CONSUMPTION

AND

Liver Complaint.

DR TAYLOR'S BALSAM of LIVWORT, from 375 Bowery, N. York, for the cure of Coughs, Colds, Catarrh, Asthma, soreness of the Chest, pain in the side and breast, raising of Blood LIVER COMPLAINTS, Bronchitis, all those affections of the throat and Lungs, which are a source of so much suffering and unnoticed, so often terminate in CONSUMPTION—this remedy is highly and justly distinguished. It is purely vegetable, mild and gentle in its effects upon the system, and can be taken in the most delicate cases, with safety as well as utility. Physicians, aware of its medicinal properties, and witnessing its effects even in extreme and in some instances, apparently almost hopeless cases, often prescribe it in practice, both as a palliative and a remedy, and with the Medical Faculty generally, it has met with great approbation.

Certificates from the highest and most respectable sources, of persons who have either been greatly relieved by it, or entirely recovered from affections of the Lungs and Liver could be furnished in abundance, but they will be found only in the wrapper, which is around each bottle.

The public are cautioned against the counterfeits and imitations which are offered for sale at any price, on the reputation of this really valuable remedy. Be careful to see that the new label is on each bottle to prevent counterfeits with the name of GURDON J. LEENS, sole wholesale agent without which none is genuine.

N B. There is a spurious and counterfeit article afloat, and lately introduced into this place Therefore be careful to get the genuine, which is from 375 Bowery, New York, and is for sale in Middlebury by Sidney Moody, sole agent for the genuine article in this place. 7;y1

To Wool Growers.

THE Subscriber being a Yankee, and wishing to excel in the improvements of the day, has used every exertion, and consulted in his opinion, the most experienced practical wool growers in North America, viz., Effingham Lawrence of Flushing Long Island, Henry Swift of Poukeepsie Dutchess Co., Jennison and Grant of Walpole, N. H, and several on Nantucket Island, likewise with H. D. Grove of Hoosick N Y., and finally decided and purchased of Henry Swift, from his choice flock a few choice ewes, and one stock sheep, and would offer to the public a few select stock sheep, for the superiority of which reference may be had to Silas H. Jennison of Shoreham, of Asa Chapman of Middlebury, Rockwood of Bristol, Azel Chipman of Shoreham, S. H. Walker and P. Ellitharp of Bridport, Hollet Thorn Addison, all of whom have improved from my flock. I would say that in my humble opinion, in weight and clean fine wool combined together they cannot be surpassed in this northern section. Gentlemen do not be so blind that you will not call at my residence in Shoreham and judge for yourselves.

Likewise have succeeded in procuring a few *Prime Pauler Merino Stock* sheep with which I should be pleased to accommodate any who should wish to improve that kind.

HORATIO BIRCHARD.

Nov. 1. 1843. 27.

A last token of respect to departed friends.

THE subscriber has made a contract with Mr. Willson of the firm of Way, Willson & Collins, who own the well known quarry of marble in East Dorset, Vt., by which he is enabled to furnish

GRAVE STONES

for all who may want them in this region.—These stone are superior to any know in the United States, and are fast obtaining a preference in Boston, New York, and Philadelphia, to which cities large quantities have been sent. They are pure white marble, and so translucent that an inscription may be read in the night by placing a candle on the side of the stone opposite to it. They are also remarkable for durability. The slabs may be of any suitable size required, and free from flaws and flashes. I have contracted with Mr. Nelson I. Sanford, of Dorset, a skillful artist, to finish and letter them according to directions. These stone may be seen at the Graveyard near my residence in Shoreham, and reference is given to Hon. Silas H. Jenison, and John Simonds, in Shoreham, L. D. Gregory, Weybridge. Mr. Hines, Brandon, and Ira Allen, and Asa Chapman Middlebury.

The subscriber will likewise furnish stone from any quarry in this neighborhood. His prices will be low as can any where be obtained. HORATIO BIRCHARD.

Read! Read!

FIRST, read the Deaths, then turn to the Medical Department of this paper and read as for life. Then call quickly on the subscribing agent who has the cure on hand for all your maladies, and remember delays are dangerous.

HAVE YOU A COUGH?—Do not neglect it; thousands have met a premature death for the want of a little attention to a common cold.

