NEW REMEDY FOR

BRONCHITIS, HOARSENESS, Colds and Influenza.

THE BRONCHIAL COMFIT.

THIS Preparation is in order to allay all irritation of the Larynx, Trachea, or Bronchial Tubes. It will be found equally serviceable in cases arising from chronic inflammation, and those caused by the transient effects of colds. Its ingredients are such as to impart a soothing and mollifying sensation to the membranous surfaces, when excited, whether by the effects of influenza, or of unusual exertion in public speaking, and other uses of the vocal organs.

☞ Clergymen, Public and Private Singers, and other persons suffering from Affections of the Throat, Hoarseness, Colds of longer or shorter duration, or other impediments of the voice, will find this a most important discovery. It is entirely free from all deleterious ingredients, and has been prepared under the best medical supervision. Price 25 cents per box.

Sold at V. HARRINGTON'S Bookstore, Burlington, Vt. 41

Letter from Rev. Mr. Lawrence of Haverhill.

BOSTON, November 27, 1844.

To the Proprietors of the Bronchial Comfit.

GENTLEMEN:—Having suffered with Bronchial difficulty for the last three or four years, and having made use of the materials of your preparation with decided benefit, although in a less perfect combination than I find yours to be, I am happy to give it any cordial approval. I have tried various remedial means, but with little or no good effect. I believe that clerical gentlemen, especially, who have been troubled by similar difficulties in public speaking, would derive essential advantage from the use of your preparation. From sympathy with such sufferers, I give it my cordial recommendation to them.

EDWARD A. LAWRENCE.

From a distinguished Unitarian Preacher of Boston.

From some use of the Bronchial Comfit, and from a knowledge of the nature and properties of some of the ingredients that enter into its composition, I am enabled to say, as I do say very cheerfully, that I have the utmost confidence in its adequacy to relieve public speakers, and to allay irritation after exercise of speaking is over. If preachers would employ it generally after exertion of the voice, they would unquestionably find it the means of much comfort and a safeguard against danger.

December, 18 1844.

From Rev. S. Remington, (formerly a Physician.)

DEAR SIR:—From my knowledge of the different articles of which your Lozenges are composed, I am prepared to say that they are not only entirely safe, but very efficient for public speakers to use to them to your advantage. By the too frequent exercise of the organs of the voice and by those exciting causes peculiar to their calling, public speakers are liable to be affected with a cough, which becomes greatly aggravated, and, depending down upon the pectoral tubes, occasions irritation and excite the cough often follows. The parts also which are more immediately affected by exertion of the voice, they would unquestionably find a the means of much comfort and a safeguard against danger.

December, 18 1844.

From Edwin Forrest, the celebrated Tragedian.

GENTLEMEN:—I have tried your Bronchial Comfit, and recommend it to public speakers as an excellent remedy for hoarseness, or in lieu of it.

Yours respectfully, EDWIN FORREST.

From J. G. Marder, Vocalist.

GENTLEMEN:—In compliance with your request that I should give my opinion concerning the remedy for Hoarseness, &c., which I procured of you, I am delighted to say that it exceeds all I could desire. I consider the Bronchial Comfit of the greatest value to all persons suffering from Hoarseness, or other obstructions of the throat caused by excessive use of the parts, or from the effects of cold.

I am your obedient servant,

J. G. MARDER.

From Messrs. Murdoch & Russell, Elocutionists.

To the Proprietors of the Bronchial Comfit.

SIR:—In answer to your enquiry regarding our opinion of your Bronchial Comfit, we would say that we have ourselves used it for some time, and that many of our students have done the same, with great advantage. It seems well adapted to its purpose; and we frequently have occasion to answer inquiries respecting the best preparation of the kind for the use of public speakers, we shall be happy to recommend your Comfit as such.

We are, Sir, yours Respectfully,

WILLIAM RUSSELL,
J. B. MURDOCH.

From Messrs. Baker & Woolbury, Professors of Music.

GENTLEMEN:—I have used your preparation and recommended it to others, not only as an effective remedy against attacks of the throat arising from colds, or long continued exertion of the voice, but also as a valuable aid to the flexibility of the organs, and to freedom of execution in vocal music.

J. P. BAKER.

Odeon, Dec. 16, 1844.—Gentlemen:—I have used the Bronchial Comfit as a remedy for Hoarseness and means for allaying all irritations of vocal organs. I consider it admirably adapted for the purposes.—Many of my pupils have used it, also with the most beneficial results. L. B. WOODBURY.

DR. MARSHALL'S

INDIAN VEGETABLE Black Plaster.

THIS Plaster is unrivaled for curing scrofulous swellings, cancrs, sores, lame back, burns, pains in the sides, hips or limbs, and seldom fails to give relief in cases of local rheumatism. Applied to the side, it will cure many of the common liver complaints, and it is found to be equal if not superior to any corn plaster, for corns on the feet. If immediately applied to a fresh wound it will prevent soreness, and cause it quickly to heal.—Females in the habit of using this plaster, find it better than anything else for all purposes for which a plaster or salve is wanted. Its virtues have been witnessed by thousands of respectable individuals in various parts of the United States, who have tested its efficacy.—PRICE, 25 cts. per box.

