FINANCIAL AND COMMERCIAL.

MONEY AND STOCKS.

New York Financial Market.

NEW YORK, April 9.—Money—On call continues easy at 1 per cent. Closing at 1 per cent.

Prime Mercantile Paper—4@5 per cent.

Bar Silver—Unchanged at 1 06½.

Foreign Exchange—Is quiet and steady: actual business is done at 484¾@485¼.

Government Bonds—Are quiet and quotations unchanged, except for 3 per cents., which are up ¼ per cent.

State Securities—Are quiet, and Alabamas generally a shade lower. Others steady.

The railroad bond market was strong, and the business was pretty well distributed. The total sales were $1,569,000, but of this Erie seconds, new, contributed $770,000, leaving $799,000 for the remainder of the issues traded in. Prices are generally higher.

The stock market opened strong and excited this morning on the European war news, and in the early dealings there was a rush by the shorts to cover. First prices were generally from ½ to 1 per cent. higher than the closing quotations last evening, and a further gain of ¾ to ½ per cent. was made during the first half hour. This was followed by a slight reaction and some hesitation, the Vanderbilts and Pacific stall showing the greatest weakness, while the Grangers remained strong. The street was very much puzzled over the somewhat conflicting reports from London, which showed that the British and Russian consols were very weak, while the governors of the Bank of England, who met to day, failed to make any change in the rate of discount —5½ per cent.

It was claimed that if the situation was in fact serious, one of the first acts of the governors would be to increase the discount rates, but against this was the admitted fact of the heavy decline in the British Government securities with an advance at the same time of the better class of American securities

The only potent influence throughout the day on the market was the news that was received from Europe regarding the prospects of war, and as this news continued to indicate the probabilities that a declaration of war was inevitable, prices rallied soon after midday and continued strong, with active trading in some of the leading stocks.

The total sales for the day were 837,441 shares, an increase over yesterday of 175,000 shares, but of to-day's business seven stocks monopolized 79 per cent., in the order named—Northwestern, Pacific Mail, St. Paul, Lake Shore, Lackawanna, New York Central and Union Pacific.

Prices this evening are within a small fraction of the highest of the day, as a rule, and generally from ½ to 2½ per cent. higher than they closed yesterday, not a single stock on the active list showing a decline. Later in the afternoon there were rumors that the Bank of England had changed the rate of discount, and also that a formal declaration of war between England and Russia had been made. The argument of the street is that a declaration of war will cut off grain, petroleum and other supplies from Russian ports, which must thereafter be obtained largely from this country, and that conservative investors will also seek the better class of American securities in preference to those of a country engaged in war.

New York Central opened up 1¾ per cent. at 89¾ and in the early dealings touched 90 but sold down to 89½ regular way and 88 for sixty days. Lake Shore sympathized with the movement by selling at 69, and then at 59¾, from which it declined to 59, and rose, closing at 60½, but 1¼ per cent. higher than yesterday. The point was very freely circulated that the grangers would be among the first to feel the effects of an improvement following an European war, and Northwestern, which opened ½ per cent. higher, at 95, was strong during most of the day, selling at 96⅝, and in the last hour it declined to 96, but closed at 96¼, a gain of 1¼ per cent. St. Paul is 2⅝ per cent. higher, at 71¼, after opening with an advance of ⅞ per cent., at 69¾, and selling as high as 71½. Pacific Mail sold first at 57, declined during the afternoon to 50½, and then advanced steadily to 52¾, and closed 2¼ per cent. higher at 52½. Union Pacific shows a gain of 1¼ per cent at 49⅝, after selling as high as 44¼. Central Pacific is up ¼ per cent. at 32, the highest price of the day. Northern Pacific common gained ⅞ per cent. at 17⅞, and the preferred 1¼ at 40. Lackawanna is 1¾ per cent. higher at 106, which is within ⅛ of the highest price reached. Western Union rose to 57¾ and closed 1¾ per cent. higher at 57¾. Chicago, Burlington and Quincy is up 2¾ per cent. at 83¼. Missouri Pacific 1 at 96⅝. Louisville and Nashville 1⅛ at 31⅞, Delaware and Hudson 1¼ at 80⅝. New Jersey Central 1¼ at 35¼, and Oregon and Transcontinental ¾ at 12.

Transactions to-day 337,000 shares, of which 34,000 were Lackawanna, 40,000 Lake Shore, 53,000 Northwestern, 7,000 New Jersey Central, 29,000 New York Central, 44,000 Pacific Mail, 45,000 St. Paul, 28,000 Union Pacific, 15,000 Western Union, and 13,000 Northern Pacific.

The weekly statement of the Bank of France shows a decrease of 82,000 francs in gold, and an increase of 10,000 francs in silver.

COMMERCIAL.

Jobbers of dry goods report sales rather better, coupled with a better feeling among dealers as the weather brightens and the prospects for spring increase, giving promise of genially warm days after awhile. Prices are steady, although there is more or less cutting to secure favorite customers. Groceries are steady at quotations, with a very fair demand for the same. Dried fruits and canned goods are not quite so active as they have been. Fish are in good demand with ready sale. Eggs, poultry, etc., remain steady and unchanged.

GRAIN.

Wheat—Firm and higher. Owing to the news of the war and weather reports the markets are wild and excited all along the line, and prices show an advance of 4@5c. Sellers of all grades are very scarce. New York is 4½c higher; Baltimore and Chicago 5c higher.

Corn—This market is also higher and excited, in sympathy with wheat, but sellers being little more numerous, the bulls were not so wild and prices stayed within the range of 1c advance over yesterday's quotations. New York 2c higher, Baltimore and Chicago the same.

Oats—Firmer and active. Under light receipts the demand is good.

The following table shows the receipts of grain at this point for the past twenty-four hours:

The appreciation in the market for the regular
