FINANCIAL AND COMMERCIAL.

MONEY AND STOCKS.

New York Financial Market.

NEW YORK, April 4.—Money—On call is easy at 1 per cent, closing at 1 per cent.

Prime Mercantile Paper—4@5 per cent.

Bar Silver—1 06¾.

Foreign Exchange—Quotations are unchanged at 4 84¾@485¼ for actual business, published rates being 483¾@488. There is, however, no business doing.

Government Bonds—Are quiet, strong and unchanged. There was, however, a sale of registered 4 per cents, at 121¾.

State Securities—Wery dull and without quotations.

Railroad Bonds—The market has been more active this afternoon, especially so for Erie seconds, which have continued weak, while Nickel-Plates are strong, and the rest of the list irregular.

This has been one of the dullest days on the Stock Exchange for years. The total sales were only 71,000, of which one-half were made in the first hour. Lackawanna, 30,000, and Pacific Mail, 12,000, were the only stocks amounting to 10,000 shares during the day.

This extreme inactivity is to be attributed partly to the fact that the Stock Exchange did not open until 11 o'clock this morning and that the day fell between two holidays, and in part to the waiting disposition manifested by speculators who fail to show any confidence in present prices.

Final quotations in a majority of cases show gains of ⅛ to ⅝ per cent, the latter the Union Pacific. Comparing the prices of this evening with those of a week ago, most stocks show declines ranging from ⅛ to 1⅝ per cent., the latter the Union Pacific. Pacific Mail is down 1¼; Lake Shore, 1⅛; Northern Pacific preferred, 1⅛, and other stocks less than 1 per cent. The only remaining stocks which show gains are Northwestern and St. Paul, each of which is up ¾ per cent.; Central of New Jersey, ⅝; Missouri Pacific and Canadian Pacific, each ½ per cent.

The total sales of the week—five days—were only 739,700 shares, against 1,605,000 shares last week, consisting of six days.

COMMERCIAL.

The dry goods market displayed a fair activity and there was a better and generally firmer feeling. The grocery market is still rather quiet, though the aggregate of the week's business shows a fair volume. Dried fruits, canned goods and fish did a tolerably fair week's business. Butter and cheese are weak and declining. Eggs have ruled very dull for the season.

GRAIN.

Wheat—Under light receipts all good milling grades will readily bring full quotations, and feeling is steady. Futures dull.

Corn—We note an active local market: all cash offerings in good request. While prices are a shade lower for some grades, yet the general tone of the market is good. Sales of ten cars of April delivery were made on call at 40c. Extreme futures are dull and not wanted. Receipts fairly liberal.

Oats—Firm at quotations. Under light offerings all grades are in good local demand.

The following table shows the receipts of grain at this point for the past twenty-four hours:

Review of the British Grain Trade.

LONDON, April 4.—The Market Lane Express says: The fine weather is favorable to spring sowings. Flour is in increased demand for consumption. Foreign wheat has declined, owing to the prospect of a continuance of peace between England and Russia, the probability of abundant crops and the large quantity of breadstuffs afloat. The trade in cargoes off coast is sluggish. There were twelve arrivals and two sales. Eleven cargoes remain. The week's business has been generally of a holiday character.
