Fourth of July Arrangements.—APPEAL TO THE COUNTRY IN BEHALF OF THE WASHINGTON NATIONAL MONUMENT.—FELLOW-CITIZENS: The Monument so nobly undertaken by a few of our patriotic countrymen to commemorate the worth and services of the Father of the Country, having reached the work and services of the Father of the Country, having reached 154 feet of the 517½ according to its plan, at a cost of about $260,000, needs your prompt and zealous support to raise funds, now nearly exhausted, to carry it on after the present month of June. Unless contributions are made this great National Work must be discontinued, if the Board of Managers, who render their services gratuitously, do not incur a debt upon their own responsibility. Is their patriotism to be so taxed, or shall this work, begun in patriotism, be a monument of national disgrace? Surely, there are a sufficient number of noble-hearted patriots in the land to prevent this.

Nothing but a small contribution from all, in proportion to their means, if only from a dime to a dollar each, is wanted for the completion of the Monument. The question is asked, will not such a contribution be made by every one? Will the people of this great country leave to a few the honor, after long years of trial and toil, of erecting a Monument worthy of the great and good Washington; or shall it be a National Monument from the whole people? That the Monument should stop short of one third of the plan proposed, no patriotic citizen can believe.

But the time for making contributions can be no longer delayed. Let every citizen ask himself, How can I be discharged my obligation toward the Father of my country? Have I contributed my share to the Monument to be raised in his honor? If not, let him at once make his contribution, however small. Let it be made singly, or by associations. But be sure it be made. Delay is hazardous to the great undertaking.

The Fourth of July being a day devoted to patriotism, contribution boxes will be placed on that day at the following hotels, viz: Metropolitan, St. Nicholas, Prescott, Irving, Astor, Collamore, Florence's, French's, Carlton, Taylor's and Thompson's Saloons. Also, boxes in the Park, the Battery, and at the Brooklyn, Williamsburg, Staten Island, Jersey City, and Hoboken Ferries. Also, at the Crystal Palace.

The Board of Managers confidently trust that this appeal will not be made in vain.

"Of all the humorists, Hood was the most practical. There is hardly a verse in which some touches of heart, or some play of fancy, did not beckon the laughing reader into far other worlds than the jester's." [London Athenæum.

"Where can be found a speedier remedy for the 'blues' than in any of Tom Hood's works?" [Worcester Palladium.

"He who has not yet read Tom Hood, and felt himself transported into a new world, where the most brilliant wit, contents for master and the keenest sense and the most profound wisdom, may congratulate himself upon yet having reserved for his future enjoyment a new pleasure." [Cincinnati Atlas.

"In these days, when cares rather about us, we are ready to welcome a volume by Hood as the best
