FINANCIAL AND COMMERCIAL.

MONEY AND STOCKS.

New York Financial Market.

NEW YORK, March 19.—Money—Abundant at ⅝@1⅛ per cent., closed at 1 per cent.

Prime Mercantile Paper—4@5 per cent.

Government Bonds—Quiet with an advance of ¼ per cent. in 3 per cents., and ⅛ per cent. in registered 4 per cents. Others unchanged.

State Securities—Firm on light sales, except Tennessee issue, which are quoted a shade off, and Virginia consols, which are 5 per cent. lower bid.

There was a decided revival in business on the Stock Exchange to-day, accompanied by a general yielding in values which extended throughout the list. The bears came more boldly to the front than for some time past, and there was apparently no great effort on the part of the bulls to resist attacks made on the various active stocks. The morning opened with prices generally a shade lower than they closed last evening, and there was a show of firmness in early transactions, but this was followed quickly by a break in Pacific Mail, accompanied by lower prices throughout the list, but especially in Union Pacific, Western Union, Delaware and Hudson and Jersey Central. The break during the forenoon in Pacific Mail was equal to 2½ per cent., and from ¼ to ½ per cent. in the remainder of the list. Toward mid-day the market became steady at a decline, and continued to show only moderate fluctuations until late in the afternoon, when it again became weak and lead once more by Pacific Mail and remained weak to close of the Board. There is a good deal of uncertainty about Pacific Mail Steamship Company and Pacific Railroads, but friends of the different companies claim no serious damage to any of them will result from the notice sent yesterday by the Union Pacific to Pacific Mail. Nevertheless, in addition to the sales to-day for short account, there was undoubtedly considerable realizing by persons who bought stock at lower quotations. Total sales, 305,000 shares; increase, 51,400 shares as compared with yesterday, and business was better distributed than for some days past. Bulls claim the present decline is really an indication of a more healthy condition of the market, and it will gain strength on each break from present quotations. They say weak holders have been "shaken out" and new short interest growing rapidly.

Railway Bonds—Market more active to-day, but was not in sympathy with trading in shares. There was a further heavy decline in Nickel Plate on large sales during the forenoon, prices opening at 76¾ and declining early to 75. Later it rallied to 77 again, dropped to 76¼ and closed at 77½, a gain of ¾ per cent. An impression was growing that Vanderbilt has decided to let the Nickel Plate Company take care of itself without aid from him or the Lake Shore, and it is claimed such a course will prove beneficial to railroads in general, as well as to the Lake Shore, as it will show no money is to be made in building opposition lines against old established routes, and will relieve the Lake Shore of a heavy burden.

Transactions on Stock Exchange aggregated 300,000 shares, of which 13,000 were Lackawanna, 7,000 Kansas and Texas, 38,000 Lake Shore, 6,000 Louisville and Nashville, 5,000 Memphis and Charleston, 40,000 Northwestern, 5,000 New Jersey Central, 19,000 New York Central, 42,000 Pacific Mail, 38,000 St. Paul, 31,000 Union Pacific, 31,000 Western Union.

COMMERCIAL.

In dry goods the trade has been retarded somewhat by stormy weather, but the disposition exists to buy goods, and when a favorable turn of the weather comes, jobbers look for far better business. The grocery business is steady, with an advance of ⅛c on sugars. This week there are buyers from the country, and the outlook for a good spring business is encouraging. There is considerable inquiry for canned goods. Dried fruits and fish are active. Oranges and lemons are advancing in price. Eggs are firm at quotations, and hens have advanced ½c.

GRAIN.

Wheat—The market is dull and sluggish. Dealers show very little disposition to buy or sell, while quotations remain about the same. Seaboard is steady, and Chicago shows a slight advance at noon.

Corn—Is also dull but steady, yet there are some inquiries for off grades, and sellers are offering more freely. New York, ½c higher; Baltimore steady, and Chicago ½c higher.

Oats—Quiet with firmer feeling, and prices slightly advanced.

The following table shows the receipts of grain at this point for the past twenty-four hours:
