the important matters treated of in 'The Married Woman's Private Medical Companion' some years ago, how much misery I might have escaped! I have suffered years from causes which you point out in your book, without knowing what to do. I obtained a copy, and found my case treated of. I trust every female will avail herself of the information contained in its pages."

Letters are daily received of this character, unnecessary to present.

To those yet unmarried, but contemplating marriage, or perhaps hesitating as to the propriety of knowing the responsibilities attendant upon it, the importance of being possessed of the revelations contained in these pages, so intimately involving their future happiness, can not be appreciated.

It is, of course, impracticable to convey more fully the various subjects treated of, as they are of a nature strictly intended for the married, or those contemplating marriage; neither is it necessary, since it is every one's duty to become possessed of knowledge whereby the sufferings to which a wife, a mother, or a sister, may be subject, can be obviated.

☞ **Copies will be sent by Mail free of Postage to the Purchaser.**

Over 20,000 Copies have been sent by MAIL, within three months with perfect safety and secrecy

making handsome competencies from the ready and extraordinary demand for it, and the extremely liberal terms afforded them.

Active local and traveling agents throughout the United States and Canadas will be supplied on the same terms. Communications are required to be postpaid and addressed as above.

*CAUTION.—The public are cautioned against various catch-penny trifles intended to be palmed off upon them, imitating the title of this work as 'The Married Ladies' Medical Companion,' and various other titles. SARSAPARILLA

THE WONDER OF THE AGE.

Blessing of the Age.

The most extraordinary Medicine in the World!!

This Extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the system.

We have now advertised 1,500,000 bottles of Sarsaparilla during the past year, and are now publishing at least 500 further per day, being more of the Sarsaparilla than all the other manufacturers of Sarsaparilla in our city. Dr. S. P. Townsend's Sarsaparilla is warranted to keep for any length of time in all climates. This Extract has received more of the testimonials of its virtues than all the other advertised medicines together have since Noah's or Monro Bell's celebrated Carminative Emulsion. Pain yields to Poultices as the fire flashes before gunpowder. Rose Ring Worm, or Tetter, Scald Head, or Ringworm, and pain of the bones and joints, stubborn Ulcers, Syphilitic Disorders, Lumbago, Saltrheum, and all diseases arising from an injudicious use of Mercury, Arsenic or Drugs, exposure or imprudence in life. It invariably cures Rheumatism, Inflammation or Dropsy, Neuralgia, general and nervous Debility, Palpitation of the Heart, Liver Complaint, and Dyspepsia, and the Kidneys. Ladies of pale complexion and consumptive habits, and such as are debilitated by those peculiarly those which females are liable to, are restored, by the use of a bottle or two, to health and vigor.

The number of diseases mentioned above as cured by this preparation of Sarsaparilla, may seem large, but we are nevertheless prepared to prove, by an extensive array of certificates, that such is the fact; a fraction of the evidence which we possess concerning such diseases, would be received by any jury, as conclusive and complete demonstration. It must be remembered that all this mighty array of testimony, though apparently in an endless variety of forms, and relating to a variety of diseases, yet all in their origin and causes, for they all spring directly or indirectly from a corrupt fountain. If the blood were in a pure, healthy and active state, it would drive all these complaints from the system, and chronic disease would be impossible.

THE FACTS!

The immense and increasing demand for Dr. S. P. Townsend's Sarsaparilla, has made it necessary very much to enlarge the operations attendant thereon. Medicinal substances are used in incredible quantities, and as such unprofitable properties are to be carefully and accurately tested, the proprietors have found it necessary to place the Compounding Department in charge of a competent and responsible Chemist—one whose scientific reputation will be a full guarantee of public confidence. Dr. JAMES R. CHILTON has assumed this duty.

CAUTION.

To avoid impositions, it is necessary to see that Dr. JAMES R. CHILTON'S CERTIFICATE as well as the signature of DR. S. P. TOWNSEND, is on the outside wrapper of each bottle.

☞ Sold by H. L. SPENCER, Rutland, and by all the principal Druggists and Country Merchants throughout the United States and Canadas.

MYSTERIES OF MEDICINE

Greatest Discovery of the Age.

Did you *ever* use McAlister's All Healing Ointment? Certainly you have for there are few if any, who have not availed themselves of its curative qualities. It only needs a trial to convince the persons using it that it is really and truly the best article extant. Enquire of the tens of thousands who have been in the constant use of it, and they will advise you never to be without this sovereign remedy, while they will be surprised that you are so much behind the age as not to have used it before. It is no new thing; it has been before the public for years, and its increasing sale shows the estimation in which it is held.

