WATCHES.

IN this line, to which we are paying more particular attention than ever, we offer better bargains than we have ever been able to do before, and those who wish a good GOLD or SILVER WATCH are particularly requested to *call* and *examine* with the closest scrutiny, the watches of our Spring importation. There has been quite a rise in gold movements of late since our arrival, and we can sell lower than if they were now to be bought.

We would remind customers that we know personally the makers of most of the watches we sell, that we are striving to establish a reputation for selling GOOD Watches, that we are of the opinion that we *know* whether a watch is good or not, and that we consider that we can be relied upon for what we recommend to be good, let others IN the line or OUT say what they may. We have watches of R. & G. Roskeleys, Joseph Johnson, John Harrisons and other Liverpool Makers, and G. H. Ives, London, and we have movements of all the most celebrated makers, which we can case to any pattern desired, and we further say that we will sell for cash down any description of watches of any maker, as cheap as any New York or Boston Dealer. Our customers are desired to remember that when they buy a watch in New York or Boston they go and pay the cash down, and we cannot *afford* pay in an old watch or something else, and sell at the same price. Pay us the cash down, and ALL cash, and no one shall sell below us. We have for cash Gold and Silver Watches at half our former prices almost. We do not like the looks of prices in advertisements or we would subjoin a list that would make some stare. We only would say to all who wish any Gold or Silver watches or other Goods, just give us a chance to sell to you, and you shall be satisfied with prices and goods, and permanently.