Have you a Cough?—DR. JAYNE'S EXPECTORANT, a safe medical prescription, containing no poisonous drugs, and used in an extensive practice for several years, will most positively afford relief, and save you from that awful disease PULMONARY CONSUMPTION, which annually sweeps into the grave hundreds of the young, the old, the fair, the lovely and the gay.

Have you a Cough?—Be persuaded to purchase a bottle of this Expectorant. TO-DAY! To morrow may be too late.

Have you a Cough?—Jayne's Expectorant is the only remedy you should take to cure you.

For this plain Reason, That in no one of the thousand cases where it has been used has it failed to relieve.

DR. JAYNE'S EXPECTORANT—This invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have used it for Asthma, Coughs, Spitting of Blood, Hooping Cough, Croup or Hives, Consumption, Chronic Pleurisy, Hoarseness, Pain and Soreness of the Breast, difficulty of Breathing, and every other disease of the LUNGS and BREAST, can and do attest to its usefulness. BRONCHITIS, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of CONSUMPTION, is always cured by it. The usual symptoms of this disease (Bronchitis) are Cough, Soreness of the Lungs or Throat, Hoarseness, Difficulty of Breathing, Asthma, Hectic Fever, a spitting up of phlegm or matter, and sometimes blood. It is an inflamation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the Lungs.—This Expectorant immediately suppresses the Cough, Pain, Inflamation, Fever, and difficulty of Breathing, and produces a free and easy Expectoration, and a cure is soon effected.

It always cures ASTHMA—two or three large doses will cure the CROUP or HIVES of children in from fifteen minutes to an hour's time. It immediately subdues the violence of HOOPING COUGH and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with "CONSUMPTION," have been restored to perfect health by it.

ONLY GIVE IT A FAIR TRIAL.—We ask no more of any one than to give Dr. Jayne's Expectorant a fair trial, and if it does not cure the various diseases for which it is recommended sooner or more effectually than any other medicine that has ever been offered to the public, the proprietor is willing to undergo any penalty, however, severe, the public may see proper to impose upon him. It has, it will, and it can cure coughs, colds, asthma, bronchits, bleeding from the lungs or throat, whooping cough; croup, and a very large majority of the most hopeless cases of consumption, when physicians and their prescriptions fail to do any good. Again we say, try it. It will not harm you, but must and will po you good. It is prepared only by Dr. D. JAYNE, No. 20 South Third street, Philadelphia, and No. 305 Broadway, New York. Price $1 per bottle.

IS THERE BALM IN GILEAD?—Was the pathetic exclamation of the prophet of Israel as he beheld the degradation and miseries of his people—and does not the heart of the philanthropist move with emotions of commiseration and sorrow as he witnesses the hopeless and helpless condition of thousands dying all around him with Consumption, and other pulmonary affections, and to ask, "is there no balm that can heal them?" nor physicians to rescue them from death? Yes, there is a balm that will heal them, and at once arrest those fatal diseases and restore them to health. It is found in JAYNE'S EXPECTORANT, which never fails to relieve.

It is prepared by Dr. D. Jayne, 305 Broadway, New York, and 20 South Third street, Philadelphia.

Price, $1 per bottle.

WORMS! WORMS! WORMS!—JAYNE'S TONIC VERMIFUGE.—This Vermifuge is perfectly safe, and so pleasant that children will not refuse to take it. It effectually destroys worms, neutralises acidity or sourness of the stomach, increases the appetite, and acts as a general and permanent tonic, and is therefore exceedingly beneficial to intermittent and remittent fevers, indigestion, &c. and is almost a certain cure for fever and ague, and what is of more importance it does it permanently.

It not only destroys worms and invigorates the whole system, but it dissolves and carries off the superabundant slime or mucus, so prevalent in the stomach and bowels of children, more especially of those in bad health. This mucus forms the bed or nest in which the worms produce their young; and by removing it, it is impossible for worms to remain in the body.

It is harmless in its effects on the system, and the health of the patient is always improved by its use, even when no worms are discovered.—Numerous certificates of its usefulness have been received, which the proprietor does not consider necessary to publish.

Josiah Thompson, near Salem, N. J., administered this Vermifuge to a child between two and three years old, and says that in a few days she discharged one hundred and thirty seven large worms.