SANDS' SARSAPARILLA, IN QUART BOTTLES

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD OR HABIT OF THE SYSTEM, VIZ.

Scrofula or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Blotches, Biles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Nettles or Lumbago and Diseases arising from the injudicious use of Mercury, Arsenic or Drugs, Exposure or Imprudence in Life. Also Chronic Constitutional Disorders.

The value of this preparation is now widely known, and every day the field of its usefulness is extending. It is approved and highly recommended by Physicians, and is admitted to be the most powerful and searching preparation from the root that has ever been employed in medical practice. The unfortunate victim of scrofulous disease, with swollen glands, contracted sinews, and bones half carious, has been restored to health and vigor. The scrofulous patient covered with ulcers, loathsome to himself and to his attendants, has been made whole. Hundreds of persons, who had groaned hopelessly for years under extensive and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs and the circulation, have been raised as it were from the rack of disease, and now with regenerated constitutions, gladly testify to the efficacy of this estimable preparation.

The following certificate from Col. Samuel G. Taylor, a gentleman of high standing and extensive acquaintance through the Southern States, and lately appointed consul to New Grenada, commends itself to the attention of all.

New York, January 7, 1848.

Messrs. A. B. & D. Sands.—Gentlemen—Having used and witnessed the effects of your valuable preparation of Sarsaparilla on different persons in various parts of the southern country, viz.—Virginia, Louisiana, Texas and Mexico, I feel much pleasure in winning the high opinion entertained of its great medicinal value. In my own case it acted almost like a charm, removing especially the eruptive state of the system, and exerting in the most agreeable manner a tonic and invigorating influence.

Your Sarsaparilla is highly approved and extensively used by the United States army in New Mexico, and my cousin, Gen. Zachary Taylor has for the past five years been in the habit of using it, and recommends the same—he and I adopted the article at the same time, and it is now considered an almost indispensable requisite to the army. In conclusion, I would say, that the better it is known the more highly it is prized, and I trust that its health restoring virtues will make it generally known, throughout the length and breadth of our widely extended country.

Yours very respectfully,

S. G. TAYLOR,

U. S. Consul to New Grenada.

Remarkable Cure of Bronchitis.

New York, Feb. 17, 1848.

Messrs. Sands:—Having suffered many years with a disease of my throat, affecting the larynx, during which time I was treated with the most distinguished physicians in Europe and the United States, without receiving any permanent benefit, but all the time my general health and strength declining and the disease making fearful progress—caustic applications were used, and whatever else was thought most efficient for producing a cure—but I am confident the deplorable situation I was in, the larynx being accompanied with phthisis and great difficulty in breathing, would soon have terminated my life, had I not obtained relief through the medium of your sarsaparilla. I must say gentlemen, when I commenced using the sarsaparilla I could not place much confidence in its virtues—and this will not surprise you when I inform you I had tried more than fifty different remedies during the past four years without any success, but after taking your sarsaparilla a few weeks I was induced at last to yield to persuasion. This medicine assuredly has not only relieved, but cured me, and I therefore think it my duty, as a gentleman, for the benefit of suffering humanity, to give you this expression of my opinion.

Yours very truly, D. PARENT

New York, April 26, 1847.

Messrs. Sands:—Gentlemen—Having been long afflicted with general debility, weakness, loss of appetite, &c., receiving no benefit from the various remedies prescribed, I concluded about three months since to make use of your Sarsaparilla. I now have the pleasure of informing you that its effects have been attended with the happiest results in restoring my health, and I am indebted to and my testimony to the many others you already possess, and to them referring, for further information. I will personally give the particulars of my case, and the effects of this invaluable medicine, by calling at 425 Bowery, New York.

California Life Risks,

taken at lower rates than by any other company.

The business of the Company will be conducted upon the Joint Stock, and upon the mutual principal, at the option of the insured, thus meeting the wants and circumstances of the public more fully, it is believed, than purely mutual companies can do.

On the Joint Stock principle the insured will pay 33 1-3 per cent. less for insurance than the rates of the best organized mutual Companies, or will receive what is equivalent to 33 1-3 per cent. per annum, in dividend profits, paid in advance, instead of receiving an uncertain amount at the end of each year in script certificates, redeemable on certain contingencies, while at the same time the annual cash payments are increased by the interest paid on notes given for half the amount of the premium.