☞ Many certificates may be had, showing its extraordinary effects.

Beware of Counterfeits!—

All those wishing to purchase the *genuine* article of Mar-hall's Plaster should purchase that of which H. C. Godley, Middlebury, Vt., is the General *Agent and no other*, as I manufacture personally the Plaster sold by said Godley.

Dr. Banning's Spino Uteri Abdominal Supporter, or PATENT LACE,

WILL be kept constantly on hand by Dr. Jonas W. Fitzey, of Essex, he having purchased of the original Patentee the *exclusive right to make and sell* the same, within and for the Counties of Chittenden, Franklin, Lamoille, and Grand Isle.

The PATENT LACE has now been before the public for a number of months,—by which have been applied in different parts of the country, and with a success never before equalled by any municipal agent. Numerous well authenticated Certificates of its efficacy could be given in the removal of diseases of long standing, might be quoted from the immediate vicinity—in addition to the statement of cases and certificates of cures form bed by Dr. Banning and others. But this is not deemed necessary as the prevailing, reliable evidence could be given to unbelievable wearing the *Lace*, in nearly every town in the County.

Physicians have long felt the necessity of a Supporter efficiently retaining uterus and its perfect restitution to the human form, than any that had been presented to the public. The invention of Banning's meets with their general approbation, as it is designed to relieve symptoms, and remedy a cause of physical pain for which cannot be reached by medicine alone.

The descent or displacement of the viscera from relaxation of the *abdominal muscles*, or other causes, tends to alter and derange the function of every organ in the human system, and, in many cases, the deviation from the natural healthy position of parts, is the source of great debility—in Males and Females, of *Dyspepsia*, Affections of the *Stomach* and *Liver*, *Palpitation* of the *Heart*, *Spinal Irritation*, *Hysteria*, *Hypocondria*, *Piles*, *Prolapsus Uteria*, *Suppression of Urine*, *the Bronchitis* of Public Speakers, and *incipient Consumption*—all of which will be much relieved, if not entirely removed, by the use of the *Patent Lace*, when their existence is caused by physical derangement and a mechanical displacement of parts, which can be readily ascertained by observing the *form and symptoms* of the person affected.

This instrument has been examined by Drs. Mott, Rogers, Francis and Griscomb of New York—the Faculty of Pittsburgh, Harrisburg and New Haven, and has received their favorable testimony.

Application for this Lace may be made to the subscriber, at Essex, or Dr. HEINEBURG, Burlington, Patients at a distance will be visited at their residence, if required. JOHN W. EMERY.

Essex, January, 1845. 33tf

OF U. S. MAIL COACHES.

FROM BURLINGTON, Vt., TO ALBANY, N. Y.

Through in day and half.

COOKE, FIELD & Co. have stocked the road with splendid Concord Coaches, and six horse teams the whole distance, which leaves Burlington every morning, (except Sunday) at 6½ o'clock, passes over the centre road via. Vergennes, Middlebury, Castleton, Salem to Troy to dine the second day, and arrives at Albany in season to take the train of Cars for Springfield and New Haven, at half past one, P. M., and arrive at New York at 8 o'clock. A. M., on the third morning, making *forty-six* hours from Burlington to New York. Virgil & Co.'s Express between Montreal and New York passes over this route twice each week. At Middlebury this line intersects with the Boston and Fairhaven Rail Road line, via. Rutland, Bellows Falls and Keene, through from Burlington to Boston in 2 days without any night riding. At Castleton this line intersects with the Rutland and Whitehall daily line.

Cooke, Field & Co. have taken great pains to procure good Coaches and Horses, and experienced, gentlemanly drivers, who will drive through half day's ride, so passengers will not be annoyed with shifting drivers and coaches every few miles as on many other routes, and we pledge ourselves to make this line one of the best conducted lines of stages in the New England States and every thing will be done by our Agents and Drivers to make the travelling public comfortable and satisfied that we are willing to fulfil all we advertise.

Extras, for private parties, furnished at all times, from two Horses to six.

IN EARNEST.

THE Subscribers are in debt, and their creditors are impatient for their pay. Their means of payment are in the hands of their debtors. They cannot pay but by being paid, and they must be paid to enable them elves to get out of debt. They are the more in earnest in consequence of the business prospects of the country growing out of the election of Polk and Dallas. For although they are Democrats died in the wool, they have fears that the policy of the approaching administration may operate disastrously upon their business, and they are determined to be out of debt before the Whig prophecies of the destruction of the tariff, the annexation of Texas, and the hard times and ruin consequent upon those measures, shall be verified.

The subscribers therefore give notice to all persons indebted to them, that they must be paid by the 15th day of January next, or collection will be legally enforced. JAS. MORSE & BROTHERS.
