THE DAILY EXCHANGE OCTOBER 18, 1859.

DOMESTIC MARKETS.

BOSTON BOOT AND SHOE MARKET, October 14.—October is generally considered a dull month in the Boot and Shoe business, and appearances indicate that the present month will be no exception to the rule. With the West and South there is nothing doing except on orders, but the New England jobbing trade continues active and the stock of desirable work is diminishing. Prices continue to rule low for all kinds of work and no improvement is looked for at present, as the stock of most kinds of goods is large for the season.

With the manufacturers there is no improvement to notice, and we do not look for any activity for several weeks. Leather and Hides are also depressed, and have a downward tendency. The comparatively low prices now ruling for all kinds of goods, and the unsettled state of the trade, will induce manufacturers to delay their preparations for spring work as long as possible, and the consequence is a very dull market for all kinds of stock.

There is very little demand for the California market. No shipments from this port the past week. From New York we only notice shipments of 20 cases.

The quantity cleared at the Custom House has been as follows:

	1859.	1858.
For the week, cases	2,614	4,190
Since January 1	200,528	176,268
Total	203,142	180,458

Showing an increase of 22,784 cases compared with last year.

BOSTON COTTON GOODS MARKET.—The demand for heavy Sheetings continues rather limited and the stock is gradually accumulating. The nominal price of standard goods is 8¼ cts., but from offers to parties could be filled a shade under. Medium Sheetings and Shirtings have been in fair demand at prices ranging from 7@7¾ cts., and light goods are selling at 5¾ cts. In Bleached Sheetings and Shirtings there is no change, although the demand through the week has been moderate. Manufacturers are still engaged in filling contracts for their most desirable styles, and there is in consequence very little accumulation of bleached goods as yet. Brown Drills are steady but quiet at 8¾ cts. The production continues to be sold close up, and we do not look for any change in the present. The sales of Bleached Drills have been at 9 cts., and Blues at 10¾ cts. In prints the sales have been to a fair extent, and the favorite styles of the leading companies continue to be sold up close. Old and irregular styles are working off at comparatively low prices.—Print Cloths continue very quiet, and the tendency of prices is in favor of buyers. No sales of any importance during the week. Jeans are steady and firm, and Denims, Stripes and Ticks are in moderate demand, without change in prices. Ginghams range from 10@10½c., with steady sales. In De Laines we notice considerable activity, and this branch of the business appears to have taken a fresh start the past week. This, however, is not to be wondered at after an examination of the many new and elegant patterns the different Companies are constantly introducing. The Pacific Company are offering new and beautiful styles that meet with a ready sale. Cashmere De Laines appear to be in more demand than usual, and as manufacturers have much improved the quality of their goods, prices range higher than in any previous season. The leading styles of De Laines are selling at 17@18c., Cashmeres at 22¾@25c., and extra styles have been sold at a considerable advance on the latter rate. The goods of the Hamilton and Manchester Companies are also in demand. New styles, highly creditable to their skill and taste, have been introduced, and are taken at steady prices. The De Laine season so far has been a very successful one.

Woolen Goods.—In Woolen Goods a very fair business has been done. Leading styles are in demand, and in some instances ordered ahead. Fancy Cassimeres and Doeskins, of good styles, at medium prices, find a quick sale. Satinets are comparatively quiet with moderate sales. The Cloakings and Sackings of the Middlesex Company are in demand and sold close up. Flannels and Blankets continue in good demand and are sold close up. The production of Flannels, particular, has been very large this season, but, notwithstanding, there was scarcely any stock on hand the 1st of October. Shawls are in demand. The Washington and Middlesex continue to meet with a ready sale for their goods. A tolerable lot of Waterloo, old styles, have been closed up at comparatively low prices, but new styles sustain previous rates. Hosiery and Yarns have been in good demand.

CINCINNATI MARKET, Oct. 13.—Flour.—The market is unchanged and quiet. A moderate local business was done, but for round lots there is a difference of 10@15 cts. per bbl. between buyers and sellers. The sales comprise 1,200 bbls. at $4 60@4.70 for superfine, $4.80@5.15 for extra, 3,505 bbls. were received the last 24 hours.

Whisky.—The market unsettled and steady. Sales of 1,900 bbls. at 25@25¾ cts., the latter rate for wagon, and 400 do. H. P. at 24¾ cts. The greater portion of the above sold from store.

Cheese.—The demand is good, and the market firm.—Sales of 800 boxes at 8¾ cts. for selected shipping lots; 10¾ cts. for E. D., and 12 cts. for Durham Farm.

Provisions.—The market was generally quiet to-day, and nothing of importance transpired in any article. The feeling on the part of holders was easier, though they did not seem willing to make any important concessions. Bacon Sides could have been bought at 10 cts. pretty freely, and Shoulders to some extent at 8 cts. Lard was held mostly at 10¾@10¾ cts., with buyers at 10¾ cts. Nothing done in Mess Pork.

Groceries.—Sugar firm and in moderate demand in the regular way, at full rates, but nothing doing in the large way, the demand having fallen off. Molasses sells in the small way at 41@42 cts., with sales of 40 bbls. at the latter rate. Coffee steady at 12@12¾ cts.

The Charleston *Courier* of Friday says:

Rice.—This article has been very much inquired after during the period under review, both by consumers and foreign shippers, and the demand, which was at first tierces, were taken up on arrival at full prices. The transactions show a range of figures extending from 3¾ to 3¾; but the bulk of the sales were made within the range of 3¾@3¾ per hundred.

WILMINGTON MARKETS, Oct. 15.—Turpentine.—Sales yesterday of 200 bbls. at $2.90 for virgin and yellow dip per 280 lbs. No sales to-day.

Spirits.—Sales to-day of 100 bbls. at 43¾ cts. per gal.

Resin and Tar.—Nothing done in either article.

Rosin.—Sales yesterday of 2 000 lbs. hams at 14½ cts. per lb.

MARKETS BY TELEGRAPH.

Wheat is dull—sales of 7,000 bushels; white 135@142 cts. Corn is dull—sales of 8,500 bushels; yellow 99¾ cts. to $1. Beef is heavy—sales at $6@11. Pork is heavy and closed buoyant. DISASTERS.

The following late news has been received by J. Carey Coale, agent of New York Board of Underwriters, from J. M. Smith & Bro., dated Norfolk, October 15:—We received a letter this morning from Mr. Goffigan, Commissioner of Wrecks, at Northampton, stating that a schooner, name and destination unknown, loaded with logwood and coffee, (about 300 bags of the latter,) was ashore near Hog Island Light, within 50 yards of the dry beach, dismasted. 150 bags coffee had been landed. We have written him to have the coffee sent here, and also to let us know the condition of the schooner, if she can be gotten off.
