UNIVERSAL! UNIVERSAL!!

IS THE DEMAND FOR

DR. S. O. RICHARDSON'S

SHERRY WINE BITTERS!

The celebrated New England remedy for Habitual Constipation, Jaundice, Fever and Ague, General Debility, and all diseases arising from a deranged Stomach Liver or Bowels.

They are used and recommended by the leading Physicians of the Country, and all who use them pronounce them invaluable.

Dr. JAMES L. LEEPER of Navarre, Stark Co., O., says: "The bitters are praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. DAVIS, postmaster at Williamsport, O., says: "They give a healthy action. I used them in my family, having taken mercury, became prostrate and lost my appetite. It relieved me, and I can recommend it with great assurance of its merits."

Dr. WM. M. KERR of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success and with them made several cures of palpitation of the heart and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter, under date of May 4, 1860. He was much reduced, having been afflicted for three years with heart nervous debility, palpitation of the heart of the most severe and prostrating character, "after using a few bottles I was completely restored, and am now in robust health."

G. W. HOFFMAN says he was afflicted with rheumatism for twenty years in all its various forms, and at the date of this letter he has been two years well, the Bitters effecting a cure, when several Physicians attending him could do him no good. He says, "for rheumatism, dyspepsia, liver complaint, kidney affection or drops, it is a specific or a sure remedy."

J. W. BUNT writes from Delphos, Allen Co., Ohio, (a section where Fever and Ague prevail) that he not these fully recommends them as an unexcelled remedy in all cases of Fever and Ague, Dyspepsia and General Debility.

D. K. CALLENDER, M. D. writes from Van Wert O., "I must respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine."

MOFFAT'S LIFE PILLS AND PHOENIX BITTERS.

THESE MEDICINES have now been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of effecting a perfect health to persons suffering under nearly every kind disease to which human flesh is heir to.

The following are among the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES,

are well known to be unrivalled:

DYSPEPSIA, by thoroughly cleansing the first and second stomachs and creating a flow of pure healthy bile, instead of the stale and acrid kind: Flatulency, loss of Appetite heartburn headache, Restlessness, Ill-temper Anxiety, Languor and melancholy, which are the general symptoms of Dyspepsia, will vanish as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in in such cases, and the thorough solution of all inflammatory obstruction in others.

The Life Medicines have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate medicinally on these important organs, and hence have ever been found a certain remedy for the worst cases of Gravel.

ALSO WORMS, by dissolving from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, ULCERS and Inveterate Sores by the perfect purity which these Life Medicines give to the blood and all the humors.

SCORBUTIC ERUPTIONS and bad Complexions by their alterative effect upon the fluids which feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cured by one dose, or two in the worst cases.

PILES.—The original proprietor of these medicines, was cured of Piles of 35 years standing by the use of the Life Medicines alone.

FEVER AND AGUE.—For this scourge of the Western country, these Medicines will be found a safe, speedy and certain remedy. Other medicines leave the system subject to a relapse of the disease, a cure by these medicines is permanent—Try them be satisfied, and be cured.

BILIOUS FEVERS AND LIVER COMPLAINTS—General Debility, Loss of Appetite, Diseases of Females—these Medicines have been used with the most beneficial results in cases of this description;—Kings Evil, and Scrofula in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitations of the Heart, Painters Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparation of Sarsaparilla.

THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR

Restoring

THE BALD AND GRAY!