On the 'Mutual' principle, this company proposes to insure at the usual rates of mutual Companies, dividing the net earnings each year, giving script certificates redeemable after a Mutual Insurance Fund of Two Hundred Thousand Dollars is accumulated, and charging a commission for conducting that part of the business equivalent to only about one half the expenses of the Company, securing (losses being equal) a larger yearly dividend to the mutual insurers, besides giving the members a lien upon a Joint Stock Capital of One Hundred Thousand Dollars, a large Joint Stock Reserve Fund, which will be pledged as security for payment of losses, in addition to the usual Capital and Reserve Fund in mutual Companies.

This company is not only one of the most prosperous but also one of the very best in the country.—*Hartford Daily Courier.*

No Company in the Union has had such a run of business as this company since its organization.

Men for California

are almost universally insuring in this Company because terms are so reasonable.

HEADS OF FAMILIES are anxious to insure in this Company,—a safe Institution.

SALARIED MEN are ensuring in this company by scores.

Hard working men invest in this company because they regard it as the best of savings banks to lay up their earnings in for their wives and children.

Capitalists invest with this company by taking out policies for life, because they regard it as good as money at 12 to 20 per cent interest. All estates and conditions of men ensure in this company because, just as they do every thing in Hartford, when they meet with losses, they pay "up" at once.

WHITE'S HAIR RESTORATIVE!

A PURELY VEGETABLE COMPOUND, *For Restoring, Beautifying, Cleansing, Softening, and Dressing THE HAIR.*

THIS Elegant preparation is fast taking the place of all other articles in use, for restoring and dressing the Hair—It prevents the Hair from falling off, promotes its growth, removes dandruff and restores the natural and luxuriant growth of the Hair in all cases of baldness. It also removes pain and heat in the head, and is a sovereign remedy for all diseases of the scalp. It gives the Hair a brilliant glossy lustre, a silken texture and a healthy vigorous appearance. No Lady's toilet can be complete without this indispensable article.

RECOMMENDATIONS.

[Certificate of Dr. Perry, Portsmouth, N. H.]

PORTSMOUTH, SEPTEMBER 20, 1849.

Mr. J. P. Moore, Agent for White's Hair Restorative:—Dear Sir: I deem it my duty to state some facts respecting the considerable value of White's Hair Restorative. Several years ago, after a severe fit of sickness my wife lost all of her hair, the scalp appeared diseased, and the hair grew out harsh and uneasy. About a year ago, by another fit of sickness, she lost also her hair a second time, and for a long time there was apparently no action in the scalp. After various applications I was induced to try the above mentioned Restorative, and now after the use of a few bottles her hair has grown out as thick, as luxurious, and as beautiful a color as ever. Furthermore, for a long time I have been afflicted with neuralgic and other pains in my head, and I have found it the best external remedy I have ever used; I can therefore cheerfully recommend it to all who are afflicted as above, as the best article I have ever seen. Most respectfully yours,

A. PERRY, M. D.

THE Subscribers would respectfully give notice that they have recently purchased of Wm. In view of the prospective increase of business in our village consequent upon the completion of the R. & B. Railroad and the construction of others in progress this offers a rare chance for persons wishing to locate in Rutland and removes a very great obstacle heretofore existing in the way of improvement in our village.

There is upon the premises a fine ledge of building stone which can be quarried at small expense, and lumber and other materials may be purchased in the vicinity at very reasonable rates.

Titcomb's Patent Bee Hive and Protector.

BY the use of this Hive, Bees are protected through our severe winters, on account of the even temperature of the air within it, and its peculiar arrangement for ventilation, that not a swarm has been lost from the many hives used within the three years past—It is a complete protector against the attacks of neighboring bees, bee-moths, &c., and affords peculiar facilities for replacing old brood combs by new ones. It is unequaled as a stock hive, swarms issuing from it from two to three weeks earlier than from any other hive. The surplus honey is readily obtained from it, in a pure state, without injuring the bees, in boxes of suitable size for family use or the market.

This Hive is constructed on philosophical and scientific principles, and needs only to be seen to insure its use by those who are acquainted with the instincts and natural habits of the honey-bee.

S. B. WARD, Windsor, Vt. is agent for the sale of County, Town, and individual rights.

A Hive may be seen at Mr. Aaron Barnes in Rutland. 29.tf
