CAUTION.—SEWING MACHINES.—Last Wednesday I obtained an injunction from the United States Court in Boston, PROHIBITING THE USE OF THE SINGER MACHINES, and now have a suit pending against him here, which is soon to be tried, and, without doubt, will result in the manner. The old bug-bear of Walter Hunt was, as heretofore, the defense relied upon, the insufficiency and falsity of which will be manifest by an examination of the full and clear decision of Judge Sprague in the case, printed copies of which are ready for free distribution at my office. By inclosing a postage stamp a copy will be forwarded to order by mail.

It is immaterial whether Machines use one or two needles, with the eye near the point; without a license they are infringements, and the public will beware of incurring the liabilities of the law by purchasing infringing machines, when they can buy as good or better ones at the same or less price, without such liability from the following Manufacturers, who are duly authorized by Licenses under my original Patent of Sept. 10, 1846:

WHEELER, WILSON & Co. ..... New-York.
GROVER, BAKER & Co. ..... "
A. BARTHOLF ..... "
A. B. HOWE ..... "
AMERICAN MAGNETIC SEWING MACHINE CO. ..... "
DUREAS SEWING MACHINE CO. ..... "
J. B. NICHOLS ..... Boston, Mass.
J. W. BEAN ..... "
H. HUNT ..... "
HOOD, BATTELL & Co. ..... Worcester Mass.
Messrs. WOLDRIDGE KEENE & MOOR ..... Lynn, Mass.

J. J. Greenough never obtained a patent which, in the most remote degree, claimed or specified anything like my machine. Those who know from whence the reports proceed that he did so, need no denial of them, but those who do not, are informed that such reports are entirely false, and without foundation in truth. A certified copy of said patent is at all times open for the inspection of those interested, at my office, and if any person will therein point out any similarity between it and my own, I will forfeit $1,000; $500 to go to such person, and $500 to some charitable institution in the city, at the Mayor has to designate.

Charles A. Dwight has no longer a license to make, use, or sell, Sewing Machines under my patent. It has been revoked and surrendered. ELIAS HOWE, Jr., Patentee of the Original Sewing Machine, No. 55 Hanover-st., Boston, and No. 305 Broadway, New-York. Feb 22, 1854.