Mr. Joseph A. Lentz, of the Penn Township Savings Institution, Philadelphia, gave it to one of his children; and says that after the sixth dose it brought away about fifty worms at one, five and six inches long.

Mr. Ferdinand Woodruff used two bottles of this Vermifuge for dyspepsia, and in the course of two weeks discharged upwards of thirty pieces of tape worm, and was thereby perfectly cured.

Another gentlemen of this city had it administered to his little daughter about three years old, when she had a number of discharges from her bowels, composed entirely of little white thread worms. He says they came away from her not only by hundreds, but I may say by thousands separately and in solid balls as large as hickory nuts, composed entirely of dead worms.

Sick Headache—Many ladies and gentlemen have found this Vermifuge to be a permanent cure for sick headache.

Piles—Numerous cases of piles have been perfectly cured by the use of this valuable Vermifuge.

Finally, what the public have long desired, a medicine of this kind, which might be depended upon, prepared by a regular physician, is now offered to them, and can be had of Dr. Jayne, No. 20 South Third street, Philadelphia, and at his office No 305 Broadway, New York.

BALDNESS AND LOSS OF HAIR.—Is caused by a want of healthy action on the vessels which throw off perspiration from the head. When these vessels are weak or diseased, the perspiration is thick and clammy and adheres to the mouths of the pores and clogs them up, and dries and forms scurf or dandruff. Less blood is then carried to the roots of the hair, and for want of which the hair has not sufficient nourishment, and consequently becomes dry and harsh, and begins insensibly to fall off which continuing to increase, eventually produces baldness. Restore the capillary vessels of the head to their former healthy circulation, and a fine silky new hair will make its appearance which will increase in quantity and volume until the hair becomes thick and healthy.

Jayne's Hair Tonic is the only preparation that has ever been known to produce new Hair on Bald Heads, which it has done in innumerable instances, and will seldom fail, if properly and perseveringly used. Prepared only by Dr. D. Jayne.

BALD HEADS AND HARD HEADS frequently unite in the same individual; that is, persons predisposed to early Baldness are apt to be firm, and too often self willed and stubborn. JAYNE'S HAIR TONIC, is the very thing for removing the first, but what influence it may have on the latter remains to be tested by experience. Is it not, however, worthy of a trial? Ladies who have husbands possessing either Bald or Hard Heads, are invited to make a liberal application of this Tonic to the heads of their lords, and if it do not make them more flexible and manageable will at least restore their hair and add much comfort and beauty of the gentleman.

JAYNE'S SANATIVE PILLS,—These Pills may be taken at all times, and are beneficial in nearly all diseases. They have been a favorite prescription of the proprietor for all obstructions of the Liver, Spleen, Kidneys, Uterus, and all other Organs of the body—Inflammatory, Intermittent, Remittent Billious, and every other form of Fever—Jaundice and Liver Complaint. For Dyspepsia they are really an invaluable article, gradually changing the vitiated secretions of the stomach, and producing healthy action in that important organ. They are very valuable for diseases of the skin, and for what is commonly called "impurity of the blood;" also for Female Complaint., Costiveness, &c. &c.—and in fact every disease where an Aperient, Alterative or Purgative medicine is required.

☞ FOUR FIFTHS of the numerous and distressing cases of DYSPEPSIA POSITIVELY CAN BE CURED by a persevering use of this valuable SANATIVE.

They are expressly prepared to be used as an Aperient, when purging is necessary, while, using his Expectorant, and for the removal of Obstructions in the Liver, which is often an attendant on some of the diseases of the breast. Full directions with each box.

Also JAYNE'S CARMINATIVE BALSAM, a certain cure for BOWEL AND SUMMER COMPLAINTS, DIARRHŒA, DYSENTARY, CHOLIC, CRAMPS, SICK AND NERVOUS HEADACHE, SOUR STOMACH, CHOLERA MORBUS, and all derangement of the STOMACH and BOWELS.

All of the above Medicines are for sale by SIDNEY MOODY, AGENT.

Children Cry.

FOR SHERMAN'S LOZENGES, and well they may, for they are as pleasant as the best Peppermint Candy, and possess all the properties requisite for curing them when sick. Dr Sherman is an experienced Physician, and a member of the Medical Society of the city of New York, and has abandoned a large and lucrative practice to enable him to introduce Medicine in this pleasant form. Five year's experience, and the consumption of one hundred and twenty-six tons of his Lozenges, has placed them beyond doubt or uncertainty.

