MONEY AND STOCKS.

New York Financial Market.

NEW YORK, April 10.—Money—On call continues easy at 1 per cent. Closing at 1 per cent.

Prime Mercantile Paper—4@5 per cent.

Bar Silver—106¾.

Foreign Exchange—Is quiet and steady at unchanged quotations; actual business is done at 484¾@486¼.

Government Bonds—Are quiet but firm at unchanged quotations.

State Securities—Slow; a little more activity, with price firm, except for Tennessees, which are heavy.

Railroad bonds have been active and prices generally maintained.

The stock market continues subject to the latest European war news. The opening prices to-day were generally from ¼ to ½ per cent. lower on account of a general impression that the outlook for a peaceful solution of the difficulties between England and Russia were more favorable and the advance in London of the price of British consols. Some activity was developed by an effort on the part of the speculators, who saw a profit in the current quotations to realize, but after the first hour the market became very dull, and fluctuations were generally within extremely narrow limits. Lake Shore and Union Pacific were pressed for sale, however, and the tendency of the other comparatively active stocks was to find slightly lower quotations, which continued until shortly before 3 o'clock, when a slight rally occurred and the market closed dull and steady at quotations, which, in most cases are ¼ to ½ per cent. higher than the lowest of the day. To this, however, there were several exceptions in which the lowest of the final figures are the same. There is a prevalent belief that the troubles between England and Russia will assume a more definite shape in a very short time, and in the meantime speculators are simply waiting. Although the street is much divided as to the ultimate effect of war between those countries upon our securieies for the time being belligerent news is hailed as an assurance for a general advance in prices, not only of the better class of railroad securities, but, also, the products of our soil, and of many manufactured articles, while reports of a peaceful character tend to drive the market back into the rut in which it has been running for so long a time. The sales to-day were only 156,000 shares, a decrease from yesterday of 183,100 shares, and of to-day's business 47 per cent. consisted in transactions in Lake shore, Lackawanna and Northwestern. On no other stock did the total sales amount to as much as 15,000. Lake shore opened at 59⅞, and after selling at 59⅝, broke in the morning to 59. After midday a drive was made at this stock, which depressed the price to 58⅝, but in the last hour there was a rally on a limited business to 58⅞, a net decline as compared to last evening of 1¼ per cent. Union Pacific was also pressed for sale in the afternoon, and the price, which opened at 43¾ and touched 43 in the morning, fell to 42¼. In the final rally, however, it rose to 42¾, and closed at 42⅝, a loss of 1 per cent. Lackawanna sold from 106 down to 101½, and closed at 105, a decline of 1 per cent. C., B. and Q. is 1¼ per cent. lower at 121, and Louisville and Nashville is 1 per cent lower at 30⅞.

The losses for the remainder of the list are less than 1 per cent. The Executive Committee of the Oregon Railway and Navigation Company has decided to recommend the usual dividend of 1¼ per cent. quarterly, but in view of the snow and ice prevailing along the line of the road during the winter, the resolution recommends payment be made one month later than usual.

Transactions to-day 156,000 shares, of which were Lackawanna 23,000, Lake Shore 23,000, Northwestern 2,200, New York Central 11,000, Pacific Mail 14,000, St. Paul 15,000, Union Pacific 11,000, Western Union 6,000.

COMMERCIAL.

A fairly satisfactory movement in dry goods is being transacted by jobbers. No quotable change in prices has been made for some time. Groceries are in fair demand, but business is not rushing. Dairy products have not improved—both butter and cheese being weak and slightly declined. Eggs remain steady and unchanged. Poultry about the same.

GRAIN.

Wheat—Local markets show very little change from yesterday—ours not being a speculative market the fluctuations are not so noticeable as at other points. Receipts light, the farmer considering plowing of more value and importance at the present time than hauling grain to market. Markets at other points have declined somewhat from the sharp advance of yesterday, and at noon New York was 1⅛c off, Baltimore 1@1¼c lower and Chicago ¾c off.

Corn—Active at quotations in local circles, with good demand for cash deliveries. Arrivals very light. Futures dull and very little wanted. New York and Baltimore at noon were steady, while Chicago was ¾c higher.

Oats—Firm and active. Under light receipts inquiries were confined to cash shipments.

The following table shows the receipts of grain at this point for the past twenty-four hours;