Many, since the great discovery of Prof. Wood have attempted not only to imitate his restorative, but profess to have discovered some thing that would produce results identical; but they, have all come and gone, or being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18 h 1859

"Prof. O. J. Wood & Co. Gents: I the letter I wrote you in 1856 concerning your valuable Hair Restorative and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are, first, is it a fact of my baldness and name, as stated in the communication; second, is it true or all therein contained; third does my hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft, thrifty and better colored; this seems is true of my whiskers and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, when if one were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as we last this, it has no doubt been basely imitated and been used not only without any good but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my beard or on my face; and to prove this fact I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles last summer for which I am very grateful; I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative sold by many. I fear without authority from you. A pure article will in my success and I believe where good effects do not follow the failure is caused by the impure article which caused the inventor of the good. I deem it my duty as heretofore to keep you apprised of my success. Send me your valuable results. I remain, dear sir, yours

A. C. RAYMOND.

Aurora Eun Ky., Nov. 30, 8 8

PROF. O. J. WOOD: Dear sir.—I would cheerfully be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After trying every kind of Restoratives extant but without success, and finding my head nearly in state of hair, I was finally induced to try a bottle of your Hair Restorative. Now candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully ours, REV. S. ALLEN BROCK

P. S.—This testimonial of my appreciation for your valuable medicine (as you are aware of) is unsolicited:—but if you think it worthy a place among the rest, insert it you will; if not destroy and say nothing.

Yours, &c., Rev S. A. B

The Restorative is put up in bottles of three sizes, viz large medium, and small; the small holds 3/4 a pint and retails for one dollar per bottle; the mediums hold at least twenty per cent. more in proportion than the small retails for two dollars per bottle; the large holds a quart 40 per cent. more in proportion and retails for $3 a bottle. ATWOOD'S QUININE TONIC BITTERS,

The Best Aromatic Tonic Ever Offered the Public.

RECOMMENDED BY THE FACULTY

For its Superior Medicinal Qualities.

THIS elegant compound which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of Quinine, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various tonics and stomachics, and cannot fail to meet the wants of the debilitated.

It is a mild tonic to the stomach, increasing the appetite, assisting digestion, pre eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.

For diarrhoea dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy.

One of the very best Physicians in Boston has said "that it is the best preparation of Bitters that has ever been offered to the public."

Put up in half pint as well as quart bottles, in order that all may convince themselves of its superior merits.

GREATEST IMPROVEMENT

OF THE AGE.

THE GOOD SAMARITAN!

FOR

WOOD or COAL.

Ahead of all Competition!

5663 of them manufactured last year—more than double the number of any other first class stove in one year, in the United States.

THEY contain all the improvements which are in all the first class stoves, and the advantages and improvements over other stoves are in part as follows:

1st. The arrangement for broiling on the front hearth,—an improvement overlooked in other first class stoves. It has also the same arrangement for broiling on top.

2d. A thorough ventilation of the Oven.

3d. Introducing hot air draught to the fire chamber, thereby increasing the draught of the Stove, quickening its operations, and enabling it to throw out more heat—a matter much and justly complained of in other Stoves.

4th. An important improvement in the application of the damper, which throws the heat around the oven.

5th. Much greater weight, consequently heavier plates, and more durable as well as handsomer castings.

6th. A draft damper at each end of the fire box, so that the fire is equalized, and one griddle will heat as quick as the other, also heating the oven in half the time.

7th. Fire back protected by soap-stone, so it cannot burn out.

☞ In addition to the above improvements, it has all that is combined in other first class Stoves, viz:—Hot water Reservoir, Warming Closet, Roaster in front, Baker on top, Doors lined with best Russia Iron, &c., &c. Further, this stove is warranted to do the work with as little fuel as any other stove in the market, and in a superior manner.

All who want a first class Stove, should never buy until they call and see the GOOD SAMARITAN, as they have in every instance given satisfaction.

I am the exclusive agent for the sale of this Stove in Montpelier, and sell it on trial to any reasonable length of time; so all are safe in buying.

I have also as fine an assortment of Common Stoves on hand as any other dealer in Washington County, and sell as low as any one in the State. L. DEWEY.

MARLAND PATENT.

Certificates of approval, in comparison with other Fire Proof Safes.

Messrs. Sherwin and Burgess, Agents for Marland's patent safe. I have examined the Marland safe in your store, and so far as I am able to judge of fire proof qualities, I believe the principle upon which it is built, is the most reliable in reality of any safe that has come under my observation. I cordially recommend it to the attention of those that are now supplying themselves with Fire Proof Safes of their records. BENJ. W. DEAN, Secy.