WORMS CAUSE DEATH,

And many suffer for months, and even years, from them, without suspecting the cause. They may be known by a bad breath picking at the nose, gnawing at the stomach, paleness about the lips and flushed cheeks, starting in sleep, grinding of the teeth, pain in the stomach, belly, and joints, flashes of heat, chills, drowsiness, headache, fitts, bad bad taste in the mouth, dry cough feverishness, voracious appetite, leanness, itching of the arms &c. The multitude of cases these Lozenges have cured is almost incredible & a failure has never been known.

MY HEAD WILL SPLIT

Is often said by those who are subject to a headache. Sherman's Camphor Lozenges will cure any case, no matter how bad in ten minutes. They cure Palpatation of the heart, sea sickness, lowness of spirits, debaudency, fatigue and most nervous diseases in that short space of time They dispel all the distressing symptoms of a night's dissipation, keep up the spirits, and enable a person to undergo great mental and bodily toil. They enabled Geo. Washington Dixon to walk 72 hours without rest or sleep. He said he could not have done it without them.

MY COUGH WILL KILL ME

Say many, and still they go on neglecting it till the grave swallows them up. Sherman's Cough Lozenges will immediately allay all ordinary cases. They cure the most obstinate, recent ones, in a few hours, and never fail to do so. In Asthma, whooping-cough, cough attending measles, and tightness of the chest they give instant relief. In Consumption, where death has not set his seal, these Lozenges will restore the bloom to the haggard cheek and health to the otherwise lost patient. They have cured a great many persons that had been given up by their physicians and friends. Their celebrity for curing Coughs and Colds so quick and easily is known throughout the civilized world, and the demand for them is beyond the conception of all. Only think of five or six Lozenges, as pleasant to the taste as a common sugar plumb, curing the most distressing Coughs in less than thirty minutes.

RHEUMATISM & LUMBAGO

Pain and weakness in the breast, side, back or any part of the body, Female Weakness, falling of the Womb, Piles, &c, cured by Sherman's Poor Man's Plaster, which costs only 12 1-2 cents. Applied to corns, it draws them out by the roots without the least pain. When such men as the Hon Aaron Clark, Hon ED J Porter, Hon B B Beardsley, Rev Darius Anthony, Rev Sebastian Streete, Rev Mr Handcock, Doctors Mott, Rodgers, Smith and Vanderpool, Col C S Bemon and Major Upham lend their sanction with thousands of others that have been cured by using sherman's Lozenges, none can doubt their great and unquestionable virtues. 48—y1

An experience of about fifteen years has proved, beyond a doubt, that this Vermifuge is a certain and never failing cure for worms.

Since it was first put before the public, many worthless preparations have been forced into sale which have had their day, and are now counted as so much trash, ☞ whereas B. A. Fahnestock's Vermifuge is daily increasing in popularity, owing to its intrinsic worth. It has only to be used according to the directions, and if worms exist, they will certainly be expelled from the system. The price is 25 cents per bottle, which brings it within the means of all. Be sure to get B. A. FAHNESTOCK'S Vermifuge, and avoid all other articles which are said to be as good, as none of them have the virtues of the genuine article.

Whitely, Green Co., Pa., May 11, 1843.

Mr. A. B. Fahnestock & Co.:

Dear Sir—I have been using your Vermifuge in my practice for a number of years, and find it the most safe Worm destroyer that I ever had.

I was called to a child six or seven years old, in May, 1842, which was then in spasms with the worms. I gave it a vial of your Vermifuge, agreeably to direction, and the child passed 440 worms. In a few weeks, I gave it another vial, and it passed 200 more, making in all 640 worms. The child recovered immediately, and has enjoyed good health ever since.

I have prescribed it in many other cases, in which it has brought away 200 and 300 worms.

JONATHAN MORRIS.

Caution!

Be very cautious to get the genuine B. A. Fahnestock's Vermifuge, and put no confidence in the statement made by Comstock & Co., that KOLMSTOCK'S is the same as Fahnestock's. It is not the same, and does not possess the virtues of our excellent remedy.