Brattleboro, Dec. 31 1858. The undersigned have examined the Marland's Patent Fire Proof Safe exhibited to us by Mr. Anson Hardy, and find, on inspection, Marland's Safe would be a valuable acquisition for the use of the Probate Courts.

E. TYLER, } Judge of Pro.
A. STORRAND, }

Middlebury, April 27th, 1859.—The Legislature of Vermont at its last session passed a law making it the duty of County Judges to procure Fire Proof safes to deposite Probate Records. In discharge of this duty we have spent some time in examining various safes, and we have come to the conclusion that the Marland safe manufactured by M. B. Bigelow & Anson Hardy, of Boston, Mass., is superior to any other we have seen for its Fire Proof qualities. We have accordingly that description for the New Haven Probate Court, and are well satisfied with his workmanship, fire proof qualities and durability. W. W. C. WRIGHT, } Assist. Judges.

PROF. WOODS RESTORATIVE.

Is precisely what its name indicates, it is pleasant to the taste, it is revivifying, invigorating and strengthening the vital power that so revivifies, invigorates and renews the system in all its original purity, and thus restores and renders the system invulnerable to assaults of disease. It is the only preparation ever offered to the world in a popular form so as to place it within the reach of all. So delicately and skillfully combined as to be the most powerful tonic, and yet so perfectly as to act in perfect accordance with the laws of nature, and cannot injure the weakest stomach and tone up the digestive organs, and allay all nervous and other irritations. It is also perfectly exhilarating in its effects, yet it never leads to habitual indulgence in the use of spirits. It is composed entirely of vegetable and those the most powerful combining powerful tonic and soothing properties, and consequently never injures. Such a remedy has long been felt to be a desideratum in the medical world, and by the thousands by whom it has been tested it is also by all who have suffered from the use of it, it needs no medical skill or knowledge to see that debility follows all attacks of disease, and as the enfeebled system opens to receive the attacks of many of the most dangerous diseases to which poor humanity is constantly liable, such as for example, the following: Consumption, Scrofula, Indigestion, Dyspepsia, Loss of Appetite, Faintness, Nervous Irritability, Nervous Prostration of the Heart, Melancholy, Hypochondria, Night Sweats, Languor, Gradual Emaciation in many cases, and finally fatal Consumption to many victims. Also Liver Derangement, Jaundice, and Liver Complaint, Diseases of the Kidneys, Scalding or Incontinence of Urine, or any general derangement of the Urinary Organs, Pain in the Back, Side and between the shoulders, Deep Cough, Colds, Coughs, Hacking and Common Coughing Incipient Consumption, Difficulty of Breathing, &c. &c. &c. might enumerate many more with far more space only to say it will not only eradicate debility following Chills and Fever but prevent all attacks arising from miasmatic influence and cure the diseases so caused if already established. And as it acts directly and positively upon the biliary system, arousing its liver to action, promoting, and of a healthy character, and secretion of the system, it will effectually prevent any deleterious effects from its use, and upon change of climate and water, travelers should have a bottle with them, and all should take a tablespoonful after each meal, or eating. As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits, students, ministers, literary men. And all ladies not accustomed to much out door exercise should always use it. If they will they will find it agreeable, pleasant, and efficient remedy. Under those ills which rob them of their health and beauty cannot exist without health and health cannot exist while the above irregularities continue. Then again, the Cordial is a perfect Mother's Relief! Taken a month or two before the final trial she will pass the dreadful period with perfect ease and safety. Take it as we take about it, this Cordial is a perfect Mother's treasure! And to you we appeal to protect the illness or decline not only of your daughters before it is too late, but also your sons and husbands, for while the former fade and decay often goes down to a premature grave rather than let their condition be known in time, the latter are so often carried away by the excitement of business that they cannot wait for you they too would travel on the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and you we confidently appeal; for not one of your never failing affection will warning point you to Prof. Woods Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need.
